not for her. It is too much. A real room with real floors and walls. A room for sleeping, and reading and dancing and . . . in her imagination she has pictured the room, but she has never pictured herself in it. Can seventeen-year-old Zoe make it on her own? A room is not much. It is not arms holding you. Not a kiss on the forehead. Not a packed lunch or a remembered birthday. Just a room. 'A deeply satisfying, intricately plotted fantasy where no one - no one - is quite what they seem' Robin LaFevers, *New York Times*-bestselling author of *Grave Mercy* The first book in the *New York Times* bestselling *Remnant Chronicles*. The *Kingdom of Morrighan* is steeped in tradition and the stories of a bygone world, but some traditions Lia can't abide. Like having to marry someone she's never met to secure a political alliance. Fed up and ready for a new life, Lia escapes to a distant village on the morning of her wedding. She settles in among the common folk, intrigued when two mysterious and handsome strangers arrive - and unaware that one is the jilted prince and the other an assassin sent to kill her. Deceptions swirl and Lia finds herself on the brink of unlocking perilous secrets - secrets that may unravel her world - even as she feels herself falling in love. 'This is

the kind of story I love - a heart-pounding tale of magic and murder, betrayal and romance set in a richly imagined fantasy landscape' Cindy Williams Chima, New York Times bestselling author of the Seven Realms 'The Kiss of Deception has it all - beautiful writing, heart-pounding suspense, a fiery princess, and an epic romance that'll make you swoon. This is definitely one of my favourite reads of the year!' Alyson Noël, #1 New York Times bestselling author of *The Immortals Meet the Earl at Midnight* DLM Jeunesse This means nothing. That sentence would become the biggest lie I've ever told myself after spending an unforgettable night with Sebastian Compton. Because he has rules-one night, no strings attached. It's easier that way. He travels the world as a bodyguard for his best friend and one of the most famous pop icons alive. I'm merely a glorified coffee-runner, still trying to get noticed by my boss. It would never work between us. It should have meant nothing. After all, my best friend schemed to hurt the very man Sebastian was hired to protect-and I knew about it. He shouldn't want to be near me. We shouldn't be sneaking around, hiding our feelings from those closest to us. I shouldn't want him. He's arrogant, jealous, and possessive-breaking his rules and my boundaries, claiming me for another night only to leave again. But now, it means everything. I never expected more than a single night with him. I didn't foresee being thrust back together by the product of our lust. It didn't occur to me that while fighting our feelings, we may have built something worth fighting for. Most of all, I never thought something so perfect could grow from a relationship that had always been founded on temptation.
