TIANA LILIAN

Where the Stars Still Shine National Geographic Books
Everyone's favorite classroom pet is now starring in chapter books! Humphrey has had lots of adventures as the classroom pet of Room 26, but never one like this. He is going on a campout in the backyard with Heidi and her friends! There's stargazing, roasting marshmallows, searching for creepy-crawlies—and then there are the prank-loving boys next door, who want to prove that the girls are scaredy-cats. Humphrey doesn't think girls are scaredy-cats. He doesn't think girls are like cats at all. Can this VERY-VERY-VERY small hamster show them with a hairy-scary trick of his own? With sweet illustrations and an easy reading

level, Humphrey's Tiny Tales are hamster-iffic for emerging readers.

Data India University of Texas Press

How do industrial firms in developing countries contend with and survive acute shortages of physical infrastructure? Gulyani examines the impact of inadequate power and freight transportation on the costs and competitiveness of Indian automobile firms and the innovative coping strategies that firms devise. Using in-depth firm-level surveys and supply-chain analysis, this study provides a unique perspective into the infrastructure problem and possible solutions. It identifies unconventional approaches and solutions that firms and governments can use to improve industrial access to infrastructure.

The Darkangel HarperCollins

Can Charlie Bumpers be a polite Thanksgiving host to the most annoying cousin in the universe? It's Thanksgiving in the Bumpers' household, and Charlie has to be the perfect host to his annoying little cousin, Chip. Chip makes everything hard for Charlie—gets him in trouble, ruins his things, and generally makes a nuisance of himself. On top of that, for homework, his fourth-grade teacher Mrs. Burke has assigned him the task of writing what a family means to him. Will Charlie be able to see past his "turkey" of a cousin to understand the real meaning of family? Black and white illustrations throughout.

Tele-oncology Penguin

POPULATION HEALTH SCIENCE formalizes an emerging discipline at the crossroads of social and medical sciences, demography, and economics--an emerging approach to population studies that represents a seismic shift in how traditional health sciences measure and observe health events. Bringing together theories and methods from diverse fields, this text provides grounding in the factors that shape population health. The overall approach is one of consequentialist science: designing creative studies that identify causal factors in health with multidisciplinary rigor. Distilled into nine foundational principles, this book guides readers through population science studies that strategically incorporate: · macrosocial factors · multilevel, lifecourse, and systems theories · prevention science fundamentals · return on investment · equity and efficiency Harnessing the power of scientific inquiry and codifying the knowledge base for a burgeoning field, POPULATION HEALTH SCIENCE arms readers with tools to shift the curve of population health.

Devoted to Chess Oxford University Press

While Africans and their descendants have lived in Mexico for centuries, many Afro-Mexicans do not consider themselves to be either black or African. For almost a century, Mexico has promoted an ideal of its citizens as having a combination of indigenous and European ancestry. This obscures the presence of African, Asian, and other populations that have contributed to the growth of the nation. However, performance studies—of dance, music, and theatrical events—reveal the influence of African people and their cultural productions on Mexican society. In this work, Anita González articulates African ethnicity and artistry within the broader panorama of Mexican culture by featuring dance events that are performed either by Afro-Mexicans or by other ethnic Mexican groups about Afro-Mexicans. She illustrates how dance reflects upon social histories and relationships and documents how residents of some sectors of Mexico construct their histories through performance. Festival dances and, sometimes, professional staged dances point to a continuing negotiation among Native American, Spanish, African, and other ethnic identities within the evolving nation of Mexico. These performances embody the mobile histories of ethnic encounters because each dance includes a spectrum of characters based upon local situations and historical memories.

The Craft of Stone Brewing Co. Springer

The Darkangel, a vampire of astounding beauty and youth, can only summon his full power when he finds his 14th and final bride. But for Aerial, whom he kidnaps to serve his brides, there is something about him--something beyond his obvious evil--that makes her want to save him rather than destroy him. The

Darkangel--Pierce's first book, originally released in 1982--was an ALA Best Book for Young Adults, a New York Times Notable Children's Book, a Parent's Choice Award Superbook, and a Booklist Best Book of the Decade.

Song of the Brook Holiday House

A highly original study of newspaper cartoons throughout India's history and culture, and their significance for the world today.

Annual Report Cambridge University Press

This book explains how telemedicine can offer solutions capable of improving the care and survival rates of cancer patients and can also help patients to live a normal life in spite of their condition. Different fields of application - community, hospital and home based - are examined, and detailed attention is paid to the use of tele-oncology in rural/extreme rural settings and in developing countries. The impact of new technologies and the opportunities afforded by the social web are both discussed. The concluding chapters consider eLearning in relation to cancer care and assess the scope for education to improve prevention. No medical condition can shatter people's lives as cancer does today and the need to develop strategies to reduce the disease burden and improve quality of life is paramount. Readers will find this new volume in Springer's TElE Health series to be a rich source of information on the important contribution that can be made by telemedicine in achieving these goals.

This textbook provides a highly coordinated, interdisciplinary model for future clinical cancer supportive care programs in National Cancer Institute (NCI)-designated Clinical and Comprehensive Cancer Centers and NCI Community Oncology Research Programs (NCORPs). At the same time, it is intended to serve as an up-to-date resource for oncologists and primary care providers that addresses the many aspects of supportive care associated with cancer survivorship. Accordingly, the book covers a wide range of areas and topics, including but not limited to patient navigation, psychosocial oncology, patient and family education, lifestyle change counseling, palliative care, symptom management (eg. Pain control), cancer risk and genetic counseling, and financial planning.

Around My French Table New In Chess

Telemedicineâ€"the use of information and telecommunications technologies to provide and support health care when distance separates the participantsâ€"is receiving increasing attention not only in remote areas where health care access is troublesome but also in urban and suburban locations. Yet the benefits and costs of this blend of medicine and digital technologies must be better demonstrated before today's cautious decision-makers invest significant funds in its development. Telemedicine presents a

framework for evaluating patient care applications of telemedicine. The book identifies managerial, technical, policy, legal, and human factors that must be taken into account in evaluating a telemedicine program. The committee reviews previous efforts to establish evaluation frameworks and reports on results from several completed studies of image transmission, consulting from remote locations, and other telemedicine programs. The committee also examines basic elements of an evaluation and considers relevant issues of quality, accessibility, and cost of health care. Telemedicine will be of immediate interest to anyone with interest in the clinical application of telemedicine.

Happily-ever-after is never quite what you expect in this hot and gritty romance.

Caricaturing Culture in India World Bank Publications

Contributions by Surhid Gautam and Lit-Mian Chan. This book presents a state-of-the-art review of vehicle emission standards and regulations and provides a synthesis of worldwide experience with vehicle emission control technologies and their applications in both industrial and developing countries. Topics covered include: * The two principal international systems of vehicle emission standards: those of North America and Europe * Test procedures used to verify compliance with emissions standards and to estimate actual emissions * Engine and aftertreatment technologies that have been developed to enable new vehicles to comply with emission standards, as well as the cost and other impacts of these technologies * An evaluation of measures for controlling emissions from in-use vehicles * The role of fuels in

reducing vehicle emissions, the benefits that could be gained by reformulating conventional gasoline and diesel fuels, the potential benefits of alternative cleaner fuels, and the prospects for using hydrogen and electric power to run motor vehicles with ultra-low or zero emissions. This book is the first in a series of publications on vehicle-related pollution and control measures prepared by the World Bank in collaboration with the United Nations Environment Programme to underpin the Bank's overall objective of promoting transport that is environmentally sustainable and least damaging to human health and welfare.

Student Learning in South Asia Ten Speed Press

Understand the impact of a global ageing population on how products are bought, and the effect this has on how to market and advertise these products and services to the older generation of consumers. Contains models for companies to evaluate the success of their own strategies, with tools for improving their age-friendly marketing campaigns.

Marketing to the Ageing Consumer National Academies Press

Available for the first time in an American edition, this debut cookbook, from bestselling authors Yotam Ottolenghi and Sami Tamimi of Plenty and Jerusalem, features 140 recipes culled from the popular Ottolenghi restaurants and inspired by the diverse culinary traditions of the Mediterranean. Yotam Ottolenghi's four eponymous restaurants—each a patisserie, deli, restaurant, and bakery rolled into one—are among London's most popular culinary destinations. Now available for the first time in an American edition and updated with US measurements throughout, this debut cookbook from the celebrated, bestselling authors of Jerusalem and Plenty features 140 recipes culled from

the popular Ottolenghi restaurants and inspired by the diverse culinary traditions of the Mediterranean. The recipes reflect the authors' upbringings in Jerusalem yet also incorporate culinary traditions from California, Italy, and North Africa, among others. Featuring abundant produce and numerous fish and meat dishes, as well as Ottolenghi's famed cakes and breads, Ottolenghi invites you into a world of inventive flavors and fresh, vibrant cooking.

Humphrey's Creepy-Crawly Camping Adventure Springer

From the craft favorite brewery, a guide to making the best beer at home, with accompanying recipes and insider lore. Since its inception in 1996, Stone Brewing Co. has been the fastest growing brewery in the country. Beer lovers gravitate to its unique line-up, which includes favorites such as Stone IPA and Arrogant Bastard Ale. This insider's guide focuses on the history of Stone Brewing Co., and shares homebrew recipes for many of its celebrated beers including Stone Old Guardian Barley Wine, Stone Smoked Porter, and Stone 12th Anniversary Bitter Chocolate Oatmeal Stout. In addition, it features recipes from the Stone Brewing World Bistro & Gardens like Garlic, Cheddar, and Stone Ruination IPA Soup, BBQ Duck Tacos, and the legendary Arrogant Bastard Ale Onion Rings. With its behind-the-scenes look at one of the leaders of the craft beer scene, *The Craft of Stone Brewing Co.* will captivate and inspire legions of fans nationwide.

Charlie Bumpers vs. the Perfect Little Turkey Bloomsbury Publishing USA

Yuri Razuvaev (1945-2012) was an outstanding Russian chess player. He had a refined positional style and for many years he was one of the leading Grandmasters in the Soviet Union. He also

was a first-rate chess author and opening theoretician, always open to new ideas. But it was as a trainer that Razuvaev was truly world-class. The long list of prominent players he worked with includes Karpov, Kramnik, Gelfand, Lautier, Fressinet, Salov, Tomashevsky, Topalov and Kosteniuk. Both Magnus Carlsen and Fabiano Caruana had sessions with Yura, as his friends called him. It was his exceptional feeling for chess, his understanding of weaknesses and strong points in someone's play, that made working with Razuvaev a privilege. Moreover, spending time with him was a joy because he was intelligent, cultured and witty. In this book, compiled by Boris Postovsky, dozens of chess players and contemporaries share anecdotes and insights into chess that Razuvaev gave them. Devoted to Chess also presents Razuvaev's best games, accessibly analysed by himself and others. His finest articles and interviews on a wide variety of subjects are also included in the book. "Studying the creative heritage of Yuri Razuvaev will bring you great benefits", writes Vladimir Kramnik in his foreword.

Census of India, 1981 Springer

When Julia Child told Dorie Greenspan, "You write recipes just the way I do," she paid her the ultimate compliment. Julia's praise was echoed by the New York Times and the Los Angeles Times, which referred to Dorie's "wonderfully encouraging voice" and "the sense of a real person who is there to help should you stumble." Now in a big, personal, and personable book, Dorie captures all the excitement of French home cooking, sharing disarmingly simple dishes she has gathered over years of living in France. *Around My French Table* includes many superb renditions of the great classics: a glorious cheese-domed onion soup, a

spoon-tender beef daube, and the “top-secret” chocolate mousse recipe that every good Parisian cook knows—but won’t reveal. Hundreds of other recipes are remarkably easy: a cheese and olive quick bread, a three-star chef’s Basque potato tortilla made with a surprise ingredient (potato chips), and an utterly satisfying roast chicken for “lazy people.” Packed with lively stories, memories, and insider tips on French culinary customs, *Around My French Table* will make cooks fall in love with France all over again, or for the first time.

The Cooperator

For nearly 30 years Sister Chan Khong’s Deep Relaxation practice has been a highlight for thousands of people who have attended Order of Interbeing Buddhist retreats. With Deep Relaxation the reader/listener will learn to meditate and relax body and mind at the deepest level, leading to a measurable reduction of stress

levels. Sister Chan Khong effectively guides readers/listeners through the practice with a combination of spoken words and traditional songs from around the world, initiating a process that shows how we can achieve a more positive and healthy life as we move out of the meditation and into the world. With her soothing voice, her pacing, her extensive experience of practicing mindfulness in everyday life—and with the beauty of the gentle music—practitioners are able to achieve a state of profound relaxation. The relaxation practice is designed not only for those interested in mindfulness or Buddhism, but for anyone who needs to relieve stress. Working with the body’s innate capacity to heal itself, these exercises will bring the listener/reader to experience ever deeper levels of relaxation that can activate the body’s natural healing abilities. The book will leave the reader with a deep sense of well-being.
