Portraiture and Politics
in Revolutionary

France challenges

widely held assumptions about both the genre of portraiture and the political and cultural role of images in France at the beginning of the nineteenth century. After 1789, portraiture came to dominate French visual culture because it addressed the central challenge of the Revolution: how to turn subjects into citizens. Revolutionary portraits allowed sitters and artists to appropriate the means of representation, both aesthetic and political, and articulate new forms of selfhood and citizenship, often in astonishingly creative ways. The triumph of revolutionary portraiture also marks a turning point in the history of art, when seriousness of purpose

and aesthetic ambition passed from the formulation of historical narratives to the depiction of contemporary individuals. This shift had major consequences for the course of modern art production and its engagement with the political and the contingent.

DK Eyewitness Loire Valley will lead you straight to the best attractions this majestic region has on offer. Packed with stunning photography, illustrations and detailed maps, discover the Loire Valley area by area; from car racing in Le Mans to breathtaking

châteaux and vibrant Nantes. DK Eyewitness Loire Valley provides all the insider tips every visitor needs from the spectacular son et lumière shows, to invigorating outdoors activities of the Atlantic Coast and wine tasting in the numerous vineyards. You'll find 3D cutaways and floorplans of all the must-see sites plus street-by-street maps of all the major towns and cities, with comprehensive listings of the best hotels, museums and restaurants in each area for all budgets. DK Eyewitness Loire Valley explores the rich layers of culture, history, architecture and art of this beautiful region, not forgetting the best scenic routes and thematic tours. With up-to-date information

on getting around by train, car and foot plus all the sights, beaches, churches, markets and festivals listed town by town, DK Eyewitness Loire Valley is indispensable. Don't miss a thing on your holiday with DK Eyewitness Loire Valley.

Journal des chemins de fer Penn State Press Pocket Rough Guide Paris is the ultimate insider's guide to Europe's most elegant city. Inspirational photography, neighbourhood-by-neighbourhood accounts and detailed, up-to-date maps help you get the most out of a visit to Paris - whether that means the Eiffel Tower and a boat trip on the Seine, or visits to offbeat art galleries and hidden-away gardens. Frank,

incisive reviews take you straight to the best of the city's cafés, restaurants and nightlife venues, from the ultra-stylish to the magnificently traditional, while tell-it-like-it-is listings help you find the right accommodation for your budget, whether that's a boutique design hotel on the Left Bank, a grand classic on the Right, or just a perfect budget hideaway. Pocket Rough Guide Paris is the perfect companion for a weekend away or a short city break. Make the most of your time with The Pocket Rough Guide to Paris. Now available in PDF format.

The Stones of Naples
Cambridge University Press

"Illustrated with some two hundred

photographs and reconstruction drawings of cathedrals, monasteries, and other monuments, this volume sets Angevin architecture in the larger context of thirteenth- and fourteenth-century Europe, while underscoring the unique character of the buildings constructed by the French kings of Naples."--Jacket.

Nostradamus Yale University Press
From the Cloister to the State examines the French order of Fontevraud, one of the largest monastic networks under female leadership in medieval and early modern Europe. Founded in 1100 and comprised of both monks and nuns, the order had grown to consist of at least seventy-eight priories

by the late Middle Ages. Endowed with vast territorial possessions throughout western France, Fontevraud became one of the most powerful religious institutions in the country. However, unaware of its institutional might and economic wealth, scholars have tended to focus on Fontevraud's seemingly unusual gender hierarchy, while bypassing inquiries on practices of abbatial authority in Fontevraud and beyond. This book reveals medieval Fontevraud as an aristocratic cloister where noble women governed. It also discusses the value of Fontevraud's extensive network for the geopolitical ambitions of the dukes of

Brittany, the counts of Bourbon-Vendôme, and, during the Wars of Religion, the kings of France. In addition to Fontevraud's political role during the Wars of Religion, the book also examines the order's reforms implemented by Marie de Bretagne and her successors Renée and Louise de Bourbon-Vendôme. These Bourbon abbesses centralized the order's administration, cut the ties between priories and local aristocratic families, and successfully established the Bourbon-Vendômes as the only patrons of the vast and wealthy network. This book is essential reading for scholars and students of medieval and early modern history, as well as those interested in

political history and the history of religion.

The brand-new Rough Guide to The Loire is the essential guide to one of France's most popular regions. A

World Heritage Site, The Loire is famed for its soft, fertile

countryside and a marvellous parade of

châteaux. The main section of the guide

has informed accounts of every attraction from the fascinating troglodyte dwellings carved out of rock-faces around Saumur

to the compelling gardens at Villandry.

The listings tell you where to find the best wines, the tastiest goat's cheese and the most interesting places to stay. There are maps and plans throughout and a full-colour introductory section listing the author's favourite "things not to miss". In the contexts section there is detailed background on the region's culture, cuisine, wine, festivals and history.

Pocket Rough Guide Paris Penguin

A comprehensive guide to the ancient beliefs and spiritual power of subterranean spaces • Examines in depth the myths, symbology, deities, and beliefs connected to the underworld from many different cultures and

mystery traditions • Investigates the role of the underworld in initiatory rites and mystical practices, such as the Orphic Mysteries, the chambers of reflections in Freemasonry, the cult of the Black Madonna, and the cult of Isis • Discusses the telluric currents that run through ley lines, the significance of underground waterways, Hollow Earth theory, and the denizens of the subterranean realms, such as dragons, gnomes, and dwarfs Ancient cultures around the world understood the spiritual powers of the underworld. For millennia, natural caves and caverns were turned into sacred underground temples and, from holy

mountains and cliffs, churches were beautifully carved into solid rock. Offering a guide to the spiritual energies that flourish beneath the surface of the Earth, Jean-Pierre Bayard explores the esoteric mysteries of the underworld, including the symbolic significance of caves, caverns, and underground temples. He examines in depth the myths, symbology, deities, and beliefs connected to the underworld from many different cultures and mystery traditions, from ancient Egypt to Scandinavia and Europe to the Middle East and India. He investigates the role of the underworld in initiatory rites, such as the Orphic Mysteries and Christ's descent into hell, revealing that

at the heart of these teachings is the transformative power of a hero's descent into and return from the underworld. The author connects the esoteric attributes of the world below with the cult of the Black Madonna and the earlier cult of Isis. He discusses the telluric currents that run through ley lines, the significance of underground waterways, the esoteric properties of gems and stones, and the "mineral blood" of the alchemists. He also looks at Hollow Earth theory and the denizens of the subterranean realms, such as dragons, gnomes, and dwarfs. Explaining how the Earth is the womb of the world, Bayard shows how initiatic descent into the sacred

subterranean realms reflects the descent of spirit into matter and its slow crystallization. By entering the body of the Earth Mother we are transformed, initiated into primordial wisdom and reborn as spiritual beings.

Printed Books in the Library of the Society of Antiquaries of London Routledge

One of the most enigmatic figures in history, Nostradamus - apothecary, astrologer and soothsayer - is a continual source of fascination. Indeed, his predictions are so much the stock-in-trade of the wildest merchants of imminent Doom that one could be forgiven for forgetting that Michel de Nostredame, 1503-1566, was a figure firmly rooted in the society of the

French Renaissance. In this bold new account of the life and work of Nostradamus, Denis Crouzet shows that any attempt to interpret his Prophecies at face value is misguided. Nostradamus was not trying to predict the future. He saw himself, rather, as 'prophesying', i.e. bringing the Word of God to humankind. Like Rabelais, for whom laughter was a therapy to help one cope with the misery of the times, Nostradamus thought of himself as a physician of the soul as much as of the body. His unveiling of the menacing and horrendous events which await us in the future was a way of frightening his readers into the realisation that inner hatred was truly

the greatest peril of all, to which the sole remedy was to live in the love and peace of Christ. This inspired interpretation penetrates the imaginative world of Nostradamus, a man whose life is as mysterious as his writings. It shows him in a completely new dimension, securing for him a significant place among the major thinkers of the Renaissance.

John Wiley & Sons

The church of Santa Maria Donna Regina in Naples is a rare example of aristocratic convent architecture in Italy, designed and built for the devotional use of the Clarissan nuns. Its decorative programme rivals that

of Giotto's Arena Chapel in Padua in scope, iconographical complexity, and quality of artistic production. The first book in English on this important church, this elegantly written volume is also the first full-scale study to bring together innovative interdisciplinary research on the building. The authors explore themes relating to the architecture, decoration, sculpture, iconography, audience, liturgy, and patronage of Santa Maria Donna Regina, enriching our understanding of the art patronage of royal women and the monastic experience of Clarissan nuns, as well as the politics, culture and patronage of trecento Naples. Over one hundred

illustrations, many commissioned specially for the book, accompany the text.

Explore all corners of France with the clearest maps of any guide.

From the Cloister to the State Odile Jacob
Historians have long ignored the military aspect of the wars of

religion which raged in France during the late sixteenth century, dismissing the conflicts as aimless or hopelessly confused. In contrast, this meticulously researched analysis of the royal army and its operations during the early civil wars brings warfare back to the centre of the picture. James B. Wood explains the reasons for the initial failure of the monarchy to defeat the Huguenots, and examines how that failure prolonged the conflict. He argues that the nature and outcome of the civil wars can only be explained by the fusion of religious rebellion and incomplete military revolution. This study makes an important contribution to the history of

military forces, warfare and society, and will be of great interest to those engaged in the debate over the 'Military Revolution' in early modern Europe.
