Railway Age Diversion Books
An enhanced eBook featuring fifteen videos from investigative reporter Greg Palast's globetrotting, Sam Spade-style investigation—including extraordinary footage of pre-dawn stake-outs of billionaire financial vultures, narrowly avoiding prison in Azerbaijan (shot with a spy-pen camera), exploring the inside a whale carcass in the Arctic and trekking deep in the Amazon rainforest. Watch as Palast connects the dots of corruption between the oil industry, the financial sector, and the government. On April 20, 2010, BP's Deepwater Horizon exploded in the Gulf of Mexico, killing eleven

men and spilling million of barrels of crude oil into the water. Days later, a confidential cable arrives on investigative reporter Greg Palast's desk from a terrified insider. He has the real, hushed-up facts of the disaster--facts that can only be found buried in the files of a Central Asian dictatorship. Taking him and his team of journalist-detectives from the streets of Baku, where Palast searches for a brown valise full of millions, to a small Eskimo village where he hears first hand of the depth of deceit and heartbreaking environmental devastation, to a burnt out nuclear reactor in Japan to Chevron's operations in the Amazon jungle,

Vultures' Picnic charts the course of Palast's quest to bring the truth of the BP disaster to light. Along the way, we see the many other crimes perpetrated by the energy giants of the worlds, the banks that fund their lies, and the governments that turn a blind eye. Like a page-turning spy thriller, full of mystery, intrigue, and featuring a reporter with the guts to get arrested, chase down insiders, or stakeout a Vulture in the still of a winter morning, Vultures' Picnic is pulp non-fiction at its best. It's a journey into the corrupt heart of Big Oil, and behind it, Bigger Finance, exposing once and for all the corporate vultures that feed on the weak, and poison our planet.

The bestselling author of *The Best Democracy Money Can Buy* offers a globetrotting, Sam Spade-style investigation that blows the lid off the oil industry, the banking industry, and the governmental agencies that aren't regulating either. This is the story of the corporate vultures that feed on the weak and ruin our planet in the process—a story that spans the globe and decades. For *Vultures' Picnic*, investigative journalist Greg Palast has spent his career uncovering the connection between the world of energy (read: oil) and finance. He's built a team that reads like a casting call for a Hollywood thriller—a Swiss multilingual investigator, a punk

journalist, and a gonzo cameraman-to reveal how environmental disasters like the Gulf oil spill, the Exxon Valdez, and lesser-known tragedies such as Tatitlek and Torrey Canyon are caused by corporate corruption, failed legislation, and, most interestingly, veiled connections between the financial industry and energy titans. Palast shows how the International Monetary Fund, World Bank, World Trade Organization, and Central Banks act as puppets for Big Oil. With Palast at the center of an investigation that takes us from the Arctic to Africa to the Amazon, *Vultures' Picnic* shows how the big powers in the money and oil game slip the bonds of regulation over and

over again, and simply destroy the rules that they themselves can't write-and take advantage of nations and everyday people in the process.

Lowen Ashleigh is a struggling writer on the brink of financial ruin when she accepts the job offer of a lifetime. Jeremy Crawford, husband of bestselling author Verity Crawford, has hired Lowen to complete the remaining books in a successful series his injured wife is unable to finish. Lowen arrives at the Crawford home, ready to sort through years of Verity's notes and outlines, hoping to find enough material to get her started. What Lowen doesn't expect to uncover in the chaotic office is an unfinished autobiography Verity never intended for anyone to read. Page after page of bone-chilling admissions, including Verity's

recollection of the night her family was forever altered. Lowen decides to keep the manuscript hidden from Jeremy, knowing its contents could devastate the already grieving father. But as Lowen's feelings for Jeremy begin to intensify, she recognizes all the ways she could benefit if he were to read his wife's words. After all, no matter how devoted Jeremy is to his injured wife, a truth this horrifying would make it impossible for him to continue loving her.

In I Never Wanted to Be a Princess - Good Thing or How I lost 380 Pounds without Diet or Exercise, the events are true life experiences, including the issues with the chocolate syrup can. It is a love story, in a sense, sometimes sad, sometimes angry, more times humorous, with a little sarcasm and inspiration thrown in for good measure. The intent-to inspire others to keep up the good fight. Punching a forty-pound long bag helps. We all have storms in our lives, and many have had more

"him-a-caness" and "her-a-caness" than me, but with perseverance, you can turn the page on a new chapter of your life. Even when things go . . . not so much as planned. My situation is not uncommon but is one of the hardest things I have dealt with. Writing this book has given me the insight and desire to go on and want a better life and "find myself" as they say. By doing so, I have gained a healthier, happier, and more successful life. I managed to get through life's trials and tribulations, even when I ran out of chocolate chips. A sense of humor helps to get through. I prefer jeans and a T-shirt over formal attire but can clean up when needed. I think tomboys have

more fun. I can't really judge because I have never been a princess and, most likely, never will be. I begin a diet on Monday and usually quit Monday night or early Tuesday. I rather laugh than cry. I have a deep faith and not going to second-guess that there is a man or woman above that helps us through life with our best interests at heart. I did have a painful weight loss. Tipping the scales broke my heart, but this is not a diet book. Seeing me, you would know I am not a diet expert. From these pages, I hope you are encouraged, get plenty of laughs, and gain a deeper understanding of what it is like to sit on the cold hard toilet seat of life. *The Electrical Journal* Corporations donate
