*Lone Star Politics* Cambridge University Press

*Governing California in the Twenty-First Century* encourages students to think critically about how California government and politics impact their lives.

*Governing Texas* W. W. Norton

Empirical puzzles get students thinking like political scientists.

*Governing California* Oxford University Press, USA

Schizophrenia is a chronic, severe, and disabling psychosis, which is an impairment of thinking in which the interpretation of reality is abnormal. Psychosis is a symptom of a disordered brain.

Approximately One percent of the population worldwide develops schizophrenia during their lifetime. Although schizophrenia affects men and women with equal frequency, the disorder often appears earlier in men, usually in the late teens or early twenties, than in women, who are generally affected in the twenties to early thirties. People with schizophrenia often suffer symptoms such as hearing internal voices not heard by others, or believing that other people are reading their minds, controlling their thoughts, or plotting to harm them. The current evidence concerning the causes of schizophrenia are many. It is quite clear that multiple factors are involved. These include changes in the chemistry of the brain, changes in the structure of the brain, and genetic factors. Viral infections and head injuries may also play a role. New molecular tools and modern statistical analyses allow focusing in on particular genes that might make people more susceptible to schizophrenia by affecting, for example, brain development or neurotransmitter systems governing brain functioning. State-of-the-art imaging techniques are being used to study the living brain. They have recently revealed specific, subtle abnormalities in the structure and function of the brains of patients with schizophrenia. In other imaging studies, early biochemical changes that may precede the onset of disease symptoms have been noted, prompting examination of the neural circuits that are most likely to be involved in producing those symptoms. This book presents new and important research in the

field.

### **Peter Wallensteen: A Pioneer in Making Peace**

**Researchable** Ballantine Books

*American Government 2e* is designed to meet the scope and sequence requirements of the single-semester American Government course. This title includes innovative features designed to enhance student learning, including Insider Perspective features and a Get Connected module that shows students how they can get engaged in the political process. The book provides an important opportunity for students to learn the core concepts of American Government and understand how those concepts apply to their lives and the world around them.

*The Sagebrush State, 4th Ed* Routledge

Humanities, Social Sciences & World Languages

In Texas, myth often clashes with the reality of everyday government. Explore the state's rich political tradition with *Lone Star Politics* as the author team explains who gets what and how. Utilizing a comparative approach, the authors set Texas in context with other states' constitutions, policymaking, electoral practices, and institutions as they delve into the evolution of its politics. Critical thinking questions and unvarnished "Winners and Losers" discussions guide students toward understanding Texas government and assessing the state's political landscape. The highly anticipated Seventh Edition includes coverage of the state's response to the COVID pandemic, brand new chapter-level learning objectives, updated demographic and immigration statistics, and new Discussion Starter questions to help in-class discussion on critical policy debates. Digital Option / Courseware SAGE Vantage is an intuitive digital platform that delivers this text's content and course materials in a learning experience that offers auto-graded assignments and interactive multimedia tools, all carefully designed to ignite student engagement and drive critical thinking. Built with you and your students in mind, it offers simple course set-up and enables students to better prepare for class. Assignable Video with Assessment Assignable video (available with SAGE Vantage) is tied to learning objectives and

curated exclusively for this text to bring concepts to life. LMS

Cartridge: Import this title's instructor resources into your school's learning management system (LMS) and save time. Don't use an LMS? You can still access all of the same online resources for this title via the password-protected Instructor Resource Site. CQ Press Lecture Spark: Designed to save you time and ignite student engagement, these free weekly lecture launchers focus on current event topics tied to key concepts in American Government.

*Democracy in California* W. W. Norton

With fresh insight from new coauthor Andrea Campbell, *We the People*, Twelfth Edition, once again sets the standard for showing students how government impacts their lives and why it matters who participates. Campbell relates true, personal stories of how government affects ordinary citizens. This focus is reinforced by the book's signature "Who Are Americans?" and "Who Participates?" features which motivate critical thinking about how Americans experience and shape politics. Learning goals ensure that students maintain consistent focus on core concepts in the text, in its companion InQuizitive learning tool, and in supporting critical-thinking exercises. -- Amazon.com

*We the People* Zed Books Ltd.

The most current look at California politics, complete with an award-winning adaptive learning tool

*Inside Texas Politics* Duxbury Resource Center

The Fifth Edition of *American Politics Today* is designed to show students the reality of politics today and how it connects to their own lives. New features--from chapter opening cases that address the kinds of questions students ask, to full-page graphics that illustrate key political processes--show students how politics works and why it matters. All components of the learning package--textbook, InQuizitive adaptive learning tool, and coursepack--are organized around specific chapter learning goals to ensure that students learn the nuts and bolts of American government.

**Constituency Influence in Parliament** University of Nevada Press

The establishment of durable, democratic institutions constitutes

one of the major challenges of our age. As countless contemporary examples have shown, it requires far more than simply the holding of free elections. The consolidation of a legitimate constitutional order is difficult to achieve in any society, but it is especially problematic in societies with deep social cleavages. This book provides an authoritative and systematic analysis of the politics of so-called 'deeply divided societies' in the post Cold War era. From Bosnia to South Africa, Northern Ireland to Iraq, it explains why such places are so prone to political violence, and demonstrates why - even in times of peace - the fear of violence continues to shape attitudes, entrenching divisions in societies that already lack consensus on their political institutions. Combining intellectual rigour and accessibility, it examines the challenge of establishing order and justice in such unstable environments, and critically assesses a range of political options available, from partition to power-sharing and various initiatives to promote integration. The Politics of Deeply Divided Societies is an ideal resource for students of comparative politics and related disciplines, as well as anyone with an interest in the dynamics of ethnic conflict and nationalism.

#### **StataQuest 4** W. W. Norton

This is a student version software of Stata, a powerful data analysis program used by professionals in government, medical, economic, and social science research. It is an affordable, easy-to-use software package designed to help students appreciate statistics visually. Accompanied by a 272-page users guide written by J. Theodore Anagnoson and Richard Edward DeLeon. Governing California in the Twenty-first Century W. W. Norton Canada's parliamentary system has been characterized as "executive-dominant," with governance focused on the "centre," and scholars have paid little attention to the legislature and its members. But members of Parliament are, in fact, primary actors in governance. Constituency Influence in Parliament illuminates how MPs, in their pursuit of various goals in the legislature, play an important representative role in shaping policy. This critical volume offers the first full-scale examination of the rules and conduct of parliamentary Private Members' Business and of the electoral and policy motivations of those who hold the country's highest elected office. Kelly Blidook offers a thought-provoking assessment of the representational and policy dynamics that exist

within the Canadian institutional structure. His examination of what MPs do, why they do it, and what effect it has, serves to resurrect the relevance of Canada's Parliament.

#### **Governing California in the Twenty-First Century** Nova Publishers

The #1 package for thinking critically about the past, present, and future of Texas politics

*Governing California in the Twenty-first Century* W. W. Norton

This text examines the interaction and contention between party leaders and MPs to study the underlying structure of party unity.

California Politics W. W. Norton

Based on the full edition of American Government: Power and Purpose, this brief text combines concise and up-to-date coverage of the central topics in American government with compelling critical analysis. Offering an array of learning tools, the 2008 Election Update Edition uses a refined pedagogical apparatus to help students approach politics and government analytically. KEY FEATURES

- o More flexibility to assign supplementary readings. The Brief Tenth edition is the perfect choice for instructors who want the flexibility to assign readings that go beyond the textbook.

Access to the Norton American Politics Online Reader is free with each new copy, offering an affordable way to provide students with a range of readings to complement the textbook. Special package prices are also available with Norton's other readers in American government, *The Enduring Debate* and *Faultlines*. o More, and more thoughtful, pedagogy than other brief texts.

Several helpful features appear in each chapter to help students learn and review. New "Analyzing the Evidence" units use bold graphics to show students "how we know what we know" about certain political phenomena. "Core of the Analysis" boxes on the first page of every chapter preview the chapter's analysis. "In Brief" boxes are unique to the brief edition and at least one appears in each chapter. The boxes summarize fundamental material in the chapter and have proven invaluable in preparing for exams, according to reviewers. "Key Terms" are boldface in the text and defined in the margin. Numerous figures and tables appear in every chapter. New single-column design is easier to read. Online reader icons next to citations indicate works that are represented in the Norton American Politics Online Reader.

STUDENT RESOURCES The Norton American Politics Online Reader American Government draws on contemporary research

and key scholarship to present the field as political scientists understand it today. The Norton American Politics Online Reader includes over 100 important recent articles and foundational works cited in American Government. Perfect for supplementary reading assignments and special projects, an icon next to the citation in the text indicates that a reading is available in the online reader. Student StudySpace The StudySpace student Web site reinforces the analytical framework of American Government in a proven, task-oriented study plan. Each chapter is arranged according to the effective Organize, Learn, and Connect pedagogy:

- o Organize-This section contains: o Progress Reports to help students organize their study time. o Chapter Summaries and Outlines that help students prepare for readings and tests. o Links to the ebook, which integrates online review materials with the book. o Learn-This section contains: o Diagnostic Quizzes that help students study for midterms and finals. o Vocabulary Flashcards that reinforce knowledge of key terms presented in the text. o Connect-This section contains: o Politics in the News RSS Feed- A weekly RSS feed of New York Times articles, annotated by Paul Gronke (Reed College) helps students keep up-to-date with the latest political news. o Analyzing the Evidence Exercises- These interactive exercises are based on the new "Analyzing the Evidence" units in the text, which explain the significance of the data and the basic methodology that political scientists use to analyze the data

INSTRUCTOR RESOURCES PowerPoint Lecture Slides, Test Bank and an Instructor's Manual.

Schizophrenia Research Trends Emerald Group Publishing Politics is relevant and participation matters.

*Mathematical Maturity via Discrete Mathematics* UBC Press

*Governing California in the Twenty-First Century*, Fourth Edition, introduces students to the basics of California politics and government. Incorporating several of the successful features of *We the People*, the text emphasizes critical thinking and the relevance of government to students' everyday lives. The Fourth Edition has been updated to reflect recent events and newly available data, including an extensive discussion of the 2012 campaigns and elections and the effects of Propositions 20 and 25. It can be used with any American government textbook or on its own.

American Government + Governing California in the Twenty-first Century Springer Nature

A fresh, accessible perspective on the fundamentals  
*Politics in Deeply Divided Societies* W. W. Norton

The text that professors trust to get students thinking analytically about American government now includes new content on how race, gender, and group identity intersect with political behavior and institutions. And, leading scholars have contributed new "Analyzing the Evidence" features that engage students with the questions and methods that political students use themselves. The 2014 Election Update editions include results and analysis from the 2014 election results as well as updated discussions of other important political developments, such as Obama's executive orders on immigration and the new limits on the filibuster. In addition, many figures and tables have been updated with the latest data. *Governing California in the Twenty-First Century*, Fifth Edition, introduces students to the major institutions and processes of California state politics. Incorporating several of the successful features of *We the People*, the text emphasizes critical

thinking and the relevance of state government to students' everyday lives. *Governing California* can be used with any Norton American government textbook or on its own.

***We the People and Governing California in the Twenty-First Century*** Routledge

As this most tumultuous century draws to a close, the need for a concise and trustworthy history is clear. Recent decades have seen the publication of American histories that are either bloated with unnecessary detail or infused with a polemical purpose that undermines their authority. In *Twentieth-Century America*, Thomas C. Reeves provides a fluidly written narrative history that combines the rare virtues of compression, inclusiveness, and balance. From Progressivism and the New Deal right up to the present, Reeves covers all aspects of American history, providing solid coverage of each era without burying readers in needless detail or trivia. This approach allows readers to grasp the major

developments and continuities of American history and to come away with a cohesive picture of the whole of the twentieth century. The volume stresses social and well as political history, emphasizing the roles played by all Americans--including immigrants, minorities, women, and working people--and pays special attention to such topics as religion, crime, public health, national prosperity, and the media. Reeves is careful throughout to present both sides of controversial subjects and yet does not leave readers bewildered about which interpretations are most strongly supported or where to explore these issues more thoroughly. At the conclusion of each chapter, the author cites ten authoritative volumes for further study. The bibliographies, as well as the text, are refreshing in their lack of ideological bent. "Objectivity," Reeves suggests, "is an illusive but worthy goal for the historian." For anyone wishing to achieve a lucid historical overview of the past 100 years, *Twentieth-Century America* is the best place to start.
