Barrio Gangs is the most comprehensive academic case study of barrio group dynamics in a major Texas city to date. This is a sociological work on the history of barrio gangs in San Antonio and other large Texas cities to the present day. It examines the century-long evolution of urban barrio subcultures using public archives, oral histories, old photos, and other forms of qualitative data. The study gives special attention to the barrio gangs' "heyday," from the 1940s through the 1960s, comparing their attributes to those of modern groups. It illustrates how social and technological changes have affected barrio networking processes and the intensity of the street lifestyle over time.

Intergenerational shifts and the tension that accompanies such changes are also central themes in the book. Few other places are so conducive to such historical exploration as is San Antonio. Street ignobility in the barrio no doubt mirrors processes found in other Chicano communities in Texas and the Southwest. The gang contexts in major Chicano population centers have lengthy historical bases rooted in weak opportunity structures, oppression, and discrimination. This work shows that participation in street violence, drug selling, and other parts of the informal economy are functional adaptations to the social structure; the forces propelling the formation of barrio gangs are not temporary social phenomena.

Word and Image in Japanese Cinema Penguin

An unrivaled visual guide to the cityscapes and buildings of the most celebrated and influential anime movies. Anime has been influencing cinema, literature, comic books, and video games around the world for decades. Part of what makes anime so popular are the memorable and breathtakingly detailed worlds designed by the creators, from futuristic cities of steel to romantic rural locales. Anime Architecture presents the fantastic environments created by the most important and revered directors and illustrators of Japanese animated films, such as Hideaki Anno, Koji Morimoto, and Mamoru Oshii. Unprecedented access to vast studio archives of original background paintings, storyboards, drafts, and film excerpts offers readers a privileged view into the earliest stages of conception, development, and finished versions of iconic scenes from critically acclaimed movies such as Akira, Ghost in the Shell, Metropolis, and more. Revealing the secret creative processes of these major anime studios, Anime Architecture is perfect for anyone touched by the beauty and imagination of classic anime, offering inspiration for artists, illustrators, architects, designers, video game makers, and dreamers.

**One Piece, Vol. 28** Routledge

Andersen's bittersweet fairy tales propelled their troubled author to international fame and revolutionized children's writing.

**The Adventures of Maya the Bee** Dorling Kindersley

Meet ten-year-old Lord of the Rings nerd Jason Fox and his high-school freshman sister, Paige. Jason can't believe he and his sister are both vying for front-row seats to the release of the movie. There's no denying that things will never be the same with heartthrob Orlando Bloom's involvement in Jason's favorite

series. Don't forget their underachieving older brother, Peter. With three strong adolescent personalities in one household, colorful stuff often hits the fan; dad Roger usually ducks to avoid it, while mom Andy tries to keep it from staining the rug. Orlando Bloom Has Ruined Everything lampoons memorable moments from 2003 and 2004, such as the East Coast blackout. In the FoxTrot version, an "ink outage" renders several days' strips only partially drawn. "I called Funky Winkerbean. He says the ink's out over the entire grid," Jason reports. In another series of strips, Jason's latest money-making scheme involves creating an animated film to rival the box office blockbusters of Pixar and Dreamworks: "It's the tender story of a leech's search for his missing son. I'm calling it Finding Hemo. The success of FoxTrot has yielded consequences creator Bill Amend may never have imagined. The strip has been used as a question on the game show Jeopardy! and as an answer in the New York Times crossword. It's a fitting irony that FoxTrot has become a fixture of pop culture, the very phenomenon it parodies with such keen wit. Queens 2009 Routledge

From the Golden Book archives comes a Hans Christian Andersen fairy tale, gloriously illustrated by Gordon Laite in the late 1960s but never published until now! Gordon Laite's breathtaking artwork for a Little Golden Book edition of the Andersen fairy tale was found recently in the Golden Books archive. Planned for a 1970 release but never published, this Little Golden Book is finally making its debut for today's fairy tale fans! And it couldn't be a lovelier retelling of the story of a determined princess whose loyalty saves her brothers from being turned into swans by an evil queen.

Samurai from Outer Space Library of Alexandria

Why are Westerners of all ages now so fascinated by Japanese animated films, movies made purely by Japanese animators for Japanese audiences? The U.S. audience for Japanese animation ranges from millions who don't even know that what they're watching is Japanese, to the growing anime cult, with anime fan clubs on almost every college campus, as well as anime fan magazines and social anime sections in video stores. In *Samurai from Outer Space*, Antonia Levi uncovers the hidden meaning of Japanese animation: the symbols and stories drawn from Shinto, Buddhism, and Japanese art - the things that Western viewers will overlook unless they are pointed out. With 20 color illustrations, *Samurai from Outer Space* is both an introduction for beginners and a goldmine of information for the already addicted.

Through the Last Door VIZ Media LLC

Once upon a time a violent, mean, selfish Tyrannosaurus roamed the land, and all the other animals feared him. One day, while chasing other animals, the Tyrannosaurus falls into the ocean. The Elasmosaurus, who lives in the sea, saves his life, and the

Tyrannosaurus says "thank you" for the very first time. From that day, the land creature and the sea creature become best friends. The author, Tatsuya Miyanishi, delivers a heartwarming story about friendship with vivid, brightly colored illustrations and endearingly drawn characters.

Boy on a Pony Columbia University Press

Take a thrilling journey to Dinosaur Land in this adorable, imaginative picture book that dinosaur enthusiasts will love.

**Orlando Bloom Has Ruined Everything** Createspace Independent Publishing Platform

*Word and Image in Japanese Cinema* examines the complex relationship between the temporal order of linguistic narrative and the spatiality of visual spectacle, a dynamic that has played an important role in much of Japanese film. The tension between the controlling order of words and the liberating fragmentation of images has been an important force that has shaped modern culture in Japan and that has also determined the evolution of its cinema. In exploring the rift between word and image, the essays in this volume clarify the cultural imperatives that Japanese cinema reflects, as well as the ways in which the dialectic of word and image has informed the understanding and critical reception of Japanese cinema in the West.

**One Piece, Vol. 99** VIZ Media LLC

Demons like Rara are supposed to cause mischief in the mortal world and draw humans to darkness. They're not supposed to help mortals and they're definitely not supposed to fall in love with them! But that's just what happens when Rara enters high school, where a hot guy named Retsu Aku calls her "Gaba Kawa"! While demons gain power by causing mischief, the opposite is

also true--if Rara uses any of her powers to help mortals, she'll immediately lose that very power. If she loses enough power, she'll disappear! Poor Rara. What's a "Gaba Kawa" demon to do?

Originally published in Japan in 2010 by Poplar Publishing Co., Ltd.

*Fandom Unbound* Japan Times Publishing, Limited

This volume is the first work in either English or Japanese to offer

a comprehensive explanation and analysis of the principles of the Noh theatre. The book painstakingly outlines both physical and intellectual aspects of Noh, its technical principles and its philosophical perspectives, unknown until now.

The Wild Swans National Geographic Books

*Animation: Genre and Authorship* explores the distinctive language of animation, its production processes, and the particular questions about who makes it, under what conditions, and with what purpose. In this first study to look specifically at the ways in which animation displays unique models of 'auteurism' and how it revises generic categories, Paul Wells challenges the prominence of live-action moviemaking as the first form of contemporary cinema and visual culture. The book also includes interviews with Ray Harryhausen and Caroline Leaf, and a full timeline of the history of animation.

**Barbapapa** Andrews McMeel Publishing

The occasion of a birthday provide the opportunity to look back at the long days spent waiting patiently for the baby to be born, the special day it arrives, and the miraculous perfection of every stage of its growth. Soft, warm colors and cozy images are accompanied by a spare text that perfectly captures the all-encompassing love parents for their children. This birthday book will resonate with anyone who has loved a child. It is a gift that every child deserves.
