Stepping Solo Longman

An easy-to-carry mini-dictionary that helps students understand 12,000 words and phrases, with simple definitions, illustrations and example sentences.

Handbook of the Netherlands East Indies Kaapse Bibliotekaris Issues for Nov. 1957- include section: Accessions. Aanwinste, Sept. 1957-A Latin Reader for Matriculation and Other Students Handbook of the Netherlands East Indies Stepping Solo "The lilies seem to flower earlier each year, which frightens me. It's as if time is contracting and going to run out before I've had a chance to achieve all the things I need to. Before I've had a chance to be a real person." Ketso worries all the time: about passing Grade 11, about being the head of his family, about his friends and their sugar daddies - and most of all about how he can follow his late mother's advice and grow up to be confident and independent. How can he be someone who is 'stepping solo'? Ketso's harsh yet hopeful story reaches a dramatic climax, when a shocking secret is revealed after a hostage situation. "This novel, with its vivid, convincing and sensitively-drawn characters, is a compelling account of the lives of many children in contemporary South Africa." Written in Water The Grammar of Nominal Compounding with Special Reference to Danish, English, and French Veterinary Bull Breeding Soundness Evaluation This manual is intended as an update of the 2003 publication "Evaluating and Reporting Bull Fertility", edited by Keith Entwistle and Geoffry Fordyce. Published by the Australian Association of Cattle Veterinarians - now the Australian Cattle Veterinarians (ACV) - this has been the yardstick used by Australian cattle veterinarians evaluating the fertility of bulls. But both science and society have evolved over the last ten years. The body of knowledge surrounding the evaluation of bull breeding soundness has increased, with new diseases, new diagnostic tests, and new understandings. Leonardo Pisano (Fibonacci) Issues for Nov. 1957- include section: Accessions. Aanwinste, Sept. 1957- *Longman Mini English Dictionary* Walter de Gruyter GmbH & Co KG

"Bongani is a smart, funny, loveable young teenager, who is struggling to manage his tricky life. Someone in his class has discovered his terrible secret and Bongani must find him and silence him. This fast-paced, humorous story from established writer Gail Smith examines serious issues with wisdom and sensitivity. It will entertain and provoke even the most reluctant readers"--Cover.

A Dictionary of Military Uniform Tafelberg

This dictionary covers a wide range of vocabulary - over 1,000 words and phrases. Its definitions are written within a defining vocabulary of 1600 words in order to be easy to understand, and the usage notes are based on the evidence of students' writing from the Longman Learners' Corpus, allowing Longman lexicographers to identify the needs of students at this level. The dictionary is also fully illustrated and contains a full guide to using the dictionary, so that young learners can make the most of its features.

In September of 1893, Norwegian zoologist Fridtjof Nansen and a crew manned the schooner Fram, intending to drift, frozen in the Arctic pack-ice, to the North Pole. When it became clear that they would miss the pole, Nansen and his companion Hjalmar Johansen struck off by themselves. Racing the shrinking pack-ice, they attempted, by dog-sled, to go "farthest north." They survived a winter in a moss hut eating walrus and polar bears, and the public assumed they were dead. In the spring of 1896, after three years of trekking, and having made it to within four degrees of the pole, they returned to safety. Nansen's narrative stands with the best writing on polar exploration.

The Great Flood Hippocrene Books

Be, a young Bushman woman searching in the desert for the peace she remembers from her childhood, realizes that she and her people must reconcile new personal and political realities with ancient traditions.

Veterinary Bull Breeding Soundness Evaluation New York : Scribner

Poppie's contented childhood ends when she marries, moves to Cape Town and later is forced to resettle apart from her husband. The drama of the Soweto and Sharpeville uprisings are vividly portrayed.

The Prize Hippocrene Books

In a language rich with innuendo, textual references and streams-of-consciousness a South African boy in diaspora tells his story in the first person singular and takes the reader along up to his very last breath.

The Naked Emperor Gramercy

Set in South Africa, MindF**k is a powerful, disturbing, and at times frightening story. Chris Burns, and his friends - Kerbs and Sky Eyes - take to the road, heading for the MindF**k rock festival. Along the way they pick up the gorgeous Partygirl. Burns and Partygirl connect immediately. But on the first night, while the rockmusic blasts from the stage, something unexpected happens - Burns's world gets turned on its head as one of the boys emerges from the tent with blood on his hands. MindF**k is a real page-turner. The gripping, character-focused, first-person narrative delves right to the heart of a life on-the-edge and virtually out of control. Gritty, hard-hitting, and often shocking, it is packed with drama, emotion, suspense and intrigue from one page to the next. And there is a serious sting in the tail. MindF**k is part of the Cutting Edge series: fast-paced, quick reads for teens

and young adults looking for fiction which chimes with their perspective on life. Mindf**k is a title in the highly contemporary Cutting Edge fiction series for young adults. The series features fast-paced quick reads. Each book focuses on difficult topics and situations that many teenagers will have experienced first-hand or through friends. Cutting Edge is ideal for readers aged 14+ with a reading age of 12+.

The Boy with the Guitar W. W. Norton

The Book of Squares by Fibonacci is a gem in the mathematical literature and one of the most important mathematical treatises written in the Middle Ages. It is a collection of theorems on indeterminate analysis and equations of second degree which yield, among other results, a solution to a problem proposed by Master John of Palermo to Leonardo at the Court of Frederick II. The book was dedicated and presented to the Emperor at Pisa in 1225. Dating back to the 13th century the book exhibits the early and continued fascination of men with our number system and the relationship among numbers with special properties such as prime numbers, squares, and odd numbers. The faithful translation into modern English and the commentary by the translator make this book accessible to professional mathematicians and amateurs who have always been intrigued by the lure of our number system.

"This novel, with its vivid, convincing and sensitively-drawn characters, is a compelling account of the lives of many children in contemporary South Africa."

The Syntax of Words Longman Publishing Group

This book attempts to discuss selected but thorny issues of humor research that form the major stumbling blocks as well as challenges in humor studies at large and thus merit insightful discussion. Any discourse is action, so the text-creation process is always set in a non-verbal context, built of a social and communicative situation, and against the background of relevant culture. On the other hand, humor scholars claim that humorous discourse has its special, essential features that distinguish it from other discourses. The pragmatic solution to the issue of potential circularity of

humor defined in terms of discourse and discourse in terms of humor seems only feasible, and thus there is a need to discuss the structure and mechanisms of humorous texts and humorous performances. The chapters in the present volume, contributed by leading scholars in the field of humor studies, address the issues from various theoretical perspectives, from contextual semantics through General Theory of Verbal Humor, cognitive linguistics, discourse studies, sociolinguistics, to Ontological Semantic Theory of Humor, providing an excellent overview of the field to novices and experts alike.

The Grammar of Nominal Compounding with Special Reference to Danish, English, and French University of Oklahoma Press

Presents designs and illustrations for creating copy art, in such categories as occupations, costume, flowers, transport, and ornament and alphabets

Platinum: Grade 7 learner's book

New Daybreak is a well-known English Literacy course that has been completely revised to meet the requirements of the Revised National Curriculum Statement, for the Foundation Phase.

My Beautiful Death

This monograph examines complex words -- compounds and those involving derivational and inflectional affixation -- from a syntactic standpoint that encompasses both the structure of words and the system of rules for generating that structure. The author contends that the syntax of words and the more familiar syntax involving relations among words must be defined by two discrete sets of principles in the grammar, but nevertheless that word structure has the same general formal properties as the larger syntactic structure and is generated by the same sort of rule system. This investigation of word structure and rule systems is based for the most part on the word syntax of English and related languages. One of its major conclusions is that English word structure can be "properly characterized solely in terms of a context-free grammar." Selkirk points out that the Semitic languages, for example, must be characterized in terms of a more elaborate schema. The first chapter presents a general theory of word structure, and discusses a context-free grammar for words, X theory in word structure, and word structure rules. The second chapter is concerned with compounding, and probes the structure and "headedness" of compounds, verbal compounds, and the category type of English compounds. The third and final chapter, on affixation, investigates the nature of affixes, inflectional affixation, and English derivational morphology. This book is the seventh in the Linguistic Inquiry Monograph series.

A Latin Reader for Matriculation and Other Students

Tearing your hair out over idioms? Feel like you're always in the dark? Don't worry - you can't go wrong with the Longman Idioms Dictionary.

The Sounds of English

"Its publication should be a major event for cognitive linguistics and should pose a major challenge for cognitive science. In addition, it should have repercussions in a variety of disciplines, ranging from anthropology and psychology to epistemology and the philosophy of science. . . . Lakoff asks: What do categories of language and thought reveal about the human mind? Offering both general theory and minute details, Lakoff shows that categories reveal a great deal."—David E. Leary, American Scientist
