Piano/Keyboard Methods/Series

Jazz Styles Merriam-Webster

New from the Philharmonic series, this collection is an absolutely perfect way to introduce Celtic fiddling to your youngest string players! Eleven tunes from the Celtic fiddling tradition are presented first in a simplified, very easy "Basic" version of the tune printed with note names in the note heads. The tune is also presented in an "Advanced," but still accessible version of the tune. Lyrics are included where applicable.

Movie Duets for All (Violin) Alfred Music

The clock will measure only five or so minutes, but a timeless amount of driving energy describes this explosion of sonorities. Five or more percussionists are the catalysts for this high intensity bombardment. A brief, quiet center section links the dramatic opening and the brilliant conclusion. (5: 01)

Accelerated Piano Adventures for the Older Beginner Theory Book 1 Hal Leonard Publishing Corporation

A book of 20 progressive pieces suitable for guitarists in the early grades. It presents original pieces and well-loved tunes in a wide range of styles, from Spanish to Caribbean and Elizabethan to the blues. With short performing and background notes on each piece and a number of attractive illustrations, this collection will be an essential repertoire book for all elementary guitarists.

**The Big Book of Children's Songs** Alfred Music Publishing

Offers Pam Wedgwood's own take on songs such as Take That's Back For Good, ABBA's Money Money Money, and Diamonds are Forever as well as her own specially composed pieces.

*Old-time Kentucky Fiddle Tunes* Alfred Music

It is really hard to find quality Christmas material for jazz ensemble that doesn't require a long time to prepare. Well, here it is! Carl Strommen has arranged a solid medley of all-time favorite Christmas carols in a variety of jazz styles and tempos. You will hear THE TWELVE DAYS OF CHRISTMAS, JINGLE BELLS, O COME, ALL YE FAITHFUL, and WE THREE KINGS. This is the only Christmas arrangement you will need this year! (5: 47)

Fernando the Flute Warner (CA)

A Theory of Adaptation explores the continuous development of creative adaptation, and argues that the practice of adapting is central to the story-telling imagination. Linda Hutcheon develops a theory of adaptation through a range of media, from film and opera, to video games, pop music and theme parks, analysing the breadth, scope and creative possibilities within each. This new edition is supplemented by a new preface from the author, discussing both new adaptive forms/platforms and recent critical developments in the study of adaptation. It also features an illuminating new epilogue from Siobhan O'Flynn, focusing on adaptation in the context of digital media. She considers the impact of transmedia practices and properties on the form and practice of adaptation, as well as studying the extension of game narrative across media platforms, fan-based adaptation (from Twitter and Facebook to home movies), and the adaptation of books to digital formats. A Theory of Adaptation is the ideal guide to this ever evolving field of study and is essential reading for anyone interested in adaptation in the context of literary and media studies.

*Showtime Piano Disney: Level 2a* Alfred Publishing Company

The symphony audience takes its seat, the conductor approaches the podium, gives the down beat, and the cartoon music begins. Cartoon music?!? Yep, it's bits and pieces of the most wonderfully scored 'critter & character' music ever. Your audience will thrill to Bugs, Fred, Barney and Wilma, the Jetsons, with "This Is It!," "(Meet) The Flintstones," "The Jetsons," "The Simpsons," "The Pink Panther," and "Animaniacs." It's a fun piece that salutes the 'world's greatest heroes.' (Duration 3: 42)

**The Real Book - Volume VI** Rutgers University Press

This title was originally published in 1998. Play It Again, Sam is a timely investigation of a topic that until now has received almost no critical attention in film and cultural studies: the cinematic remake. As cinema enters its second century, more remakes are appearing than ever before, and these writers consider the full range: Hollywood films that have been recycled by Hollywood, such as The Jazz Singer, Cape Fear, and Robin Hood; foreign films including Breathless; and Three Men and a Baby, which Hollywood has reworked for American audiences; and foreign films based on American works, among them Yugoslav director Emir Kusturica's Time of the Gypsies, which is a "makeover" of Coppola's Godfather films. As these essays demonstrate, films are remade by other films (Alfred Hitchcock went so far as to remake his own The Man Who Knew Too Much) and by other media as well. The editors and contributors draw upon narrative, film, and cultural theories, and consider gender, genre, and psychological issues, presenting the "remake" as a special artistic form of repetition with a difference and as a commercial product aimed at profits in the marketplace. The

remake flourishes at the crossroads of the old and the new, the known and the unknown. Play It Again, Sam takes the reader on an eye-opening tour of this hitherto unexplored territory. This title is part of UC Press's Voices Revived program, which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice, reach, and impact. Drawing on a backlist dating to 1893, Voices Revived makes high-quality, peer-reviewed scholarship accessible once again using print-on-demand technology. This title was originally published in 1998.

Pynchon's Sound of Music is dedicated to cataloging, exploring, and interpreting the manifold manifestations of music in Thomas Pynchon's work. An original mix of close and distant readings, this monograph employs a variety of disciplines--from literary studies and musicology to philosophy, media theory, and history--to explain Pynchon through music and music through Pynchon. Encyclopedic and eclectic in its approach, Pynchon's Sound of Music discusses the author's use of instruments such as the kazoo, harmonica, and saxophone and embarks on close readings of the most salient and musically tantalizing passages. Zooming out to a bird's eye view, Christian Hänggi puts Pynchon's historical musical references and allusions into perspective to trace the trends and tendencies in the development of the author's interest in music. A treasure trove for fans and an invaluable source for future scholarship, this book includes the Pynchon Playlist, a catalog of over 900 musical references in Pynchon's oeuvre, and an exhaustive index of more than 700 appearances of musical instruments.

[Waltz No. 2](#) Alfred Music

(Faber Piano Adventures ). Outstanding popular repertoire skillfully arranged and correlated with the concepts in Accelerated Lesson Book 1. Contents include: In Dreams \* Video \* Star Wars \* Hedwig's Theme \* Fiddler on the Roof \* What a Wonderful World \* Soak up the Sun \* Over the Rainbow \* The Lion Sleeps Tonight.
