 Just pronounce the word "manga" and conflicted representations of media reception emerge: either passive teenagers immersed in Japanese fictional worlds, or hyperactive fans. To understand what drives a variety of teenagers to read manga, we conducted empirical research among French readers enrolled in secondary schools. Manga is part of a whole constellation of interests, including music and digital technology. It is also the object of analytical, ethical or concrete appropriations. Reading then becomes a way to deal with past experiences and to connect with others, to learn how to express emotions and to assert (or contest) age and gender norms.

TokyoPop

"Brief table of contents of vols. I-XX" in v. 21, p. [502]-618.

#### Ice and Refrigeration BRILL

Brise la magie, brise le cycle Alors que la neige tient à distance les armées conquérantes du seigneur Ruven, dame Amalia Cornaro et la sorcière du feu Zaira tentent de changer le sort des mages de l'Empire raverrain, s'attirant l'inimitié des puissants prêts à tout pour garder le contrôle de la magie. Mais durant la plus grande mascarade de la Cité Sérénissime, Ruven frappe au coeur même de l'Empire - une attaque dévastatrice visant ce qu'Amalia a de plus cher. Pour avoir une chance de le vaincre, Amalia et Zaira devront affronter leurs pires cauchemars, révéler leurs plus noirs secrets et libérer le feu le plus destructeur de la sorcière... « Une intrigue passionnante et imprévisible, qui entremêle guerre, amour, intrigue politique et trahison, et regorge de personnages excellents. Une série de Fantasy extrêmement prenante et bien écrite. » Fantasy Book Review

### Fragments BRILL

The manga series that inspired the hit anime series now on Cartoon Network continues the story of 16-year-old Haru Glory and his quest to find the five missing RAVE Stones, which hold the key to victory over the Dark Bring. Young adult.

TokyoPop

An important part of the Dutch national treasure of early printed books from before 1801 on military and related subjects is kept in military libraries and collections. This catalogue contains 10,000 books in twelve different languages dated 1500-1800 from nine different Defence institutions/collections, representing both Army and Navy. By far the largest collections are the property of the Royal Netherlands Army Museum in Delft and the Royal Netherlands Military Academy in Breda. A great if not substantial part of these books is especially of international significance because of the contents, the intrinsic value or as historical objects. It took eight years to trace and describe these books, all of which have been given extensive analytical bibliographic descriptions. The book includes over 2000 illustrations. The book is a project of the Royal Netherlands Army Museum, Delft

*Bulletin of the New York Public Library* Bragelonne

The book delves into a unique mix of the following areas: 1. The psychology of learning, memory, and thinking 2. Tools for critical thinking and assessment 3. Collective thinking of groups, corporations, and the public 4. Measurement of attitudes and market research 5. Mathematical logic and computer programming 6. Planning and scheduling techniques 7. Optimization techniques (both linear and non-linear) 8. World's first finite element method (FEM) models of distribution, inventory, and traffic flow systems and optimization of them 9. Mohr's flow ratio design (FRD) optimization technique 10. Econometric modeling techniques (some of them new) The book is the most modern, technically resourced, and innovative study of thinking to date and will prove useful to a wide range of people, including managers, planners, engineers, scientists, teachers, psychologists, and politicians.

THE MUST-READ MULTIMILLION BESTSELLING MYSTERY

SERIES—COMING SOON TO NETFLIX! • This is the story about an investigation turned obsession, full of twists and turns and with an ending you'll never expect. Everyone in Fairview knows the story. Pretty and popular high school senior Andie Bell was murdered by her boyfriend, Sal Singh, who then killed himself. It was all anyone could talk about. And five years later, Pip sees how the tragedy still haunts her town. But she can't shake the feeling that there was more to what happened that day. She knew Sal when she was a child, and he was always so kind to her. How could he possibly have been a killer? Now a senior herself, Pip decides to reexamine the closed case for her final project, at first just to cast doubt on the original investigation. But soon she discovers a trail of dark secrets that might actually prove Sal innocent . . . and the line between past and present begins to blur. Someone in Fairview doesn't want Pip digging around for answers, and now her own life might be in danger. And don't miss the sequel, *Good Girl, Bad Blood!* "The perfect nail-biting mystery." —Natasha Preston, #1 New York Times bestselling author

*Warfare and the Age of Printing (4 vols.)*

A boy unexpectedly becomes a Rave Master in order to save the world from the evil Demon Card.
