White Shadow Profile Books

The stunningly vibrant final novel in the bestselling Ibis Trilogy It is 1839 and China has embargoed the trade of opium, yet too much is at stake in the lucrative business and the British Foreign Secretary has ordered the colonial government in India to assemble an expeditionary force for an attack to reinstate the trade. Among those consigned is Kesri Singh, a soldier in the army of the East India Company. He makes his way eastward on the *Hind*, a transport ship that will carry him from Bengal to Hong Kong. Along the way, many characters from the Ibis Trilogy come aboard, including Zachary Reid, a young American speculator in opium futures, and Shireen, the widow of an opium merchant whose mysterious death in China has compelled her to seek out his lost son. The *Hind* docks in Hong Kong just as war breaks out and opium "pours into the market like monsoon flood." From Bombay to Calcutta, from naval engagements to the decks of a hospital ship, among embezzlement, profiteering, and espionage, Amitav Ghosh charts a breathless course through the culminating moment of the British opium trade and vexed colonial history. With all the verve of the first two novels in the trilogy, *Flood of Fire* completes Ghosh's unprecedented reenvisioning of the nineteenth-century war on drugs. With remarkable historic vision and a vibrant cast of characters, Ghosh brings the Opium Wars to bear on the contemporary moment with the storytelling that has charmed readers around the world.

When the River Sleeps Houghton Mifflin Harcourt

As it enters its sixtieth year of independence, India stands on the threshold of superpower status. Yet India is strikingly different from all other global colossi. While it is the world's most populous democracy and enjoys the benefits of its internationally competitive high-tech and software industries, India also contends with extremes of poverty, inequality, and political and religious violence. This accessible and vividly written book presents a new interpretation of India's history, focusing particular attention on the impact of British imperialism on Independent India. Maria Misra begins with the rebellion against the British in 1857 and tracks the country's advance to the present day. India's extremes persist, the author argues, because its politics rest upon a peculiar foundation in which traditional ideas of hierarchy, difference, and privilege coexist to a remarkable degree with modern notions of equality and democracy. The challenge of India's leaders today, as in the last sixty years, is to weave together the disparate threads of the nation's ancient culture, colonial legacy, and modern experience.

The Peasant Production of Opium in Nineteenth-Century India Hachette UK

Three lives collide on an island off India: "An engrossing tale of caste and culture... introduces readers to a little-known world."—*Entertainment Weekly* Off the easternmost coast of India, in the Bay of Bengal, lies the immense labyrinth of tiny islands known as the Sundarbans. For settlers here, life is extremely precarious. Attacks by tigers are common. Unrest and eviction are constant threats. At any moment, tidal floods may rise and surge over the land, leaving devastation in their wake. In this

place of vengeful beauty, the lives of three people collide. Piya Roy is a marine biologist, of Indian descent but stubbornly American, in search of a rare, endangered river dolphin. Her journey begins with a disaster when she is thrown from a boat into crocodile-infested waters. Rescue comes in the form of a young, illiterate fisherman, Fokir. Although they have no language between them, they are powerfully drawn to each other, sharing an uncanny instinct for the ways of the sea. Piya engages Fokir to help with her research and finds a translator in Kanai Dutt, a businessman from Delhi whose idealistic aunt and uncle are longtime settlers in the Sundarbans. As the three launch into the elaborate backwaters, they are drawn unawares into the hidden undercurrents of this isolated world, where political turmoil exacts a personal toll as powerful as the ravaging tide. From the national bestselling author of *Gun Island*, *The Hungry Tide* was a winner of the Crossword Book Prize and a finalist for the Kiriyaama Prize. "A great swirl of political, social, and environmental issues, presented through a story that's full of romance, suspense, and poetry."—*The Washington Post* "Masterful."—*Publishers Weekly* (starred review)

Dancing In Cambodia & Other Essays

Penguin Books India

The prizewinning author of novels, nonfiction, and hybrid texts, Amitav Ghosh grew up in India and trained as an anthropologist. His works have been translated into over thirty languages. They cross and mix a number of genres, from science fiction to the historical novel, incorporating ethnohistory and travelogue and even recuperating dead languages. His subjects include climate change, postcolonial identities,

translocation, migration, oceanic spaces, and the human interface with the environment. Part 1 of this volume discusses editions of Ghosh's works and the scholarship on Ghosh. The essays in part 2, "Approaches," present ideas for teaching his works through considerations of postcolonial feminism, historicity in the novels, environmentalism, language, sociopolitical conflict, genre, intersectional reading, and the ethics of colonized subjecthood. Guidance for teaching Ghosh in different contexts, such as general education, world literature, or single-author classes, is provided.

Child Wonder Farrar, Straus and Giroux Named a Best Book of Fall by *Vulture*, *Chicago Review of Books* and Amazon From the award-winning author of the bestselling epic Ibis trilogy comes a globetrotting, folkloric adventure novel about family and heritage *Bundook*. Gun. A common word, but one that turns Deen Datta's world upside down. A dealer of rare books, Deen is used to a quiet life spent indoors, but as his once-solid beliefs begin to shift, he is forced to set out on an extraordinary journey; one that takes him from India to Los Angeles and Venice via a tangled route through the memories and experiences of those he meets along the way. There is Piya, a fellow Bengali-American who sets his journey in motion; Tipu, an entrepreneurial young man who opens Deen's eyes to the realities of growing up in today's world; Rafi, with his desperate attempt to help someone in need; and Cinta, an old friend who provides the missing link in the story they are all a part of. It is a journey that will upend everything he thought he knew about himself, about the Bengali legends of his childhood, and about the

world around him. Amitav Ghosh's *Gun Island* is a beautifully realized novel that effortlessly spans space and time. It is the story of a world on the brink, of increasing displacement and unstoppable transition. But it is also a story of hope, of a man whose faith in the world and the future is restored by two remarkable women.

In an Antique Land Indiana University Press

The highly anticipated sequel to International Booker and Dublin Impac Award-shortlisted *The Unseen* No-one can be alone on an island . . . But Ingrid is alone on Barrøy, the island that bears her name, and the war of her childhood has been replaced by a new, more terrible present: the Nazi occupation of Norway. When the bodies from a bombed vessel carrying Russian prisoners of war begin to wash up on the shore, Ingrid can't know that one will not only be alive, but could be the answer to a lifetime of loneliness—nor can she imagine what suffering she will endure in hiding her lover from the German authorities, or the journey she will face, after being wrenched from her island as consequence for protecting him, to return home. Or especially that, surrounded by the horrors of battle, among refugees fleeing famine and scorched earth, she will receive a gift, the value of which is beyond measure. The highly anticipated follow-up to Roy Jacobsen's International Booker and Dublin Impac Award-shortlisted *The Unseen*, a New York Times New and Noteworthy book, *White Shadow* is a vividly observed exploration of conflict, love, and human endurance.

Jungle Nama Graywolf Press

The first in an epic trilogy, Amitav Ghosh's *Sea of Poppies* is "a remarkably rich saga . . . which has plenty of action

and adventure à la Dumas, but moments also of Tolstoyan penetration--and a drop or two of Dickensian sentiment" (The Observer [London]). At the heart of this vibrant saga is a vast ship, the *Ibis*. Her destiny is a tumultuous voyage across the Indian Ocean shortly before the outbreak of the Opium Wars in China. In a time of colonial upheaval, fate has thrown together a diverse cast of Indians and Westerners on board, from a bankrupt raja to a widowed tribeswoman, from a mulatto American freedman to a free-spirited French orphan. As their old family ties are washed away, they, like their historical counterparts, come to view themselves as jahaj-bhais, or ship-brothers. The vast sweep of this historical adventure spans the lush poppy fields of the Ganges, the rolling high seas, and the exotic backstreets of Canton. With a panorama of characters whose diaspora encapsulates the vexed colonial history of the East itself, *Sea of Poppies* is "a storm-tossed adventure worthy of Sir Walter Scott" (Vogue).

Saraswati Park HMH

On 11 May 1998 the Indian government tested five nuclear devices some forty kilometres from Pokaran. Seventeen days later Pakistan tested nuclear devices of its own. About three months after the tests, Amitav Ghosh went to the Pokaran area, after which he visited Kashmir as part of the defence minister's entourage. He also went to the Siachen glacier in the Karakoram mountains where Indian and Pakistani soldiers have been exchanging fire since 1983. Ghosh then travelled through Pakistan and Nepal. *Countdown* is partly a result of these journeys and conversations with many hundreds of people of the subcontinent.

Countdown Penguin Books India

NAMED A BEST BOOK OF 2021 BY THE NEW YORKER AND PUBLISHERS WEEKLY "[Warmth] is lyrical and erudite, engaging with science, activism, and philosophy . . . [Sherrell] captures the complicated correspondence between hope and doubt, faith and despair—the pendulum of emotional states that defines our attitude toward the future." —The New Yorker "Beautifully rendered and bracingly honest." —Jenny Odell, author of *How to Do Nothing* From a millennial climate activist, an exploration of how young people live in the shadow of catastrophe *Warmth* is a new kind of book about climate change: not what it is or how we solve it, but how it feels to imagine a future—and a family—under its weight. In a fiercely personal account written from inside the climate movement, Sherrell lays bare how the crisis is transforming our relationships to time, to hope, and to each other. At once a memoir, a love letter, and an electric work of criticism, *Warmth* goes to the heart of the defining question of our time: how do we go on in a world that may not?

A Book of Simple Living U of Nebraska Press

The past is not just, as has been famously said, another country with foreign customs: it is a contested and colonized terrain. Indigenous histories have been expropriated, eclipsed, sometimes even wholly eradicated, in the service of imperialist aims buttressed by a distinctly Western philosophy of history. Ranajit Guha, perhaps the most influential figure in postcolonial and subaltern studies at work today, offers a critique of such historiography by taking issue with the Hegelian concept of World-history. That concept, he contends, reduces the course of human history to the amoral

record of states and empires, great men and clashing civilizations. It renders invisible the quotidian experience of ordinary people and casts off all that came before it into the nether-existence known as "Prehistory." On the Indian subcontinent, Guha believes, this Western way of looking at the past was so successfully insinuated by British colonization that few today can see clearly its ongoing and pernicious influence. He argues that to break out of this habit of mind and go beyond the Eurocentric and statist limit of World-history historians should learn from literature to make their narratives doubly inclusive: to extend them in scope not only to make room for the pasts of the so-called peoples without history but to address the historicity of everyday life as well. Only then, as Guha demonstrates through an examination of Rabindranath Tagore's critique of historiography, can we recapture a more fully human past of "experience and wonder."

Winner of the prestigious Norwegian Booksellers' Prize *A Barnes & Noble Discover Great New Writers Selection (Holiday 2011)* A glorious evocation of a Norwegian childhood in the early sixties by an author short-listed for the 2009 Dublin IMPAC Award Little Finn lives with his mother in an apartment in a working-class suburb of Oslo. Life is a struggle to make ends meet, but he does not mind. When his mother decides to take a lodger to help pay the bills, he watches with interest as she freshens up their small apartment with new wallpaper and a sofa paid for in installments. He befriends their new male lodger, whose television is more tempting to him than his mother would like. When a half sister whom he never knew joins the household, Finn takes her under his wing over an everlasting summer on Håøya Island. But he can't understand why everyone thinks his new sister is so different from every other child. Nor can he fathom his mother's painful secret, one that pushes them ever farther apart. As summer comes to a close, Finn must

attempt to grasp the incomprehensible adult world and his place within it. *Child Wonder* is a powerful and unsentimental portrait of childhood. Roy Jacobsen, through the eyes of a child, has produced an immensely uplifting novel that shines with light and warmth.

The York King BRILL

In this ambitious successor to *The Great Derangement*, acclaimed writer Amitav Ghosh finds the origins of our contemporary climate crisis in Western colonialism’s violent exploitation of human life and the natural environment. A powerful work of history, essay, testimony, and polemic, Amitav Ghosh’s new book traces our contemporary planetary crisis back to the discovery of the New World and the sea route to the Indian Ocean. *The Nutmeg’s Curse* argues that the dynamics of climate change today are rooted in a centuries-old geopolitical order constructed by Western colonialism. At the center of Ghosh’s narrative is the now-ubiquitous spice nutmeg. The history of the nutmeg is one of conquest and exploitation—of both human life and the natural environment. In Ghosh’s hands, the story of the nutmeg becomes a parable for our environmental crisis, revealing the ways human history has always been entangled with earthly materials such as spices, tea, sugarcane, opium, and fossil fuels. Our crisis, he shows, is ultimately the result of a mechanistic view of the earth, where nature exists only as a resource for humans to use for our own ends, rather than a force of its own, full of agency and meaning. Writing against the backdrop of the global pandemic and the Black Lives Matter protests, Ghosh frames these historical stories in a way that connects our shared colonial histories with the deep inequality we see around us today. By interweaving

discussions on everything from the global history of the oil trade to the migrant crisis and the animist spirituality of Indigenous communities around the world, *The Nutmeg's Curse* offers a sharp critique of Western society and speaks to the profoundly remarkable ways in which human history is shaped by non-human forces.

Transoceanic Perspectives in Amitav Ghosh's Ibis Trilogy Penguin Books India

"In Shimon Adaf's *Lost Detective Trilogy*, what begins as conventional mystery becomes by degrees a brilliant deconstruction not just of genre but of our own search for meaning. Both profound and compulsively readable, these books demand to be devoured."

—Lavie Tidhar, author of *By Force Alone*
 In *A Detective's Complaint*, the sequel to *One Mile and Two Days Before Sunset*, Elish Ben Zaken has traded working as a private investigator for writing detective novels based on unsolved cases from the past. He appears to live an ordinary writer's life: meeting with his agent, attending literary conferences. But all is not quite right with Elish, who cannot escape his past so easily, especially when his sister's daughter, Tahel, a teenager and an aspiring sleuth herself, calls on him for help. Tahel has uncovered a mystery: a young woman boarded a bus in Beersheva on a Thursday evening and stepped off in Sderot, close to the Gaza border, on Sunday evening. A bus ride that should have lasted an hour instead took three days, and the young woman remembers none of it. To assist Tahel—and, he tells himself, to conduct research for his next novel—Elish moves back to Sderot, where he grew up. His sister, Yaffa, has moved her family from Tel Aviv to a new lakeside development there; the

property came cheap, despite the attractive setting, and there are murmurs that the developer fled the country before it was completed. Some of the houses still stand empty, and Tahel keeps waking up at night to find her mother staring out at the lake, convinced she is being watched. Now, in the summer of 2014, Sderot lies near the center of the Gaza-Israel conflict, and sirens and missile strikes are part of the town's daily reality—as are violent clashes between anti-war protestors and those who oppose them. In this pressurized environment, Elish must grapple with the deep wounds of history, both personal and political, and the human need for answers in a world that offers few.

American Apostles Springer Nature

Once upon a time an Indian writer named Amitav Ghosh set out an Indian slave, name unknown, who some seven hundred years before had traveled to the Middle East. The journey took him to a small village in Egypt, where medieval customs coexist with twentieth-century desires and discontents. But even as Ghosh sought to re-create the life of his Indian predecessor, he found himself immersed in those of his modern Egyptian neighbors. Combining shrewd observations with painstaking historical research, Ghosh serves up skeptics and holy men, merchants and sorcerers. Some of these figures are real, some only imagined, but all emerge as vividly as the characters in a great novel. In *An Antique Land* is an inspired work that transcends genres as deftly as it does eras, weaving an entrancing and intoxicating spell.

A Detective's Complaint Farrar, Straus and Giroux

From Victorian India to near-future New York, *The Calcutta Chromosome* takes

readers on a wondrous journey through time as a computer programmer trapped in a mind-numbing job hits upon a curious item that will forever change his life. When Antar discovers the battered I.D. card of a long-lost acquaintance, he is suddenly drawn into a spellbinding adventure across centuries and around the globe, into the strange life of L. Murugan, a man obsessed with the medical history of malaria, and into a magnificently complex world where conspiracy hangs in the air like mosquitoes on a summer night.

A Dictionary of Narratology

Are We There Yet? Lume Books
Finalist for Marsh Hawk Press Poetry Prize. Finalist for Four Way Books Levis Award in Poetry. **THERE IS NO GOOD TIME FOR BAD NEWS** opens in a country ravaged by prolonged political conflict. Told in the voices of survivors, it introduces the reader to a wide array of characters: the local police precinct summons a woman after three decades

to identify the body of her insurgent son among recovered dead bodies; a soldier lives through nightmares about the war he fought forty years ago; a woman writes a letter to her insurgent lover; and an ordinary citizen, through an open letter, challenges the child-killing insurgents to kill her. At once vignettes and urgent pleas, these are stories as much as they are poems. Zooming through wars, protest marches, and conflicts, they show what it means to live under the duress of prolonged violence.

Flood of Fire Zubaan

A New York Times Book Review Editors' Choice A Washington Post Notable Fiction Book of Year A NPR Best Book of the Year In Amitav Ghosh's Sea of Poppies, the Ibis began its treacherous journey across the Indian Ocean, bound for the cane fields of Mauritius with a cargo of indentured servants. Now, in River of Smoke, the former slave ship flounders in the Bay of Bengal, caught in the midst of a deadly cyclone. The storm also threatens the clipper ship Anahita, groaning with the largest consignment of opium ever to leave India for Canton. Meanwhile, the Redruth, a nursery ship, carries horticulturists determined to track down the priceless botanical treasures of China. All will converge in Canton's Fanqui-town, or Foreign Enclave, a powder keg awaiting a spark to ignite the Opium Wars. A spectacular adventure, but also a bold indictment of global avarice, River of Smoke is a consuming historical novel with powerful contemporary resonance.

The Circle of Reason Macmillan

In "American Apostles" Christine Leigh Heyrman chronicles the first fateful collision between American missionaries and the diverse religious cultures of the Levant. Pliny Fisk, Levi Parsons, and

Jonas King became the founding members of the Palestine mission and ventured to Ottoman Turkey, Egypt, and Syria, where they sought to expose the falsity of Muhammad's creed and to restore these bastions of Islam to true Christianity. Not only among the first Americans to travel throughout the Middle East, the Palestine missionaries also played a crucial role in shaping their compatriots' understanding of the Muslim world. "American Apostles

"brings to life evangelicals' first encounters with the Middle East and uncovers their complicated legacy. The Palestine mission held the promise of acquainting Americans with a fuller and more accurate understanding of Islam, but ultimately it bolstered a more militant Christianity, one that became the unofficial creed of the United States over the course of the nineteenth century. The political and religious consequences of that outcome endure to this day.
