

It's renowned for being the only text on the market to consistently emphasize religion and history as key variables in intercultural communication. Packed with the latest research and filled with numerous, compelling examples that force students to examine their own assumptions and cultural biases, this book helps students understand the subtle and profound ways culture affects communication. The book is divided into four interrelated parts: Part I introduces the study of communication and culture; Part II focuses on the ability of culture to shape and modify our view of reality; Part III puts the theory of intercultural communication into practice; and Part IV converts knowledge into action. Wadsworth Publishing Company

**Inclusive Guide Provides Practical Applications for Workplace Education Theory from Diverse Perspectives** The Wiley Handbook of Global Workplace Learning explores the field of workplace education using contributions from both experts and emerging scholars in industry and academia. Unlike many previously published titles on the subject, the Handbook focuses on offering readers a truly global overview of workplace learning at a price point that makes it accessible for independent researchers and Human Resources professionals. Designed to strike a balance between theory and practice, the Handbook provides a wealth of information on foundational topics, theoretical frameworks, current and emerging trends, technological updates, implementation strategies, and research methodologies. Chapters covering recent research illustrate the importance of workplace learning topics ranging from meditation to change management, while others give pragmatic and replicable applications for the design, promotion, and implementation of impactful learning opportunities for employees at any company, regardless of industry. A sampling of topics addressed includes: "Using an Experiential Learning Model to Design an Assessment Framework for Workplace Learning" "Measuring Innovative Thinking and Acting Skills as Workplace-Related Professional Competence" Multiple chapters specifically addressing international business, such as "Competency in Globalization and Intercultural Communication", "Global Strategic Planning" and "Global Talent Management" Research and recommendations on bridging generational and cultural divides as well as addressing employee learning disabilities With its impressive breadth of coverage and focus on real-world problem solving, this volume serves as a comprehensive tool for examining and improving practices in global workplace learning. It will prove to be a valuable resource for students and recent graduates entering the workforce and for those working in Human Resources and related fields.

**Intercultural Communication: A Reader** Guilford Publications

Bringing together current research, theories and methods from leading scholars in the field, this volume is a state-of-the-art study of intercultural communication competence and effectiveness. In the first part, contributors analyze the conceptual decisions made in intercultural communication competence research by examining decisions regarding conceptualization, operationalization, research design and sampling. The second part presents four different theoretical orientations while illustrating how each person's theoretical bias directs the focus of research. Lastly, both quantitative and qualitative research approaches used in studying intercultural communication competence are examined.

Baker Academic

Books on intercultural communication are rarely written with an intercultural readership in mind. In contrast, this multinational team of authors has put together an introduction to communicating across cultures that uses examples and case studies from around the world. The book further covers essential new topics, including international conflict, social networking, migration, and the effects technology and mass media play in the globalization of communication. Written to be accessible for international students too, this text situates communication theory in a truly global perspective. Each chapter brings to life the links between theory and practice and between the global and the local, introducing key theories and their practical applications. Along the way, you will be supported with first-rate learning resources, including: • theory corners with concise, boxed-out digests of key theoretical concepts • case illustrations putting the main points of each chapter into context • learning objectives, discussion questions, key terms and further reading framing each chapter and stimulating further discussion • a companion website containing resources for instructors, including multiple choice questions, presentation slides, exercises and activities, and teaching notes. This book will not merely guide you to success in your studies, but will teach you to become a more critical consumer of information and understand the influence of your own culture on how you view yourself and others.

**Oral Communication** SAGE

Learning a new language offers a unique opportunity to discover other cultures as well as one's own. This discovery process is essential for developing 21st-century intercultural communication skills. To help prepare language teachers for their role as guides during this process, this book uses interdisciplinary research from social sciences and applied linguistics on intercultural communication for designing teaching activities that are readily implemented in the language classroom. Diverse language examples are used throughout the book to illustrate theoretical concepts, making them accessible to language teachers at all skill levels. The chapters introduce various perspectives on culture, intercultural communicative competence, analyzing authentic language data, teaching foreign/second languages with an intercultural communication orientation, the intercultural journey, the language-culture-identity connection, as well as resolving miscommunication and cultural conflict. While the immediate audience of this book is language teachers, the ultimate beneficiaries are language learners interested in undertaking the intercultural journey.

**Intercultural Communication** Walter de Gruyter GmbH & Co KG
