I Am the Messenger Taylor & Francis

In this New York Times bestseller and longlist nominee for the National Book Award, "our greatest living chronicler of the natural world" (The New York Times), David Quammen explains how recent discoveries in molecular biology affect our understanding of evolution and life's history. In the mid-1970s, scientists began using DNA sequences to reexamine the history of all life. Perhaps the most startling discovery to come out of this new field—the study of life's diversity and relatedness at the molecular level—is horizontal gene transfer (HGT), or the movement of genes across species lines. It turns out that HGT has been widespread and important; we now know that roughly eight percent of the human genome arrived sideways by viral infection—a type of HGT. In *The Tangled Tree*, "the grandest tale in biology....David Quammen presents the science—and the scientists

involved—with patience, candor, and flair" (Nature). We learn about the major players, such as Carl Woese, the most important little-known biologist of the twentieth century; Lynn Margulis, the notorious maverick whose wild ideas about "mosaic" creatures proved to be true; and Tsutomu Watanabe, who discovered that the scourge of antibiotic-resistant bacteria is a direct result of horizontal gene transfer, bringing the deep study of genome histories to bear on a global crisis in public health. "David Quammen proves to be an immensely well-informed guide to a complex story" (The Wall Street Journal). In *The Tangled Tree*, he explains how molecular studies of evolution have brought startling recognitions about the tangled tree of life—including where we humans fit upon it. Thanks to new technologies, we now have the ability to alter even our genetic composition—through sideways insertions, as nature has long been doing. "The Tangled Tree is a source of wonder....Quammen has written a deep and daring intellectual adventure" (The Boston Globe).

Management 3.0 Simon & Schuster

What is a maiden to do when her prince is not a prince, her hair won't stop growing, and someone has cursed her to sleep for 300 years? In Polyhymnia's case, it seems expedient to get up with the help of a kiss or two, trailing her hair behind her, and find out who did it. Nothing quite works out as planned, however. Poly can't be sure if that's because she never seems to be able to remember things like the mysterious spindle that keeps showing up around her, or if it's the fault of the wizard who woke her but never stops long enough to explain anything. Poly is determined in two things: One, that she will find out who cursed her to sleep and meddled with her memories. Two: that she will absolutely not fall in love with the

irritating wizard who seems to need to keep kissing her back into the real world... Spindle is a fairytale retelling of Sleeping Beauty with a dash of Rapunzel. If you love fairytales, clean fantasy, enchanters, and magical villages, not to mention Diana Wynne Jones, Robin McKinley, and Gail Carson Levine, you'll probably love Spindle!

Seriously, Snow White Was So Forgetful! Candlewick Press

The classic work on the evaluation of city form. What does the city's form actually mean to the people who live there? What can the city planner do to make the city's image more vivid and memorable to the city dweller? To answer these questions, Mr. Lynch, supported by studies of Los Angeles, Boston, and Jersey City, formulates a new criterion—imageability—and shows its potential value as a guide for the building and rebuilding of cities. The wide scope of this study leads to an original and vital method for the evaluation of city form. The architect, the planner, and certainly the city dweller will all want to read this book.

The Little Old Lady Who Was Not Afraid of Anything HarperCollins Children's Books

Introduces a realistic approach to leading, managing, and growing your Agile team or organization. Written for current managers and developers moving into management, Appelo shares insights that are grounded in modern complex systems theory, reflecting the intense complexity of modern software development. Recognizes that today's organizations are living, networked systems; that you can't simply let them run themselves; and that management is primarily about people and relationships. Deepens your understanding of how organizations and Agile teams work, and gives you tools to solve your own problems. Identifies the most valuable elements of Agile management, and helps you improve each of them.

The Tin Forest Capstone

If a hungry little traveler shows up at your house, you might want to give him a cookie. If you give him a cookie, he's going to ask for a glass of milk. He'll want to look in a mirror to make sure he doesn't have a milk mustache, and then he'll ask for a pair of scissors to give himself a trim.... The consequences of giving a cookie to this energetic mouse run the young host ragged, but young readers will come away smiling at the antics that tumble like dominoes through the pages of this delightful picture book.

The Tangled Web We Weave Entangled: Select

A classic work of American literature that has not stopped changing minds and lives since it burst onto the literary scene, *The Things They Carried* is a ground-breaking meditation on war, memory, imagination, and the redemptive power of storytelling. *The Things They Carried* depicts the men of Alpha Company: Jimmy Cross, Henry Dobbins, Rat Kiley, Mitchell Sanders, Norman Bowker, Kiowa, and the character Tim O'Brien, who has survived his tour in Vietnam to become a father and writer at the age of forty-three. Taught everywhere—from high school classrooms to graduate seminars in creative writing—it has become required reading for any American and continues to challenge readers in their perceptions of fact and fiction, war and peace, courage and fear and longing. *The Things They Carried* won France's prestigious Prix du Meilleur Livre Etranger and the Chicago Tribune Heartland Prize; it was also a finalist for the Pulitzer Prize and the National Book Critics Circle Award.

The Tiger Rising Penguin

"The great city of Alt Coulumb is in crisis. The moon goddess Seril, long thought dead, is back—and the people of Alt Coulumb aren't happy. Protests rock the city, and Kos Everburning's creditors attempt a hostile takeover of the fire god's church. Tara Abernathy, the god's in-house Craftswoman, must defend the church against the world's fiercest necromantic firm—and against her old classmate, a rising star in the Craftwork world"--Amazon.com.

DON'T MISS BRIDGE OF CLAY, MARKUS ZUSAK'S FIRST NOVEL SINCE THE BOOK THIEF AND AN UNFORGETTABLE AND SWEEPING FAMILY SAGA. From the author of the extraordinary #1 New York Times bestseller *The Book Thief*, *I Am the Messenger* is an acclaimed novel filled with laughter, fists, and love. A MICHAEL L. PRINTZ HONOR BOOK FIVE STARRED REVIEWS Ed Kennedy is an underage cabdriver without much of a future. He's pathetic at playing cards, hopelessly in love with his best friend, Audrey, and utterly devoted to his coffee-drinking dog, the Doorman. His life is one of peaceful routine and incompetence until he inadvertently stops a bank robbery. That's when the first ace arrives in the mail. That's when Ed becomes the messenger. Chosen to care, he makes his way through town helping and hurting (when necessary) until only one question remains: Who's behind Ed's mission?

Insurrecto Melville House

Title sequences are the most obvious place where photography and typography combine on-screen, yet they are also a commonly neglected part of film studies. *Semiotics and Title Sequences* presents the first theoretical model and historical consideration of how text and image combine to create meaning in title sequences for film and television, before extending its analysis to include subtitles, intertitles, and the narrative role for typography. Detailed close readings of classic films starting with *The Cabinet of Dr. Caligari*, and including *To Kill A Mockingbird*, *Dr. Strangelove*, and *The Good, the Bad and the Ugly*, along with designs from television programs such as *Magnum P.I.*, *Castle*, and *Vikings* present a critical assessment of title sequences as both an independent art form and an introduction to the film that follows.

Falling for Rapunzel Key Education Publishing

A National Book Award finalist by Newbery Medalist Kate DiCamillo. Walking through the misty Florida woods one morning, twelve-year-old Rob Horton is stunned to encounter a tiger—a real-life, very large tiger—pacing back and forth in a cage. What's more, on the same extraordinary day, he meets Sistine Bailey, a girl who shows her feelings as readily as Rob hides his. As they learn to trust each other, and ultimately, to be friends, Rob and Sistine prove that some things—like memories, and heartache, and tigers—can't be locked up forever. Featuring a new cover illustration by Stephen Walton.

Number the Stars HarperCollins

National Book Award Finalist: "This man's ideas may be the most influential, not to say controversial, of the second half of the twentieth

century."—Columbus Dispatch At the heart of this classic, seminal book is Julian Jaynes's still-controversial thesis that human consciousness did not begin far back in animal evolution but instead is a learned process that came about only three thousand years ago and is still developing. The implications of this revolutionary scientific paradigm extend into virtually every aspect of our psychology, our history and culture, our religion—and indeed our future. "Don't be put off by the academic title of Julian Jaynes's *The Origin of Consciousness in the Breakdown of the Bicameral Mind*. Its prose is always lucid and often lyrical...he unfolds his case with the utmost intellectual rigor."—The New York Times "When Julian Jaynes . . . speculates that until late in the twentieth millennium BC men had no consciousness but were automatically obeying the voices of the gods, we are astounded but compelled to follow this remarkable thesis."—John Updike, *The New Yorker* "He is as startling as Freud was in *The Interpretation of Dreams*, and Jaynes is equally as adept at forcing a new view of known human behavior."—American Journal of Psychiatry **Tales of Rapunzel #2: Opposites Attract (Disney Tangled the Series)** Severn House Publishers Ltd

A witty twist on a favourite fairy tale, this bold and funny story removes the handsome prince altogether, making Rapunzel the mistress of her own destiny. Golden-haired princess Rapunzel is kept trapped in her lofty tower by a wicked witch, who lops off locks of her beautiful hair and sells them for her own profit. Can Rapunzel ever figure out a way to escape? From the creator of *Little Red*, a New York Times Best Illustrated Children's Book, Bethan Woollvin's unique and striking art, printed with stunning pantone inks, and her drily comic voice make this the perfect gift for fairy tale fans of all ages.

The Origin of Consciousness in the Breakdown of the Bicameral Mind Penguin

Tangled: The Series on Disney Channel is set between the events of the original film and the start of *Tangled Ever After*. The series follows the long-locked Rapunzel (voiced by Mandy Moore) as she acquaints herself with her parents, her kingdom, and the people of Corona. Realizing there is much more she needs to learn before she can truly accept her royal destiny, Rapunzel puts her crown—and her marriage—on hold to seek out epic adventures, much to the dismay of her father, the King. Accompanying Rapunzel on her journey is the charming Eugene (voiced by Zachary Levi); the plucky chameleon sidekick, Pascal; the no-nonsense horse, Maximus; the Snuggly Duckling pub thugs; and newcomer Cassandra, a tough-as-nails handmaiden who becomes Rapunzel's confidante. Two favorite episodes of Disney Channel's hit show *Tangled: The Series* are retold in each collectible chapter book with black-and-white illustrations throughout. They're perfect for adventure-loving kids and Disney Princess fans ages 6 to 9. The long blond hair is back in *Disney Tangled: The Series*, an animated series that continues the fantastic adventures of Rapunzel and Eugene that began in Disney's 50th animated classic, *Tangled*.

Tangled Webs Pan Macmillan

A rash of demonic infestations threatens the city of Dresediel Lex, and a young man with a haunted past and an addiction to risk searches for the reason why.

Tangled Hearts Melville House

Growing up on a pirate ship, every day was full of adventure for Pandora Wyatt. It was also the perfect place for her to use her magic without persecution. But after her surrogate father is imprisoned in the Tower of London, Pandora leaves the safety of the vessel to rescue him before he's executed. She expects her mission to be difficult, but what she doesn't expect is to have her life saved by the sexiest man she's ever met. Highland warrior Ewan Brody always wanted a sweet, uncomplicated woman by his side, but he can't fight his attraction to the beautiful enchantress who's stumbled into his life. He quickly learns, though, that Pandora is not only a witch, but also a pirate and possibly a traitor's daughter—and though she's tricked him into playing her husband at King Henry's court, he's falling hard. Soon, they begin to discover dark secrets leading to the real traitor of the Tudor court, the one Ewan was hired to capture. Now, Ewan and Pandora must uncover the truth before they lose more than just their hearts. The *Highland Hearts* series can be read out of order, but is best enjoyed in order. Reading Order: Book #1 *Captured Heart* Book #2 *Tangled Hearts* Book #3 *Untamed Hearts* Book #4 *Crimson Heart* Book #5 *Highland Heart*

Rapunzel Knopf Books for Young Readers

A told B, and B told C, I'll meet you at the top of the coconut tree In this lively alphabet rhyme, all the letters of the alphabet race each other up the coconut tree. Will there be enough room? Oh, no -- Chicka Chicka Boom Boom! The well-known authors of *Barn Dance* and *Knots on a Counting Rope* have created a rhythmic alphabet chant that rolls along on waves of fun. Lois Elhert's rainbow of bright, bold, and cheerful colors makes the merry parade of letters unforgettable.

If You Give a Mouse a Cookie 25th Anniversary Edition Macmillan

'A clever reworking of a classic story. The little old lady's fearless attitude and her clever solution as to what to do with the lively shoes, pants, shirt and pumpkin head that are chasing her will enchant young audiences. With brilliantly colored, detailed folk art illustrations. A great purchase.' —SLJ. Children's Choices for 1987 (IRA/CBC) Notable 1986 Children's Trade Books in Social Studies (NCSS/CBC) Children's Books of 1986 (Library of Congress) 1988 Keystone to Reading Book Award (Pennsylvania Reading Association)

Four Roads Cross Pan Macmillan

What if Rapunzel's mother drank from the wrong flower? For as long as she can remember, Rapunzel has stayed in the tower, knowing her silver hair's intense powers are dangerous, even deadly. But when she is drawn out of the only home she's ever known, she gets caught up in an exciting quest across the kingdom. And soon Rapunzel learns that there may be more to her story, and her magical tresses, than she ever thought possible ...

The Best Storytelling Book Ever!, Grades PK - K Pearson Education

Joyce Dyer's memoir offers readers a rare and authentic glimpse into the world and culture of an Alzheimer's special care unit. Her mother is the central focus, but we come to know an entire group of people, each in various stages of Alzheimer's and each affected in a different way by its ravages. Through the inhabitants of the unit, and through the staff that cares for them, we learn about Alzheimer's disease, and about the boundlessness of the human spirit. Dyer offers no cure for Alzheimer's, but she does discover wonder and hope. This is a powerful book, filled with pain and sadness, but one that demonstrates the irony that this devastating disease can offer occasion for joy and laughter as well.
