Core Principles of Teaching Children How to Teach Themselves to Read: - Effective

early reading instruction is based on activities that guide the child from speech to print, from sound to symbol and which move from the concrete to the abstract. - Teach the alphabetic principle before you teach the alphabet. - Letter knowledge and decoding skills are best learned through the child's application of the alphabetic principle using self-guided materials to match speech sounds to printed letters and words. - Freedom to choose activities in the learning environment is key to gradually shifting responsibility for learning to the student. -

Freedom to choose individualizes the learning experience for the student, according to his strengths and interests. - Repetition is the healing balm of education. It is the teacher's best teaching tool and the quickest, most direct way for a child to master early literacy skills. - Emphasis must shift from a traditional model of memorization through drill, to a deeper, more permanent learning through self-guided hands-on activities.

Many school-based speech-language pathologists (SLPs) deal with large caseloads and limited resources. Taking on additional workload by implementing multi-tiered systems of support (MTSS) can seem overwhelming. Multi-Tiered Systems of Support: Implementation Tools for Speech-Language Pathologists in Education offers practical research-based tools that school-based SLPs can use to balance the high demands of their job with supporting general education students. This professional resource provides answers to a range of questions about policy implications, applicability of the framework to a speech-language pathologist's role in schools, and how an SLP can implement MTSS in their practice. Part I breaks down the important concepts of MTSS, while Part II is designed as an SLP MTSS Toolkit, featuring the collective wisdom of practitioners and researchers in the field. Throughout the text, readers will also find real-world snapshots of MTSS in action based on the experiences of actual

SLPs in the field. Disclaimer: Please note that ancillary content (such as documents, audio, and video, etc.) may not be included as published in the original print version of this book.

Created by a teacher, Bob Books have  
 been helping children learn to read for  
 more than forty years. This iconic phonics-  
 based learn-to-read set has sold millions of  
 copies, allowing children around the world  
 to say with pride, "I read the whole  
 book!"® With playful stories, silly  
 illustrations, and a phonics approach  
 based on Science of Reading research,  
 Bob Books keep young readers' confidence  
 high, leading to continued success and a  
 love of reading. Your child will soon join  
 the millions of happy kids who say, "I read  
 the whole book!"® These are the first  
 books your child can read! Perfect for kids  
 who are just learning letter sounds, each  
 book contains two- and three-letter words  
 that can be sounded out. The first story  
 uses only four sounds (m, a, t, s) and one  
 sight word! Sounds are added gradually

until all letters of the alphabet have been introduced (except q). The very simple stories allow kids to read a whole book, boosting their confidence and motivating them to come back for more. Many beginning readers are so proud they can read these books, they read them to everyone they know! Inside you'll find: 12 small, hilarious, easy-to-read stories: 12 pages each, 4-27 unique words per book A parent guide with tips for helping your child learn to read Each story includes: Decodable text: Two- and three-letter words with short vowels that can be sounded out (on, sat, can, ran) Very simple sentences (Sam sat.) Very limited sight words (a, the) New letter sounds added gradually until young readers have read books with all letters of the alphabet (except q) Friendly, simple illustrations that add fun and do not distract from the words Guided Reading Levels: A, B, C | Lexile Measure: BR - 180L | Bob Books Level: Stage 1 Ages: 4-6 | Grade Levels: PreK, Kindergarten

Raffi's hilarious version of the classic song about strange events that happen down by the bay, where the watermelons grow... Singing supports and encourages even the youngest child's speech and listening skills, which makes Down by the Bay perfect for early learning. In this friendly board book edition, irresistible art by Nadine Bernard Westcott depicts wonderfully amusing creatures such as a bear combing his hair, a goose kissing a moose, and a whale with a polka-dot tail. Very young children will find this book both entertaining and instructive in early language skills such as rhyme, rhythm, and repetition, and will delight in hearing it read or sung aloud to them.
