What is a Victorian lady's formula for love? Mix one brilliant noblewoman and her enigmatic protection officer. Add in a measure of danger and attraction. Heat over the warmth of humor and friendship, and the result is more than simple chemistry--it's elemental. Lady Violet is keeping secrets. First, she founded a clandestine sanctuary for England's most brilliant female scientists. Second, she is using her genius on a confidential mission for the Crown. But the biggest secret of all? Her feelings for protection officer Arthur

Kneland. Solitary and reserved, Arthur learned the hard way to put duty first. But the more time he spends in the company of Violet and the eccentric club members, the more his best intentions go up in flames. Literally. When a shadowy threat infiltrates Violet's laboratories, endangering her life and her work, scientist and bodyguard will find all their theories put to the test--and learn that the most important discoveries are those of the heart.

Mila "Don't let go." Those were my first words to him, as I hung over the side of a London bridge. The words I would soon say again, in a moment that didn't involve bridges, but something much more fragile: my heart. He held onto me for three weeks, in a time when I needed to be held. Needed to connect to someone who understood how loss tunneled unrepentantly through the fabric of your soul. Although he said he'd stay, we both knew he wouldn't. I had already survived one loss-I didn't know if I'd survive another. Ames She spun into my life like a tornado of smiles and chatter and everything else I'd long avoided, with a persistence that I admired, albeit begrudgingly. She broke down each neat wall I'd constructed without even trying. Her presence alone caused me to remember what it felt like to smile, to look forward to what the day would bring. But it was only supposed to last three weeks. "Don't let go," she'd pleaded. I'd promised her I wouldn't-but I would. I didn't have a choice.

The challenges and lessons presented in *Love is Real* aren't what somebody thought would sound good. These are all things I have done, and I can personally attest to the power of every challenge in impacting your life. A lot of the content, especially in Parts 1 and 2, is very heavy. It's stuff that none of us want to talk about, but guess what? They're problems that many of us face. We all wear masks that say we're okay all the time, and it makes us feel as though we are the only people hiding real problems beneath. I'm ripping off the mask and showing the world all of me. It's my hope that if you've hit a point where there doesn't seem to be a way out, this will help you realize you are not alone. I was in a very dark place for over a decade. This book is based on the lessons I've learned from people who actually live the kind of life that I had wanted for so long. It doesn't matter how many times

you've messed up; you can make a change. I have a life now I never dreamed possible. That life is waiting for you, and you don't have to struggle as I did to get it. In a world filled with books claiming they have the answers, the last thing you want to do is waste your time. So, how is this self-help book different from all the others? This book isn't meant to be just a pleasant read. When I say we're starting a life-changing journey together, that's not hyperbole. The lessons in this series literally rebuilt my life. They can do the same for you. In this book, you will learn coping mechanisms and lifestyle choices to help you through tough times. More than anything, I hope to help you avoid the stumbling blocks that hindered me for over a decade. Don't throw away years of your life like I did. Leave a legacy that will impact not only your life but the lives of generations to come.

The Booker Prize-nominated author of *Derby Day* delivers a sumptuous cultural history as seen through the lives of four enigmatic women. Who were the Lost Girls? Chic, glamorous, and bohemian, as likely to be found living in a rat-haunted maisonette as dining at the Ritz, Lys Lubbock, Sonia Brownell, Barbara Skelton, and Janetta Parlade cut a swath through English literary and artistic life at the height of World War II. Three of them had affairs with Lucian Freud. One of them married George Orwell. Another became the mistress of the King of Egypt. They had very different—and sometimes explosive—personalities, but taken together they form a distinctive part of the wartime demographic: bright, beautiful, independent-minded women with tough upbringings who were determined to make the most of their lives in a chaotic time. Ranging from Bloomsbury and Soho to Cairo and the couture studios of Schiaparelli and Hartnell, the Lost Girls would inspire the work of George Orwell, Evelyn Waugh, Anthony Powell, and Nancy Mitford. They are the missing link between the Lost Generation and Bright Young People and the Dionysiac cultural revolution of the 1960s. Sweeping, passionate, and unexpectedly poignant, this is their untold story.

"Sarah Jio weaves past and present in this eminently readable novel about love, gratitude, and forgiveness. I tore through the pages!"—New York Times bestselling author Christina Baker Kline  
Two women are connected across time by the city of Paris, a mysterious stack of love letters, and shocking secrets sweeping from World War II to the present—for readers of Sarah's Key and *The Nightingale*. When Caroline wakes

up in a Paris hospital with no memory of her past, she's confused to learn that for years she's lived a sad, reclusive life in a sprawling apartment on the rue Cler. Slowly regaining vague memories of a man and a young child, she vows to piece her life back together—though she can't help but feel she may be in danger. A budding friendship with the chef of a charming nearby restaurant takes her mind off her foggy past, as does a startling mystery from decades prior. In Nazi-occupied Paris, a young widow named Céline is trying to build a new life for her daughter while working in her father's flower shop and hoping to find love again. Then a ruthless German officer discovers her Jewish ancestry and Céline is forced to play a dangerous game to secure the safety of her loved ones. When her worst fears come true, she must fight back in order to save the person she loves most: her daughter. When Caroline discovers Céline's letters tucked away in a closet, she realizes that her apartment harbors dark secrets—and that she may have more in common with Céline than she could have ever imagined. All the Flowers in Paris is an emotionally captivating novel rooted in the resiliency and strength of the human spirit, the steadfastness of a mother's love, and the many complex layers of the heart—especially its capacity to forgive. "Heart-stopping . . . Fans of emotional, romantic stories set during World War II will enjoy this heartbreaking tale of love and loss."—Booklist

**For the Love of London** Forever Yours Reminiscent of Martha Hall Kelly's *Lilac Girls* and Kristin Hannah's *The Nightingale*, this entrancing story "is a poignant reminder that there is no limit to what women can do. A nostalgic, engrossing read" (Julia London, New York

Times bestselling author). It's easier for Cara Hargraves to bury herself in the past than to deal with the present, which is why working for a gruff but brilliant antiques dealer is perfect. While clearing out an estate, she pries open an old tin that holds the relics of a lost relationship: an unfinished diary from World War II and a photo of a young woman in uniform. Captivated by the hauntingly beautiful diary, Cara begins her search for the author, never guessing that it might reveal her own family's wartime secrets. In 1941, nineteen-year-old Louise Keene feels trapped in her Cornish village, waiting for a wealthy suitor her mother has chosen for her to return from the war. But when Louise meets Flight Lieutenant Paul Bolton, a dashing RAF pilot stationed at a local base, everything changes. And changes again when Paul's unit is deployed without warning. Desperate for a larger life, Louise joins the women's auxiliary branch of the British Army in the anti-aircraft gun unit as a gunner girl. As bombs fall on London, she and the other gunner girls show their bravery and resilience while performing their duties during deadly air raids. The only thing that gets Louise through those dark, bullet-filled nights is knowing that she and Paul will be together when the war is over. But when a bundle of her letters to him is returned unopened, she learns that wartime romance can have a much darker side. "Sweeping, stirring, and heartrending in all the best ways, this tale of one of WWII's courageous, colorful, and enigmatic gunner girls will take your breath away" (Kristin Harmel, bestselling author of *The Room on Rue Amelie*). *Love Is Real* Entangled: Embrace The Lockhart brothers, indebted to their rival Payton Douglas and unable to raise

the necessary funds, offer him their sister Mared's hand in marriage, and her secret plans to ensure that Douglas will not take the bargain fly out the window once she lays eyes on her handsome, virile enemy.

**With Love from London** Hachette UK Exploring the rich diversity of London through a series of urban forest trails, this new, expanded edition of London is a Forest uncovers the fascinating stories and secrets the city holds. Through seven carefully devised paths, author Paul Wood explores the urban forest's geography, its past and future, and looks at the remarkable variety of life supported in this unique metropolitan

ecosystem. For curious Londoners and anyone who's fascinated by nature, a wealth of arboreal details, history, myth and anecdotes are revealed along the way. Complementing the trails, Wood looks in more detail at the fascinating stories of some of the iconic, and some of the less obvious species that define the urban forest. In London, 9 million people are crammed into just 600 square miles alongside 8.5 million trees. According to one UN definition, this makes the city a forest. The Forestry Commission agree, describing London as the world's largest urban forest. And a particularly diverse and historic urban forest at that.
