The Wisdom of Ben Sira (Ecclesiasticus) contains the sayings of Ben Sira, arguably the last of Israel's wise men and its first professional scribe, whose world was defined and dominated by Greek ideas and ideals. This Hellenistic worldview challenged the adequacy of the religion passed down to the Palestinian Jews of the second century B.C.E. by their ancestors. Ben Sira's training in both Judaic and Hellenistic literary traditions prepared him to meet this challenge. He vigorously opposed any compromise of Jewish values; and his teachings bolstered the faith and confidence of his people. Through its elegant poetry and vehement exhortations, *The Wisdom of Ben Sira* exposes the ill effects of sinful behavior on one's health, status, and spiritual and material well-being. Ben Sira's rigorous code of moral behavior was the measure of Jewish faithfulness in an era of ethical and religious bankruptcy.

Con questo corso avrete in mano uno strumento che, sia per la struttura sia per il tono, talvolta umoristico, risulta essenziale e di facile approccio per l'apprendimento dell'inglese in una visuale più ampia di quella prettamente scolastica: proprio attraverso i molteplici aspetti trattati, che pur essendo tradizionali, letterari, di grammatica e di costume, presentano comunque riscontri attuali finalizzati ad un uso quotidiano della lingua secondo le esigenze dei nostri tempi. Oggi ci si può lasciare alle spalle il luogo comune secondo cui l'inglese presenti una tanto elementare grammatica quanto una difficoltosa pronuncia, poichè il corso ha voluto puntare sul fatto che una frase inglese possa essere paragonata ad una cantilena: seguendo quest'ottica vengono resi più chiari l'uso della forma contratta e la cadenza data dagli accenti tonici. Mai come per questa lingua il metodo Assimil ha avuto la migliore applicazione ed il più ampio successo!
