This Read & Listen edition contains audio narration.

Hop on Pop Houghton Mifflin Harcourt

When the narrator of this story discovers she's going to have a new little brother, she's not so sure she wants one. Neither is Bubbit, her very special blue wool bunny. Her grandmother, Nonni, made Bubbit for her when she was born, so they're practically like twins. Soon it's time for the baby to be born. Nonni comes to stay, and she brings her sewing box. And before long, the narrator has decided to sew her new baby brother something almost as special as Bubbit. Sweetly illustrated, this is the perfect book for crafty kids as well as families expecting a new baby.

A Vietnamese Refugee, a Viral Video, and the United Airlines Scandal That Started It All “His refusal to give up his seat on a United Airlines flight, and the ensuing assault he suffered, is emblematic of how far we, the people, still have to travel to create a world with liberty and justice for all.”

—Marlena Fiol, PhD, globally recognized scholar and speaker and author of Nothing Bad Between Us Dr. David Dao was dragged off United Express Flight 3411 on April 9, 2017 after refusing to give up his seat. In the tradition of contemporary immigrant stories comes a personal narrative of the many small but significant acts of racial discrimination faced on the way to the American Dream. The unseen effects of discrimination. The United Airlines scandal of 2017 garnered over a million views on YouTube. A result of an overbooking overlook, security officials forcibly removed Dr. Dao after refusing to give up his seat. He awoke in the hospital to a concussion, a broken nose, several broken teeth, and worldwide attention. Things aren't always fair for an immigrant, but according to Dr. Dao, you can prevail if you firmly advocate for yourself. A response to a lifetime of oppressive acts. Why was Dr. Dao so adamant on his right to a seat? His entire life had led to that moment. A Vietnamese refugee, he fled his home country during the fall of Saigon. He was stranded in the Indian Ocean, immigrated to the United States, enrolled in medical school for a second time, built a practice, and started a family—all the while battling the effects of discrimination and what he had to embrace as a result. This is his story. If you are moved by immigrant stories, or books like America for Americans, Minor Feelings, How to Be an Antiracist, or The Making of Asian America, then you'll want to read Dr. David Dao's story, Dragged Off.

"I too am not a bit tamed—I too am untranslatable / I sound my barbaric yawp over the roofs of the world."—Walt Whitman, "Song of Myself," Leaves of Grass The American Yawp is a free, online, collaboratively built American history textbook. Over 300 historians joined together to create the book they wanted for their own students—an accessible, synthetic narrative that reflects the best of recent historical scholarship and provides a jumping-

off point for discussions in the U.S. history classroom and beyond. Long before Whitman and long after, Americans have sung something collectively amid the deafening roar of their many individual voices. The Yawp highlights the dynamism and conflict inherent in the history of the United States, while also looking for the common threads that help us make sense of the past. Without losing sight of politics and power, The American Yawp incorporates transnational perspectives, integrates diverse voices, recovers narratives of resistance, and explores the complex process of cultural creation. It looks for America in crowded slave cabins, bustling markets, congested tenements, and marbled halls. It navigates between maternity wards, prisons, streets, bars, and boardrooms. The fully peer-reviewed edition of The American Yawp will be available in two print volumes designed for the U.S. history survey. Volume I begins with the indigenous people who called the Americas home before chronicling the collision of Native Americans, Europeans, and Africans. The American Yawp traces the development of colonial society in the context of the larger Atlantic World and investigates the origins and ruptures of slavery, the American Revolution, and the new nation's development and rebirth through the Civil War and Reconstruction. Rather than asserting a fixed narrative of American progress, The American Yawp gives students a starting point for asking their own questions about how the past informs the problems and opportunities that we confront today.
