Solve toddler
challenges with eight
key mindshifts that will
help you parent with
clarity, calmness, and
self-control. In *Why is
My Child in Charge?*,
Claire Lerner shows
how making critical
mindshifts—seeing
children’s behaviors
through a new lens

—empowers parents to
solve their most vexing
childrearing
challenges. Using real
life stories, Lerner
unpacks the
individualized process
she guides parents
through to settle
common challenges,
such as throwing
tantrums in public,
delaying bedtime for
hours, refusing to
participate in family
mealtimes, and
resisting potty training.
Lerner then provides
readers with a

roadmap for how to recognize the root cause of their child's behavior and how to create and implement an action plan tailored to the unique needs of each child and family. *Why is My Child in Charge?* is like having a child development specialist in your home. It shows how parents can develop proven, practical strategies that translate into adaptable, happy kids and calm, connected, in-control parents.

The Smart Stepfamily University of Pittsburgh Press
The electrifying conclusion to the #1 New York Times bestselling *Children of Eden* series that follows Rowan as she leaves behind the paradise she's always dreamed of to save

Eden—and the world—from a terrible fate. Rowan is finally in Harmonia, an Earth-friendly, sustainable commune in the wilderness she always believed was dead. Even in this idyllic world, she finds no peace. Harmonia has strict rules—and dire consequences. Thinking about Eden is forbidden, but she's determined to rescue the loved ones she left behind. Though they are in terrible danger, her pleas for help are ignored. After months of living as one with nature, a shocking reminder of her past pushes Rowan to act. With the help of new friends, she infiltrates Eden. What she discovers is even worse than the situation she left behind. In the chaos of

civil war, Rowan and her friends join forces with the second children and other rebels trapped inside. They fight for their lives, and for the future of humanity in this broken Earth.

Bringing the Shovel Down Simon and Schuster

A compassionate, shame-free guide for your darkest days “A one-of-a-kind book . . . to read for yourself or give to a struggling friend or loved one without the fear that depression and suicidal thoughts will be minimized, medicalized or over-spiritualized.”—Kay Warren, cofounder of Saddleback Church
What happens when

loving Jesus doesn't cure you of depression, anxiety, or suicidal thoughts? You might be crushed by shame over your mental illness, only to be told by well-meaning Christians to "choose joy" and "pray more." So you beg God to take away the pain, but nothing eases the ache inside. As darkness lingers and color drains from your world, you're left wondering if God has abandoned you. You just want a way out. But there's hope. In *I Love Jesus, But I Want to Die*, Sarah J. Robinson offers a healthy, practical, and shame-free guide for Christians struggling with mental illness. With unflinching honesty, Sarah shares her story of battling depression and fighting to stay alive despite

toxic theology that made her afraid to seek help outside the church. Pairing her own story with scriptural insights, mental health research, and simple practices, Sarah helps you reconnect with the God who is present in our deepest anguish and discover that you are worth everything it takes to get better. Beautifully written and full of hard-won wisdom, *I Love Jesus, But I Want to Die* offers a path toward a rich, hope-filled life in Christ, even when healing doesn't look like what you expect. *Elevating Child Care* Sleeping Bear Press Seven days a week, year in and year out, Amy Dickinson has taken on life's greatest and smallest questions. Her readers ask her about their relationship

dramas, parenting dilemmas, and workplace complaints, offering a glimpse into the everyday and offbeat struggles we all sometimes confront. Amy responds with bracing honesty and gentle humor, presenting clear-eyed solutions to sometimes confounding problems. Her insights—and the weekly look into the lives of strangers—have kept readers turning to her column for almost two decades now. Ask Amy: Essential Wisdom from America's Favorite Advice Columnist collects some of the most intriguing questions and incisive responses from the Ask Amy column. Have you ever wondered whether your spouse was having a phone affair?

Or what you could do about obnoxious gym-goers, coworkers, siblings, and children? Maybe, maybe not—but either way, Amy's direct and no-nonsense thinking may help solve the problems you're facing, too. Ask Amy is an essential and entertaining collection of advice, written in the tone of a best friend who gives the hard truth and a comforting hand in troubled times. Her readers' questions may seem odd or unsolvable, but they're a reminder that we all have problems we might need a little help fixing.

In a tech-dominated world, the most needed degrees are the most surprising: the liberal arts. Did you

take the right classes in college? Will your major help you get the right job offers? For more than a decade, the national spotlight has focused on science and engineering as the only reliable choice for finding a successful post-grad career. Our destinies have been reduced to a caricature: learn to write computer code or end up behind a counter, pouring coffee. Quietly, though, a different path to success has been taking shape. In *You Can Do Anything*, George Anders explains the remarkable power of a liberal arts education - and the ways it can open the door to thousands of cutting-edge jobs every week. The key insight: curiosity, creativity,

and empathy aren't unruly traits that must be reined in. You can be yourself, as an English major, and thrive in sales. You can segue from anthropology into the booming new field of user research; from classics into management consulting, and from philosophy into high-stakes investing. At any stage of your career, you can bring a humanist's grace to our rapidly evolving high-tech future. And if you know how to attack the job market, your opportunities will be vast. In this book, you will learn why resume-writing is fading in importance and why "telling your story" is taking its place. You will learn how to create jobs that don't exist yet, and to

translate your campus achievements into a new style of expression that will make employers' eyes light up. You will discover why people who start in eccentric first jobs - and then make their own luck - so often race ahead of peers whose post-college hunt focuses only on security and starting pay. You will be ready for anything.

Knowing where your

scars come from doesn't make them go away. When Jackie Shannon Hollis marries Bill, a man who does not want children, she joyfully commits to a childless life. But soon after the wedding, she returns to the family ranch in rural Oregon and holds her newborn niece. Jackie falls deep into baby love and longing and begins to question her decision. As she navigates the overlapping roles of wife, daughter, aunt, sister, survivor, counselor, and friend, she explores what it really means to choose a different path. This Particular Happiness delves into the messy and beautiful territory of what we keep and what we abandon to make the space for love.

The Working Mother's Guide to Life Thomas Nelson

First published in 1963, James Baldwin's *A Fire Next Time* stabbed at the heart of America's so-called "Negro problem"; As

remarkable for its masterful prose as it is for its uncompromising account of black experience in the United States, it is considered to this day one of the most articulate and influential expressions of 1960s race relations. The book consists of two essays, *My Dungeon Shook* — Letter to my Nephew on the One Hundredth Anniversary of Emancipation, and *Down At The Cross* — Letter from a Region of My Mind. It weaves thematic threads of love, faith, and family into a candid assault on the hypocrisy of the so-called “land of the free”, insisting on the inequality implicit to American society. You were born

where you were born and faced the future that you faced”; Baldwin writes to his nephew, “because you were black and for no other reason.” His profound sense of injustice is matched by a robust belief in “monumental dignity”, in patience, empathy, and the possibility of transforming America into what America must become.

Prayers for My Baby Boy WaterBrook

A modern parenting classic—a guide to a new and gentle way of understanding the care and nurture of infants, by the internationally renowned childcare expert, podcaster, and author of *No Bad Kids* “An absolute go-to for all parents, therapists,

anyone who works with, is, or knows parents of young children.”—Wendy Denham, PhD A Resources for Infant Educarers (RIE) teacher and student of pioneering child specialist Magda Gerber, Janet Lansbury helps parents look at the world through the eyes of their infants and relate to them as whole people who have natural abilities to learn without being taught. Once we are able to view our children in this light, even the most common daily parenting experiences become stimulating opportunities to learn, discover, and connect with our child. A collection of the most-read articles from Janet’s popular and long-running blog,

Elevating Child Care focuses on common infant issues, including:

- Nourishing our babies’ healthy eating habits
- Calming your clingy, fearful child
- How to build your child’s focus and attention span
- Developing routines that promote restful sleep

Eschewing the quick-fix tips and tricks of popular parenting culture, Lansbury’s gentle, insightful guidance lays the foundation for a closer, more fulfilling parent-child relationship, and children who grow up to be authentic, confident, successful adults.
