First published in 1990, The Politics of Redress is a product of and commentary on significant developments in critical criminology. It shifts the emphasis from the criminologist as a police agent to a fighter for social justice. The author focuses on the role of punishment in society, in general, and in criminology, in particular, urging the reader to reimagine the concept of punishment, especially penal punishment. The arguments addressed in this book range from a comparative analysis of penal policies in various countries to philosophical debates about whether punishment is compatible with a just social order. With the Black Lives Matter movement, the topic of prison abolition has, once again, gripped society's conscience making this text a vital read for students of law, criminology, sociology, philosophy, and history.

For more than 900 years the Bayeux Tapestry has preserved one of history's greatest dramas: the Norman Conquest of England, culminating in the death of King Harold at the Battle of Hastings in 1066. Historians have held for centuries that the majestic tapestry trumpets the glory of William the Conqueror and the victorious Normans. But is this true? In 1066, a brilliant piece of historical detective work, Andrew Bridgeford reveals a very different story that reinterprets and recasts the most decisive year in English history. Reading the tapestry as if it were a written text, Bridgeford discovers a wealth of new information subversively and ingeniously encoded in the threads, which appears to undermine the Norman point of view while presenting a secret tale undetected for centuries—an account of the final years of Anglo-Saxon England quite different from the Norman version. Bridgeford brings alive the turbulent 11th century in western Europe, a world of ambitious warrior bishops, court dwarfs, ruthless knights, and powerful women. 1066 offers readers a rare surprise—a book that reconsiders a long-accepted masterpiece, and sheds new light on a pivotal chapter of English history.

Rodney Bolt's delightful life of Marlowe plays out a surprising solution to an enduring literary mystery, bringing the spirit of Shakespeare alive as we've never seen it before. Rodney Bolt's book is not an attempt to prove that, rather than dying at 29 in a tavern brawl, Christopher Marlowe staged his own death, fled to Europe, and went on to write the work attributed to Shakespeare. Instead, it takes that as the starting point for a playful and brilliantly written "fake biography" of Marlowe, which turns out to be a life of the Bard as well. Using real historical sources (as well as the occasional red herring) plus a generous dose of speculation, Bolt paints a rich and rollicking picture of Elizabethan life. As we accompany Marlowe into the halls of academia, the society of the popular English players traveling Europe, and the dangerous underworld of Elizabethan espionage, a fascinating and almost plausible life story emerges, along with a startlingly fresh look at the plays and poetry we know as Shakespeare's. Tapping into centuries of speculation about the man behind the work, about whom so few facts are known for sure, Rodney Bolt slyly winds the lives of two beloved playwrights into one.

The Last Party Courier Corporation

'I suppose it would be possible to tail a fellow Englishman for a month about the South of France. It wouldn't be easy, operating singly. And presumably it wouldn't do for him to know?' 'He's unaware that I'm in touch with you, and if he does catch you on his heels, he'll undoubtedly explode. If that happens, explode back at him and wait for him to simmer down. Actually, I think you and he might get on reasonably well.' When a retired English colonel plans a walking tour in the South of France, his wife engages Kenworthy to mind him. Is this an unpardonable breach of personal privacy? And is Colonel Neville's purpose really sinister—as it sometimes appears? Kenworthy finds him in turn eccentric, domineering, secretive and, on occasion, bumblingly inefficient; then he loses him. Murder follows, and Kenworthy, helped by Monique Colin, a delectable young private eye from an agency in Nice, traces a trail back to the wartime Resistance: a world of pride, passions, jealousies and shame, in which the harshness of reality was sometimes more powerful than the heroism.
