Createspace

Independent  
Publishing

Platform

An explosive  
exposé of

Samsung that  
“reads like a  
dynastic

thriller, rolling  
through three  
generations of  
family

intrigue,  
embezzlement

, bribery,

corruption,

prostitution,  
and other bad  
behavior”

(The Wall  
Street  
Journal).

LONGLISTED  
FOR THE

FINANCIAL  
TIMES AND  
MCKINSEY  
BUSINESS  
BOOK OF THE  
YEAR AWARD  
Based on  
years of  
reporting on  
Samsung for  
The  
Economist,  
The Wall  
Street Journal,  
and Time,  
from his base  
in South  
Korea, and his  
countless  
sources inside  
and outside  
the company,  
Geoffrey Cain  
offers a  
penetrating  
look behind  
the curtains of  
the biggest  
company  
nobody in  
America  
knows. Seen

for decades in  
tech circles as  
a fast follower  
rather than an  
innovation  
leader,  
Samsung  
today has  
grown to  
become a  
market leader  
in the United  
States and  
around the  
globe. They  
have captured  
one quarter of  
the  
smartphone  
market and  
have been  
pushing the  
envelope on  
every front.  
Forty years  
ago, Samsung  
was a rickety  
Korean  
agricultural  
conglomerate  
that produced  
sugar, paper,

and fertilizer,  
located in a  
backward  
country with a  
third-world  
economy.  
With the rise  
of the PC  
revolution,  
though,  
Chairman Lee  
Byung-chul  
began a bold  
experiment: to  
make  
Samsung a  
major supplier  
of computer  
chips. The  
multimillion-  
dollar plan  
was incredibly  
risky. But Lee,  
wowed by a  
young Steve  
Jobs, who sat  
down with the  
chairman to  
offer his  
advice,  
became  
obsessed with

creating a tech empire. And in Samsung Rising, we follow Samsung behind the scenes as the company fights its way to the top of tech. It is one of Apple's chief suppliers of technology critical to the iPhone, and its own Galaxy phone outsells the iPhone. Today, Samsung employs over 300,000 people (compared to Apple's 80,000 and Google's 48,000). The company's

revenues have grown more than forty times from that of 1987 and make up more than 20 percent of South Korea's exports. Yet their disastrous recall of the Galaxy Note 7, with numerous reports of phones spontaneously bursting into flames, reveals the dangers of the company's headlong attempt to overtake Apple at any cost. A sweeping insider account,

Samsung Rising shows how a determined and fearless Asian competitor has become a force to be reckoned with. **A History of the Holy Bible, etc** Sons of Cain This 50th-anniversary edition, with a new foreword by the distinguished historian Martin E. Marty, who regards this book as one of the most vital books of our time, as well as an introduction by the author never before

included in the book, and a new preface by James Gustafson, the premier Christian ethicist who is considered Niebuhr’s contemporary successor, poses the challenge of being true to Christ in a materialistic age to an entirely new generation of Christian readers.

Zondervan  
#1 NEW YORK TIMES BESTSELLER • Experience the book that

started the Quiet Movement and revolutionized how the world sees introverts—and how introverts see themselves—by offering validation, inclusion, and inspiration “Superbly researched, deeply insightful, and a fascinating read, Quiet is an indispensable resource for anyone who wants to understand the gifts of the introverted half of the population.”—Gretchen

Rubin, author of The Happiness Project NAMED ONE OF THE BEST BOOKS OF THE YEAR BY People • O: The Oprah Magazine • Christian Science Monitor • Inc. • Library Journal • Kirkus Reviews At least one-third of the people we know are introverts. They are the ones who prefer listening to speaking; who innovate and create but dislike self-promotion; who favor

working on their own over working in teams. It is to introverts—Rosa Parks, Chopin, Dr. Seuss, Steve Wozniak—that we owe many of the great contributions to society. In *Quiet*, Susan Cain argues that we dramatically undervalue introverts and shows how much we lose in doing so. She charts the rise of the Extrovert Ideal throughout the twentieth century and explores how deeply it has come to permeate our

culture. She also introduces us to successful introverts—from a witty, high-octane public speaker who recharges in solitude after his talks, to a record-breaking salesman who quietly taps into the power of questions. Passionately argued, impeccably researched, and filled with indelible stories of real people, *Quiet* has the power to permanently change how we see introverts and, equally

important, how they see themselves. Now with Extra Libris material, including a reader's guide and bonus content

Ballantine Books

The Cain and Abel story is riddled with linguistic ambiguities and narrative gaps. Jewish and Christian interpreters often expanded the story in an attempt to fill

the gaps and answer questions. This book traces the interpretive history of Genesis 4. Boom! Studios Watch the Wrath unfold! Clubs. Mafia. Drugs. Murder. And the man they all know as Scarface, will leave you guessing in book one of this brand new series... Eloped at the age of eighteen. Separated at the age of eighteen. Disappeared at the age of eighteen. This is what

happened to Calla Greer. Her perfect life was shattered on her wedding day when she caught her husband Cain with another woman just hours after they said I do. With her heart broken, she moves across the border to Windsor, Canada to get away from the nightmare she stumbled upon. Hell bent on going to college and fulfilling her dream of becoming a lawyer. After six long years of still being married, Calla

returns to Detroit to have Cain sign divorce papers. Only Cain has changed. He's bitter, angry and for a good reason. At least that's what he's been telling himself for the past six years. Cain Bexley had fifteen minutes to destroy his marriage to protect the woman he loved. He did the only thing he could think of to make her leave. He jumped in bed with a woman. Life at home was a lie. Lives were at

risk. People are not who they seem. Not even Cain's dad or Calla's parents are who they say they are. When Calla shows up begging for a divorce. He shows her exactly who he is and no way in hell will he sign those papers. What happens when six years later she returns? The only woman he has loved. A woman who has changed herself! When all the lies surface will she be able to forgive everyone she

has trusted in her life or will Calla turn to the man who destroyed her?

 Sons of Cain  
 Penguin  
**Elements of universal history**  
 Penguin  
 A masterpiece of Biblical scope, and the magnum opus of one of America's most enduring authors, in a commemorative hardcover edition In his journal, Nobel Prize winner John Steinbeck called East of Eden "the first book," and indeed it has

the primordial power and simplicity of myth. Set in the rich farmland of California's Salinas Valley, this sprawling and often brutal novel follows the intertwined destinies of two families—the Trasks and the Hamiltons—whose generations helplessly reenact the fall of Adam and Eve and the poisonous rivalry of Cain and Abel. The masterpiece of Steinbeck's later years, *East of Eden* is a work in

which Steinbeck created his most mesmerizing characters and explored his most enduring themes: the mystery of identity, the inexplicability of love, and the murderous consequences of love's absence. Adapted for the 1955 film directed by Elia Kazan introducing James Dean, and read by thousands as the book that brought Oprah's Book Club back, East of Eden has remained

vitaly present in American culture for over half a century. The Children's Book Penguin Fans of Mindhunter and true crime podcasts will devour these chilling stories of serial killers from the American "Golden Age" (1950-2000). With books like Serial Killers, Female Serial Killers and Sons of Cain, Peter Vronsky has established himself as the foremost expert on the history of serial killers. In this first

definitive history of the "Golden Age" of American serial murder, when the number and body count of serial killers exploded, Vronsky tells the stories of the most unusual and prominent serial killings from the 1950s to the early twenty-first century. From Ted Bundy to the Golden State Killer, our fascination with these classic serial killers seems to grow by the day. American Serial Killers gives true

crime junkies what they crave, with both perennial favorites (Ed Kemper, Jeffrey Dahmer) and lesser-known cases (Melvin Rees, Harvey Glatman). The Sons of El Topo Vol. 2: Abel Simon and Schuster The book, "" Antiquities of the Jews; Book - I """, has been considered important throughout the human history, and so that this work is never forgotten we have made efforts in its preservation by

republishing this book in a modern format for present and future generations. This whole book has been reformatted, retyped and designed. These books are not made of scanned copies and hence the text is clear and readable. *Giants* Alpha Edition Award-winning journalist Tina Rosenberg spent five years in Latin America-- drinking coffee with hit men and sunbathing with death-

squad financiers--to understand people for whom violence is a way of life. Her six vivid and haunting portraits illuminate the human face of violence, not only in Latin America, but all over the world. A History of Old English Literature Penguin The stunning success of *Reviving Ophelia*, Mary Pipher's landmark book, showed a true and pressing need to address the emotional

lives of girls. Now, finally, here is the book that answers our equally timely and critical need to understand our boys. In *Raising Cain*, Dan Kindlon, Ph.D., and Michael Thompson, Ph.D., two of the country's leading child psychologists, share what they have learned in more than thirty-five years of combined experience working with boys and their families. They reveal a nation of boys

who are hurting—sad, afraid, angry, and silent. Statistics point to an alarming number of young boys at high risk for suicide, alcohol and drug abuse, violence and loneliness. Kindlon and Thompson set out to answer this basic, crucial question: What do boys need that they're not getting? They illuminate the forces that threaten our boys, teaching them to believe that "cool" equals macho

strength and stoicism. Cutting through outdated theories of "mother blame," "boy biology," and "testosterone," Kindlon and Thompson shed light on the destructive emotional training our boys receive—the emotional miseducation of boys. Through moving case studies and cutting-edge research, *Raising Cain* paints a portrait of boys systematically

steered away from their emotional lives by adults and the peer “culture of cruelty”—boys who receive little encouragement to develop qualities such as compassion, sensitivity, and warmth. The good news is that this doesn't have to happen. There is much we can do to prevent it. Kindlon and Thompson make a compelling case that emotional literacy is the most valuable

gift we can offer our sons, urging parents to recognize the price boys pay when we hold them to an impossible standard of manhood. They identify the social and emotional challenges that boys encounter in school and show how parents can help boys cultivate emotional awareness and empathy—giving them the vital connections and support they need to navigate the social

pressures of youth. Powerfully written and deeply felt, *Raising Cain* will forever change the way we see our sons and will transform the way we help them to become happy and fulfilled young men. *Female Serial Killers* Berkley Bronwen Llyr and her sister Kathryn find themselves trying to thwart a Rebel conspiracy that threatens both their lives at the beginning of the Civil War. [The Book of Jubilees](#)

<p>Hachette UK A gripping thriller about a woman who must help cover the tracks of her serial killer sister -- only to discover her sibling isn't the only serial killer in town. Carrie wants a normal life. Carrie Lawrence doesn't need a happily ever after. She'll just settle for "after." After a decade of helping her sister hide her victims. After a lifetime of lies. She just wants to be safe, boring, and not</p>	<p>trekking through the woods at night with a dead body wrapped in a carpet. Becca wants to get away with murder. Becca Lawrence doesn't believe in happily ever after because she's already happy. She's gotten away with murder for a decade and has blackmailed her sister into helping her hide the evidence—wh at more could a girl want? But first they have to stop a serial killer. When thirteen</p>	<p>bodies are discovered in their small town, people are shocked. But not as shocked as Carrie, who thought she knew all the details of Becca's sordid pastime. When Becca swears she's not behind the grisly new crimes, they realize the town has a second serial killer who has the sisters in his sights, and what he wants is . . . Carrie. <i>Ridgeway</i> Currency This FULL COLOR textbook is based on the</p>

premise that God created the world approximately 6,000 years ago. It takes key events from both the Bible and world history and places them into a single time line. Great care is taken to separate fact from myth so that students can clearly understand how history unfolded during the world's first 3,000 years. Photographs throughout the text enhance the student's learning. After

completing the ancient history section, students will embark on a journey through an American history timeline beginning with Native Americans in the 1500s and ending with the Declaration of Independence in 1776. - Multi-level for grades 1 to 6. - Non-consumable. - Chronological timeline. - Biblical worldview. - Integrates both Bible and world history. - American

History timeline - Hands-on learning activities. - Encourages understanding of overall historical timeline. - Covers the history of all continents. *Historical Origins, Comprising "The Chaldaean and Hebrew and the Chinese and Hindoo Origines."* Penguin The mid-twentieth century saw the birth of popular occultism in Europe and the New World,

including an interest in witchcraft. Chief among these was Wicca, a recension of ceremonial magic and nature worship advanced by Gerald Gardner and Alex Sanders, now widely regarded as a religion. However, lesser-known streams of the witch-current thrived the shadows, having older historical roots, and linked to a body of practice - witch-bottles, knotted cord

spells, curses, exorcisms, sexual magic, and charms ranging from the conjuration of angels to protection for livestock and hearth. This is Traditional Witchcraft, whose origin in part lies with the sorcery of the cunning-folk of Britain and Colonial America. Eschewing the popular occult limelight, its perpetuation as a mystery-cult continues as a largely closed group of initiates. Now revised and

expanded, the second edition of CHILDREN OF CAIN is the definitive history of Traditional Witchcraft and its key operatives in Britain and the United States, and is based on over forty years of research and private collaboration with practitioners of this mysterious form of folk magic.

**American Serial Killers**

John Wiley & Sons  
Recounts the 1866 Fenian invasion at Ridgeway

where Canadians were greatly outnumbered by the eight hundred insurgents and why the events of that day were covered up by the Macdonald government. Christ and Culture Vintage Canada From the author of Serial Killers: The Method and Madness of Monsters comes an in-depth examination of sexual serial killers throughout human history, how they evolved,

and why we are drawn to their horrifying crimes. Before the term was coined in 1981, there were no "serial killers." There were only "monsters"--killers society first understood as werewolves, vampires, ghouls and witches or, later, Hitchcockian psychos. In Sons of Cain--a book that fills the gap between dry academic studies and sensationalized true crime--investigative

historian Peter Vronsky examines our understanding of serial killing from its prehistoric anthropological evolutionary dimensions in the pre-civilization era (c. 15,000 BC) to today. Delving further back into human history and deeper into the human psyche than Serial Killers--Vronsky's 2004 book, which has been called the definitive history of serial murder--he focuses strictly on

sexual serial killers: thrill killers who engage in murder, rape, torture, cannibalism and necrophilia, as opposed to for-profit serial killers, including hit men, or "political" serial killers, like terrorists or genocidal murderers. These sexual serial killers differ from all other serial killers in their motives and their foundations. They are uniquely human and-- as popular culture has

demonstrated--uniquely fascinating. *Historical and Miscellaneous Questions* Simon and Schuster Goliath. You know the story. But why is it in the Bible? Is it just to give us a little moral pick-me-up as we seek to emulate a small shepherd boy who defeated a giant? Have you ever wondered where Goliath came from? Did you know he had brothers, one with 24 fingers and toes? Did you

know their ancestry is steeped in unimaginable horror? Genesis 6. The nephilim. The first few verses of this chapter have long been the speculation of supernatural events that produced demigods and a flood that God used to destroy the whole world. The whole world remembers them. Once upon a time, all Christians knew them. But for many centuries this view was mocked, though it was

the only known view at the time of the writing of the New Testament. Today, it is making a resurgence among Bible-believing scholars, and for good reason. The nephilim were on the earth in those days, and also afterward... This book delves deep into the dark and ancient recesses of our past to bring you rich treasures long buried. It is a carefully researched, heavily footnoted, and

selectively illustrated story of the giants of the Bible. There is more here than meets the eye, much more. Here you will learn the invisible, supernatural storyline of the Bible that is always just beneath the surface, lurking like the spawn of the ancient leviathan. It is a storyline no person can afford to ignore any longer. Unlike other more sensational books on the topic, there is no undue speculation to

be found here. The author is a Bible-believing Christian who refuses to use such ideas to tell you the end of the world is drawing nigh. Once you discover the truth about these fantastic creatures, you will come to see the ministry and work of Jesus Christ in a very new and exalting light. Come. Learn the fascinating, sobering, yet true story of real giants who played a significant role in the bible ...

and still do so today. *Cain's Blood* Crown This epic journey of scientific discovery starts in ancient times and travels through centuries of invention before fast forwarding into the future. In this ultimate home reference, you'll see simple machines and modern-day marvels, following incredible illustrated timelines that plot the entire history of science and

highlight the most momentous discoveries. A jaw-dropping collection of more than 1,500 photographs, illustrations, maps, and graphics charts the evolution of science year by year, century by century. You'll meet influential inventors and famous faces from the past, including Aristotle, Leonardo da Vinci, Isaac Newton, Charles Darwin, Marie Curie, and Stephen

Hawking. You'll visit places of scientific importance, such as prehistoric cave art, Stonehenge, Hiroshima and the first atomic bomb, the Moon landings, and the Higgs boson particle. These huge events are made simple thanks to eye-catching images, helpful timelines, and accessible, informative text. Landmark people and periods are combined in this one

stunning family reference, showcasing the ideas, experiments, and technologies that have shaped our daily lives and transformed the world we live in today. Budding scientists, get ready for a time travelling trip like no other.

**Historical and Miscellaneous Questions**

Lulu.com  
Cursed by God, hunted by demons, desired by Cain and Abel... All in a day's work.

For Evangeline Hollis, a long ago fling with a bad boy from the wrong side of the tracks just became a disaster of biblical proportions. One night with a leather-clad man of mystery has led to a divine punishment: the Mark of Cain. Thrust into a world where sinners are drafted into service to kill demons, Eve's learning curve is short. A longtime agnostic, she begrudgingly maneuvers through a celestial

bureaucracy where she is a valuable but ill-treated pawn. She's also become the latest point of contention in the oldest case of sibling rivalry in history... But she'll worry about all that later. Right now she's more concerned with learning to kill while staying alive. And saving the soul she'd never believed she had ... in S.J. Day's *Eve of Darkness*. At the Publisher's request, this title is being
