The Trouble with Mistletoe Penguin

In this moving tale of intimacy, redemption, and trust by a New York Times–bestselling author, a woman's new relationship forces her to face her past. For a long time, Elle Kavanaugh has defined herself by her professional success and her unapologetic attitude for the personal choices she's made. She's never wanted intimacy—doesn't need the mess it brings with it. She's been hit on plenty of times, mostly by men who think that what's between their legs makes up for what they lack between their ears. Sometimes, she gives herself over to it—as long as there are no strings attached. But after meeting Dan Stewart, Elle starts wanting things she never has before. And the problem with wanting is that can be like pouring water into a vase full of stones—it fills you up before you know it, leaving no room for anything else . . . This is a bold and original reinterpretation of almost all of Shakespeare's major plays, in the light of the Marxist, feminist and semiotic ideas of our own time. Through a set of tenaciously detailed readings, the book illuminates a number of persistent problems or conflicts in Shakespearean drama - in particular a contradiction between words and things, body and language, which is also explored in terms of law, sexuality and Nature. Language and desire, Terry Eagleton argues, are seen by Shakespeare as a kind of 'surplus' over and above the body, stable and social roles and a fixed human nature. But the attitude of the plays to such a 'surplus' is profoundly ambivalent; if they admire it as the very source of human creativity, they also fear its anarchic, transgressive force. Underlying such ambiguities, the book convincingly shows, is a deeper ideological struggle, between feudal traditionalism on the one hand, and the emergence of new forms of bourgeois individualism on the other. This book revels how, in the light of our own contemporary theories of language, sexuality and society, we can understand the issues present in Shakespeare's drama which previously have remained obscure.

called to him, soothing, calming, giving him the strength to control his craving. Francesca Del Ponce was a healer, a woman who radiated goodness as powerfully as the sun did light. But surely his obsession with her would turn him as his twin brother had turned, leaving the world with two monsters instead of one. Though he knew she would be like hot silk in his arms, though he knew the taste of her would be addictive, he feared for her life and his soul if he took her. Then with one mind-shattering vow she gave herself—"I offer freely, without reservation, I offer my life for your as is my right"—and with a firestorm of long-forgotten feelings, he glimpsed salvation.
