Star Wars Galaxy's Edge: Traveler's Guide to Batuu Scholastic Paperbacks

... there, at the main entrance of the World Bank was this large inscription "A World without Poverty Is Our Dream." He couldn't go wrong, he thought. Today, he often thinks the sentence should have been completed: ... And we make sure it will just remain a dream." In this riveting economic thriller, Paul Jordan, a renegade World Banker, and Moni Cheng, an Andean woman who leads a socio-environmental nongovernmental organization in the Peruvian Amazon, endure kidnappings, bombings, and deadly chases in their fight against boundless capitalism, destructive economic policies, and corporate greed that are wreaking worldwide social injustice and destroying the globe's richest zones of biodiversity. Together, Jordan and Cheng expose corporate ruthlessness, military brutality, and Machiavellian economic policies of the foremost financial ivory towers of Washington, the World Bank, and the International Monetary Fund. With other visionaries from around the globe, Jordan and Cheng untiringly disseminate truth and candid information about the calamities caused by this cruel machinery. And against all odds, they mobilize the power of the people. Richly detailed, grounded in actual events and

statistics, and complete with notes from author and former World Bank economist Peter Koenig, *Implosion* is both an unsettling, gripping novel and a powerful commentary on the realities of the modern world's corporatocracy.
