For Me, these challenges came in the form of epilepsy, a neurological disorder characterized by recurrent, unprovoked seizures. This is his story. Early Life and the First Seizure. I was a bright and cheerful child growing up in a bustling town in India. I excelled in school, enjoyed playing cricket with his friends. He experienced his first seizure at the age of ten. My parents, terrified and confused, rushed him to the nearest hospital. After a series of tests, the doctors diagnosed with epilepsy. I experienced fatigue, dizziness, and mood swings. My school life was affected. I miss classes for medical appointments and sometimes felt isolated from his peers. With these challenges, I continued to

pursue my studies with epilepsy. Parents provided unwavering support, ensuring he had the best medical care and a nurturing environment at home. One of the most difficult aspects of living with epilepsy for Me was dealing with the stigma associated with the condition. Some people in his community were misinformed and believed epilepsy to be a result of demonic possession or a curse. This ignorance often led to social ostracism. However, I resilience shone through. I began to educate others about epilepsy, using his own experiences to dispel myths and misconceptions. I participated in awareness campaigns and supported other individuals with epilepsy, becoming a beacon of hope and strength. However, I resilience shone through. I began to educate others about epilepsy, using my own experiences to dispel myths and misconceptions. I participated in awareness campaigns and supported other individuals with epilepsy, becoming a beacon of hope and strength. I has shown that it is possible to lead a fulfilling and meaningful life, no matter the obstacles.

From the creator of the popular website Ask a Manager and New York's work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice! There's a reason Alison Green has been called "the Dear Abby of the work world." Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don't know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit "reply all" • you're being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate's loud speakerphone is making you homicidal • you got drunk at the holiday party Praise for Ask a Manager "A must-read for anyone who works . . . Heavenly Letters from Mum captures in its pages the messages that Anne Nolette Andr received by automatic writing from her mum, Daisy Gerda Andr, for five years following her death in 2003. By presenting these messages, Heavenly Letters from Mum offers relief and peace to all who have lost loved ones to death. As the author writes in the Preface, Do not be sad. Your loved ones on the other side in the other dimensions are near you. As long as they exist in your heart, they don't depart. After telling how her mum died and how she faced the loss, the author then presents a series of chapters that alternately report transcriptions of the spirit writings she shared with her mum and offer reflections on the influence and impact of these messages. Heavenly Letters from Mum also presents a selection of images that reproduce the original handwritten records of these conversations, along with several other pictures of the author and her mum. If you have found your life touched by the death of someone you have loved, then Heavenly Letters from Mum: A True Story will offer to you the encouragement to seek the abiding presence of your loved one, to listen for messages, and to enter into conversations that transcend the limitations of one's daily routines.
