Dog & Leventhal

In this hilarious novel, written in the voice of eighth-grader Wyatt Palmer, Dave Barry takes us on a class trip to Washington, DC. Wyatt, his best friend, Matt, and a few kids from Culver Middle School find themselves

in a heap of trouble-not just with their teachers, who have long lost patience with them -- but from several mysterious men they first meet on their flight to the nation's capital. In a fast-paced adventure with the monuments as a backdrop, the kids try to stay out of danger and out of the doghouse while trying to save the president from attack-or maybe not.

### Dave Barry Talks Back Penguin

The award-winning author and syndicated columnist shares his humorous observations on his trip to Japan, sharing his thoughts on culture shock in all its numerous forms--from kabuki to public bathing. Reprint.

"With this charming, sardonic debut, stand up comedian and actor Todd Barry makes readers laugh as hard as the audiences at his shows" (Publishers Weekly) in this hilarious book of travel essays from his time on tour in the US, Canada, and Israel. Hello. It's Todd Barry. Yes, the massively famous comedian. I have billions of fans all over the world, so I do my fair share of

touring. While I love doing shows in the big cities (New York, Philadelphia), I also enjoy a good secondary market (Ithaca, Bethlehem). Performing in these smaller places can be great because not all entertainers stop there on tour; they don't expect to see you. They're appreciative. They say things like "Thank you for coming to Hattiesburg" as much as they say "Nice show." And almost every town has their version of a hipster coffee shop, so I can get in my comfort zone. My original plan was to book one secondary market show in all fifty states, in about a year, but that idea was funnier than anything in my act. So, instead of all fifty states in a year,

my agent booked multiple shows in a lot of states, plus Israel and Canada. Thank You for Coming to Hattiesburg is part tour diary, part travel guide, and part memoir (Yes, memoir. Just like the thing presidents and former child stars get to write). Follow me on my journey of small clubs, and the occasional big amphitheater. Watch me make a promoter clean the dressing room toilet in Connecticut, see me stare at beached turtles in Maui, and see how I react when Lars from Metallica shows up to see me at a rec center in Northern California. I'd love to tell you more, but I need to go book a flight to Evansville, Indiana.

Wyatt Palmer was a middle-school hero, but that doesn't count for anything in high school. When a ferret goes missing in this hilarious follow-up to *The Worst Class Trip Ever*, Wyatt and his friend Matt find themselves as unwanted guests at what turns into the *Worst Party Ever!* Last year, Wyatt foiled a plot against the president of the United States and became the hero of middle school. But now he and his friends are in Coral Cove High School—home of the Fighting Conch—and Wyatt is a hero no longer; he's just another undersized freshman, hoping to fit in, or at least not be unpopular. Things start to go wrong when Matt

Diaz, who is Wyatt's best friend but also unfortunately an idiot, decides to bring his pet ferret, Frank, to school. Through an unfortunate series of events Frank ends up in the hands of the Bevin brothers, who are the most popular boys at Coral Cove High, but are also, as Matt soon discovers, the nastiest. When Wyatt and Matt try to get Frank back, they concoct a plan to attend a party for the cool clique at the Bevin's waterfront mansion and stumble onto the Bevin family's dark and deadly secret. That's when Wyatt learns that some things are worse than being unpopular in high school. MUCH worse.

"Mr. Barry is the

funniest man in America and we should encourage him." --The New York Times Book Review THERE'S NO PLACE LIKE HOME-- EXCEPT IN A SELLER'S MARKET At long last, Dave Barry, the dean of everything, lets you in on the deepest, darkest mysteries of life and answers your hysterical home purchase questions like they've never been answered before: What's the best way to determine a realistic price range? Take your total family income, including coins that have fallen behind the bureau, and any projected future revenue you have been notified about via personalized letters from Mr. Ed McMahon stating that you may already have won 14 million dollars. Then,

multiply by something other than six. Can you recommend a good mortgage? There are several kinds: Fixed Rate, Variable Rate, and the bank's secret weapons, the Party Hat Mortgage and the Mortgage of the Living Dead. How can I avoid spending money on do-it-yourself homeowner's projects? Find a contractor. Their silent motto is "We Never Show Up." The Romans lived among the ruins. You must too. Is there a secret to having a beautiful lawn? Yes and no. If you fail to feed, fertilize, and water your lawn, it will die. However, if you feed, fertilize, and water your lawn, it will die. *Dave Barry's Book of Bad Songs* Ballantine Books  
A "truly hilarious"

(Glamour), sexy, and ultimately poignant memoir about mastering the art of the "vacationship" from a writer and co-executive producer of Hulu's *Only Murders in the Building*—now with a new afterword "What I Was Doing While You Were Breeding is kind of like if *Eat, Pray, Love* were written by your funniest friend."—Rachel Dratch  
Kristin Newman spent much of her twenties and thirties buying dresses to wear to her friends' weddings and baby showers. Not ready to settle down and in need of an escape from her fast-paced job as a sitcom writer, Kristin instead traveled the world, often alone, for several weeks each year. In addition to falling madly in love with the

planet, Kristin fell for many attractive locals, men who could provide the emotional connection she wanted without costing her the freedom she desperately needed. Kristin introduces readers to the Israeli bartenders, Finnish poker players, sexy Bedouins, and Argentinean priests who helped her transform into “Kristin-Adjacent” on the road—a slower, softer, and, yes, sluttier version of herself at home. Equal parts laugh-out-loud storytelling, candid reflection, and wanderlust-inspiring travel tales, *What I Was Doing While You Were Breeding* is a compelling debut that will have readers rushing to renew their passports.

*I'll Mature When I'm Dead* Crown Archetype  
In this action-packed third installment in the *Starcatchers* series, Peter and Molly find themselves in the dangerous land of Rundoon, ruled by an evil king who enjoys watching his pet snake consume those who displease him. But that's just the beginning of problems facing our heroes, who once again find themselves pitted against the evil shadow-creature Lord Ombra in a struggle to save themselves, not to mention the planet.

*Neither Here Nor There* Anchor Canada  
Bryson brings his unique brand of humour to travel writing as he shoulders his backpack, keeps a tight hold on his wallet and heads for Europe.

Travelling with Stephen Katz--also his wonderful sidekick in *A Walk in the Woods*--he wanders from Hammerfest in the far north, to Istanbul on the cusp of Asia. As he makes his way round this incredibly varied continent, he retraces his travels as a student twenty years before with caustic hilarity.

"If you could use some wild escapism right now, Hiaasen is your guy." —Janet Maslin, *The New York Times*  
 From the author of *Skinny Dip* and *Razor Girl*, a hilarious, *New York Times* best-selling novel of social and political intrigues, set against the glittering backdrop of Florida's gold coast. It's the height of the Palm

Beach charity ball season: for every disease or cause, there's a reason for the local luminaries to eat (minimally), drink (maximally), and be seen. But when a prominent high-society dowager suddenly vanishes during a swank gala, and is later found dead in a concrete grave, panic and chaos erupt. Kiki Pew was notable not just for her wealth and her jewels--she was an ardent fan of the Winter White House resident just down the road, and a founding member of the POTUSSIES, a group of women dedicated to supporting their President. Never one to miss an opportunity to play to his base, the President immediately declares that Kiki was the victim of

rampaging immigrant hordes. This, it turns out, is far from the truth. The truth might just lie in the middle of the highway, where a bizarre discovery brings the First Lady's motorcade to a grinding halt (followed by some grinding between the First Lady and a love-struck Secret Service agent). Enter Angie Armstrong, wildlife wrangler extraordinaire, who arrives at her own conclusions after she is summoned to the posh island to deal with a mysterious and impolite influx of huge, hungry pythons . . . Carl Hiaasen can brighten even the darkest of days and Squeeze Me is pure, unadulterated Hiaasen. Irreverent, ingenious, and highly entertaining, Squeeze

Me perfectly captures the absurdity of our times.

is broken. At first, it

looks like a disease. An

epidemic that spreads through no known means, driving its victims mad with memories of a life they never lived. But the force that's sweeping the world is no pathogen. It's just the first shock wave, unleashed by a stunning discovery—and what's in jeopardy is not our minds but the very fabric of time itself. In New York City, Detective Barry Sutton is closing in on the truth—and in a remote laboratory, neuroscientist Helena Smith is unaware that she alone holds the key to this mystery . . . and the tools for fighting back. Together, Barry and Helena will have to confront their enemy—before they, and the world, are

trapped in a loop of ever-growing chaos. Praise for *Recursion* “An action-packed, brilliantly unique ride that had me up late and shirking responsibilities until I had devoured the last page . . . a fantastic read.”—Andy Weir, #1 New York Times bestselling author of *The Martian* “Another profound science-fiction thriller. Crouch masterfully blends science and intrigue into the experience of what it means to be deeply human.”—Newsweek “Definitely not one to forget when you're packing for vacation . . . [Crouch] breathes fresh life into matters with a mix of heart, intelligence, and philosophical musings.”—Entertainment Weekly “A trippy

journey down memory lane . . . [Crouch's] intelligence is an able match for the challenge he's set of overcoming the structure of time itself."—Time "Wildly entertaining . . .

**Peter and the Starcatchers** Walker

Just in time, Dave Barry supplies the wholly original, much needed history and guide to the new American politics and its three capitals, Washington, D.C., Austin, and South Florida. No surprise: it's hilarious.

Understanding the urgent need for a deeply thoughtful balanced book to explain our national political process, Dave

Barry has not even come close. Though he himself has covered many campaigns, run for President several times, and run for cover at the rainy inauguration of George W. Bush (the man will spare nothing for his art) Barry has instead outdone himself. Below the Beltway includes Barry's stirring account of how the United States was born, including his version of a properly rewritten Declaration (When in the course of human events it behooves us, the people, not to ask "What can our country do for us, anyway?" but rather whether we have anything to fear except fear itself...) and a revised Constitution (Section II: The House of Representatives shall be composed of people who own at

least two dark suits and have not been indicted recently.). Dave also cracks the income tax code, explains the growth(s) of government, congressional hearing difficulties, and the persistent rumors of the influence of capital in the Capitol. Among other civic contributions, his tour of Washington, D.C., should end school class trips forever.

**Horizon** Ballantine Books

“What caused the American Revolution? This is indeed a rhetorical question that for many years historians have begun chapters with. As well they should. For the American Revolution is without a doubt the single most important historical event to occur in this nation

except of course for Super Bowl III (Jets 16. Colts 7. This historian won \$35).” So goes the skewed sensibility, the muddled mind, the bent pen of one of America's funniest writers, Dave Barry. This time his subject is U.S. history, the way it's never been told before. Every single momentous event and crucial moment is covered, including . . .

- The Birthing Contractions of a Nation
- Kicking Some British Butt
- Barging Westward
- The Forging of a Large, Wasteful Bureaucracy
- Deep Economic Doo-doo
- The Fifties: Peace, Prosperity, Brain Death . . . and right up through the scintillating Reagan-Bush years, during which, Mr. Barry notes, America is steadfastly

Napping Toward Glory. If you love to laugh, if you love your country, if you are unaware that “the Sixth Amendment states that if you are accused of a crime, you have a right to a trial before a jury of people too stupid to get out of jury duty,” Dave Barry Slept Here is the book you've been waiting for since 1776. Or at least since Super Bowl III. Praise for Dave Barry Slept Here “A dazzling performance . . . Barry is brilliant.”—The Washington Post Book World “[Dave] Barry turns his formidable wit to the subject of American history, with a result reminiscent of the Reduced Shakespeare Company: The better you know the original, the funnier it gets.”—Los Angeles

Times “I fear that Mr. Barry's dream of making millions of dollars through mass sales of his book to a captive audience of innocent schoolchildren will not be realized, and he will have to be content with making readers laugh a lot, as this one did.”—The New York Times Book Review

**Dave Barry's Only Travel Guide You'll Ever Need** Crown  
 Charlie Wheelan and his family do what others dream of: They take a year off to travel

the world. This is their story. What would happen if you quit your life for a year? In a pre-COVID-19 world, the Wheelan family decided to find out; leaving behind work, school, and even the family dogs to travel the world on a modest budget. Equal parts "how-to" and "how-not-to"—and with an eye toward a world emerging from a pandemic—*We Came, We Saw, We Left* is the insightful and often hilarious account of one family's gap-year experiment. Wheelan paints a picture of adventure and connectivity, juggling themes of local politics, global economics, and family dynamics while exploring answers to questions like: How do you sneak out of a Peruvian town that has

been barricaded by the local army? And where can you get treatment for a flesh-eating bacteria your daughter picked up two continents ago? From Colombia to Cambodia, *We Came, We Saw, We Left* chronicles nine months across six continents with three teenagers. What could go wrong?
