**Imprinted Tattoos (The Lost One's Book 1)** The Shadow Student  
A mysterious shipwreck could unlock

ancient powers... or send her to a watery grave. Targa MacAuley feels more at home on dry land than in the watery realm of her mermaid ancestors. After 17 years on solid ground, she fears she'll never grow into the creature her mother hoped she'd become. To keep her mom's homesickness and true identity under wraps, Targa signs on for a mysterious salvage dive in the Baltic Sea. Her plan to blend in with the rest of the crew is spoiled when she catches the eye of a handsome local. A freak accident and a strange connection to the ancient shipwreck below attract even more unwanted attention. With both her

mom's secret-and her life-in danger, Targa must finally find the courage to unleash the currents surging deep within. *Born of Water* is a Readers Favorite Gold Medal Winner and the first book in The Elemental Origins, a captivating nonlinear series of YA urban fantasy novels, now updated in celebration of its 5th anniversary. If you like new twists on mermaid lore, simmering romance, and close-knit mother-daughter bonds, then you'll love A.L. Knorr's nautical adventure. Embark on a deeper dive into the story's lore with *The Wreck of Sybellen*, a companion novel included with the book.

Heroes and Villains are known for their dedication to one nemesis. But what do they do when they need a new one? Up-and-coming teen superhero Cortex is on top of the world—at least, until his villain dumps him. If he's going to save his reputation, he needs a new villain to fight, and fast. Meanwhile, the villainous Vortex has once again gotten a little overeager and taken out a hero prematurely. Will any young hero be able to keep up with her? Maybe she should work on finding a steady relationship with an enemy she won't kill in the first round. Enter Meta-Match, a nemesis pairing site for heroes and villains. The two match right away, and after throwing punches at each other behind coffee shops, practicing their fight choreography, and hiring henchmen to do their bidding (mostly just getting them coffee), they realize they have a lot more in common than names that annoyingly rhyme. After all, they're still rising through the ranks in their respective circles, and their reputations need good press. But not everything in the superhero world is as it seems. Can a hero really trust a villain to

do the right thing? And can a villain trust a hero not to screw them over? As darkness from the past threatens them both, they may need each other for the fight to come—one with much higher stakes than their choreographed meet-ups on weekends. Told entirely through texts, transcriptions, and direct messages, this darkly humorous chat fiction rom-com goes behind the scenes of the superworld. Wraithwood Warwick House Press Arden's search for her destiny inadvertently revealed the true lineage of witches everywhere and a secret history hidden long ago. But Arden and the Imperium Cadre will find the road to the past riddled with battle, betrayal and millennium old secrets. My one piece of advice: Never kiss a stranger. See, I kind of kissed this sexy man at the bar on a dare once, and it turns out he's a Royal Fae destined to be my mate. Now I've been dragged to the Elemental Fae Academy to control the powers I unlocked that night. So kissing? Yeah, that won't happen again. Nope. Lesson learned. Except, I kind of kissed Titus, too. And well, now, I'm in a world of trouble. I keep burning things down, flooding dorms, and I've attracted the campus mean girl brigade. This Fae Realm is a nightmare come to life. Truly. But there are dreams here, too. Sexy ones. And they're in the form of five Elemental Fae mentors. They're supposed to help me control my powers, but who's going to keep the elements from controlling me? *Night Shade Academy* Harlequin  
Kate Connelly should be careful what she wishes for. Just seventeen, she already feels like she's suffocating. Since her mother's death, her father has basically checked out, so she's stuck raising her brothers by herself out in the New Mexico scrub. All Kate wants is a little distraction from the same-ole, same-ole that is her

life. When two mysterious guys show up at the diner where she works, she thinks her wish has come true, until they start giving her a hard time. Like her life isn't hard enough. Something about them niggles her, but she brushes it off. She's never going to see them again anyway . . . right? Then they appear in an alley one night, to either rescue or kidnap her (she's still not sure which), before disappearing like figments of her imagination. Kate decides to put the bizarre encounters out of her mind. She has bigger problems to worry about: like that elite military academy that's been pursuing her gifted little brother. When one of their cadets shows up at school, he creates instant pandemonium. And just happens to be one of those mysterious guys. Coincidence? Mama said there's no such thing. And to always trust her instinct. But that might be kind of hard, because every time she's around Cadet Peter Davenport, her gut starts flip-flopping on her. And her heart. #### The Rowan's Stone

Welcome to Darkblood-oops, I mean Darkhen Academy. There are three rules to survive the elite supernatural school: 1. Do not talk or even look at The Seven, the uber-powerful supes that rule the academy. 2. Never go into the Fae forest on a full moon... or else. 3. And most definitely do not fall for one of the extremely hot and unattainable instructors. Too bad I've never really been a rule follower... A year ago the supernaturals came out of the closet on primetime TV, and about a minute ago I, Luna Hallows, found out I was one of them-well, a half-blood anyway. So here I am at Darkhen Academy, the only human and no magical abilities to speak of. The only reason I'm here is because of my father-a man I didn't even know existed

until now. He's crazy powerful, and they think I could be too. But what could I possibly contribute to an exclusive squad of dragon shifters, fae, witches, and vampires? I guess we're about to find out because the merging of the supernatural

and human realms isn't going as smoothly as planned. If word gets out that humans are no longer safe from the supes, our worlds will once again be closed off. It's up to us to stop that from happening. \*\*\*This is an upper YA/NA crossover with schmexy supernatural guys and is best suited for

age 16 and over. Be warned, the steaminess factor does increase through the course of the series! \*\*\*Darkblood Academy is set within the world of Hitched but it's not necessary to read that series first to enjoy this one.
