## WILLIAMSON LI

---

A Change of Skies Logos Verlag Berlin  
Based on an empirical study among employees of a multinational corporation (MNC) in Germany and the USA, Marjaana Gunkel shows that the employees in these countries have different preferences regarding incentives and that incentive plans designed for one country are not always effective in others. In addition, the author presents an explorative study of employee groups in China and Japan and gives advice for designing appropriate compensation schemes for employees of MNC in different countries.

### **The Postcolonial Experience -**

**Students' Book** Routledge  
Title of the first 10 volumes of the series is *Germans to America* : lists of passengers arriving at U.S. ports 1850-1855.

### **Languages in European Business**

Springer Science & Business Media  
Pentium, 16 MB RAM; 20 MB  
Festplattenspeicher: SVGA-Grafik  
Figure Drawing Comes to Life Oxford  
University Press

A beginning reader tells how Bill, Linda and Ricky play with their friends, go to the dentist, go to the laundry and try to help their parents.

### **Country-Compatible Incentive Design**

Gunter Narr Verlag  
This book has two related purposes. The first is to demonstrate the extent and importance of language play in human life; the second is to draw out the implications for applied linguistics and language teaching. Language play should not be thought of as a trivial or peripheral activity, but as central to

human thought and culture, to learning, creativity, and intellectual enquiry. It fulfils a major function of language, underpinning the human capacity to adapt: as individuals, as societies, and as a species.

*Communication for Business* London :  
Heinemann

A first novel, concerning the experiences of an Asian professor of English and his wife who migrate to Australia. The author is herself a professor of English at Macquarie University and holds the Order of Australia.

### *Job Control and union structure*

Communication for Business  
Pentium, 16 MB RAM; 20 MB

*Communication for Business*  
This is an introduction to Optimality Theory, whose central idea is that surface forms of language reflect resolutions of conflicts between competing constraints. A surface form is 'optimal' if it incurs the least serious violations of a set of constraints, taking into account their hierarchical ranking.

Languages differ in the ranking of constraints; and any violations must be minimal. The book does not limit its empirical scope to phonological phenomena, but also contains chapters on the learnability of OT grammars; OT's implications for syntax; and other issues such as opacity. It also reviews in detail a selection of the considerable research output which OT has already produced. Exercises accompany chapters 1-7, and there are sections on further reading. Optimality Theory will be welcomed by any linguist with a basic knowledge of derivational Generative Phonology.

Glan : Hain

Communication for Business

**Here and Near** Wilmington, Del. :  
Scholarly Resources

The author shares his observations on rural life in New Hampshire and the changes in nature throughout the year

**Creating Competitive Capacity**  
Copyright Office, Library of Congress  
This book reports on the findings from the first stage of a Lingua-supported survey of the foreign language needs of European businesses. It examines industrial language usage in five EC regions (Denmark, Germany, the Netherlands, Spain and the UK) with attention to the following areas: profile of the trade and industry of the region; profile of the sample businesses; foreign languages in use; foreign languages in demand - current and future.

**The Year of the Lion** Rowman & Littlefield Publishers

The new edition of the Cambridge Phrasal Verbs Dictionary covers around 6,000 phrasal verbs current in British, American and Australian English. Clear explanations and guidance help learners master this difficult yet essential aspect of the English language. \* Fully updated with new phrasal verbs, e.g. cosy up to, copy in, sex up \* Clear advice on grammar and usage \* Thousands of example sentences show phrasal verbs in typical contexts \* Most common phrasal verbs highlighted so students know which to learn \* A thematic section shows phrasal verbs in topic groups for vocabulary expansion

The Integrity of Preaching

RoutledgeCurzon

In the twentieth century paradigms of linguistics have largely left language change to one side. Rudi Keller's book is an exciting contribution to linguistic philosophy because it puts language change back on the linguistics agenda and demonstrates that, far from being a remote mystery, it can and should be explained.

**Sweden's Foreign Policy** Cambridge University Press

One Dictionary for all subjects For Secondary School Learners Ideal for Learners in CBSE, ICSE and International Schools The perfect companion for learners studying other subjects through English, this dictionary includes vocabulary from all subjects. Every word is explained in clear, simple English, along with all the grammar and usage information you need.

The Ancient Sun Kingdoms of the Americas Cambridge University Press

The American Presidency has become one of the most potent political institutions in the entire contemporary history. In order to understand its dimensions one would have to observe how it operates by means of the specific American political discourse and its textual realizations, since US presidents "only speak, write and sign" documents. The work presents its reader with a typology of inaugural addresses (America oriented, strategy oriented and spirit oriented addresses) which were developed between 1945 and 1997. All the inaugural speeches of that period are analyzed and discussed. As a result of the analysis there are presented clear argument models on which the discussed presidents based their inaugurals. The apparent conclusion is that US presidents tend to be relatively simple in their speeches, and are usually careful not to exaggerate with the content of information to be conveyed by their texts.

*Optimality Theory* Hueber Verlag

What are the most important things you need to know to help you prepare for the First Certificate in English (FCE) exam from Cambridge ESOL? 'Top Tips for FCE' gives the readers some essential advice ('tips') for each part of each of the five

FCE papers (Reading, Writing, Use of English, Listening and Speaking). It is written by Cambridge ESOL examiners with many years' experience of setting and marking the FCE exam.

*Union Organization and Militancy* PONS  
First published in 1997. Routledge is an imprint of Taylor & Francis, an informa

company.

*Basic Course in Mongolian* Houghton  
Mifflin Harcourt
