In questo saggio coraggioso e illuminante, Vincenzo Miceli propone una riflessione critica sul concetto di rappresentanza politica nella modernità. Con una scrittura lucida e serrata, Miceli esamina le principali teorie della rappresentanza e ne mette in luce le criticità. Un libro essenziale per chiunque sia interessato alla teoria del diritto e alla storia delle idee politiche. This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work is in the "public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

The Literary Remains of Samuel Taylor Coleridge Random House

In the European Convention, parliamentarians and government representatives from the Member States have elaborated the Draft Constitution establishing a Constitution for Europe. This process requires academic guidance and analysis. The European Constitutional Law Network provides an important forum of associated constitutional and European lawyers from different old and new Member States (www.ecln.net). The structure of the future constitution and the general lines of argument underlying the deliberations of the Convention are the focus of the individual contributions to this volume which were presented on the occasion of the second ECLN conference in summer 2002 in Rome. Against the background of their national constitutional and legal orders, the contributors demonstrate their expectations for the European constitution in the making. Thereby, the deliberations provide a pan-European basis for the debate on the future Constitution for Europe.

Spiel, Satz und Mord. Marco Luciani hat der Verbrecherjagd abgeschworen und will in Barcelona ein neues Leben beginnen. Doch dann bittet ihn ein verzweifelter italienischer Unternehmer um Hilfe: Seine Tochter ist spurlos aus einer privaten Barceloner Tennisakademie verschwunden. Zähneknirschend bucht Luciani

einen Kurs in dem noblen Institut und entdeckt bald mehr, als ihm lieb ist, über die nicht so glanzvollen Hintergründe des ProfiTennis und die Fallstricke der Schönheit. „Paglieri dringt ein in die Schwächen der Figuren, authentisch, glaubwürdig, beinahe sündhaft.“ La Repubblica.

Through the use of language, as symbolic action, man attempts to control his social, natural, and supernatural environments. In this book J. David Sapir, J. Christopher Crocker, and their fellow contributors investigate the nature of metaphor and related symbolic forms as a means of coming to terms with the world. Wie ein Regenbogen erstreckt sich Ligurien zwischen dem Mittelmeer und den Alpen, in seinem Scheitelpunkt die stolze Hauptstadt Genua mit ihren edlen Renaissancepalästen. Der Rest der Destination ist gespickt mit bunten Dörfern an den Klippen wie den Cinqueterre, mit waldreichen Naturparks wie dem Aveto und mit geheimnisvollen Grotten, etwa der von Toirano. Und ein Schlemmerparadies ist Ligurien obendrein. Wenn Sie abwechslungsreich verreisen wollen, folgen Sie diesem Reiseführer!

Reiseführer Ligurien - Zeit für das Beste Pan Macmillan

This book investigates the mechanisms of judicial control to determine an efficient methodology for independence and accountability. Using over 800 case studies from the Czech and Slovak disciplinary courts, the author creates a theoretical framework that can be applied to future case studies and decrease the frequency of accountability perversions.

Bei Anpfiff Mord. Zweite Halbzeit im Fußballstadion von Genua: Eine aufgebrauchte Fangemeinde wartet fiebernd auf den Fortgang des Spiels. Doch der Schiedsrichter lässt auf sich warten. Als man endlich die Tür seiner Kabine öffnet, pendelt Tullio Ferretti leblos an der Decke. Selbstmord? Doch warum stehen sowohl Tisch als auch Stuhl mehr als einen Meter von dem Toten entfernt, und wie kann es sein, dass seine Tür zwar verschlossen war, der Schlüssel jedoch unauffindbar bleibt? Schnell wird Kommissar Luciani, dem unbestechlichen Einzelgänger, klar, dass es hier ums große Geschäft geht: Manager schmieren Hooligans, Linien- und Schiedsrichter werden bestochen, um Aufstiege zu ermöglichen -- ein abgekartetes Spiel. Unbeirrbar in dem Vorsatz, nichts als die reine Wahrheit gelten zu lassen, nimmt Luciani den Kampf auf, behindert von Drohungen, korrupten Staatsanwälten, dem atemberaubenden Hintern der Versicherungsdetektivin Sofia Lanni und nicht zuletzt von den Schatten seiner eigenen Vergangenheit ...

León Dupré verdient sein Geld als Autor von Büchern über Verschwörungstheorien. Nicht ganz freiwillig allerdings. Im Jahr 1999 hatte er seinen Job als Antiterror-Experte beim BND hingeschmissen, wie auch sein Freund Sean O'Brian bei der CIA. Beide waren zu dieser Zeit in Afghanistan als Kontaktpersonen von Osama bin Laden stationiert. Bin Laden hatte den beiden damals eine Videobotschaft übergeben, aus der hervorging, dass er detailliert informiert war von einem Terroranschlag, der als 11. September in die Geschichte eingehen sollte. Er bezichtigte in dem Video gewisse Kreise in Amerika und im Vatikan als die Drahtzieher. Mit Hilfe dieser Fakten wäre 9/11 zu verhindern gewesen. Doch sowohl beim BND als auch bei der CIA verschwanden die Videos auf mysteriöse Weise. Eine Reaktion gab es immerhin: Wenige Monate später, im September 1999, wird Osama bin Laden in seiner Festung Tora Bora von einem Kommando der Navy Seals ermordet. Die USA hielten seinen Tod jedoch streng geheim und machten nach den Anschlägen vom 11. September sogar offiziell Jagd auf ihn, Jagd auf einen Toten, der angeblich hinter diesem Terrorakt stecken soll. Wegen Recherchen zu seinem jüngsten Buchprojekt über eine bislang unbekannte Zelle der Illuminaten in Italien ist León in den Abruzzen unterwegs, als er von der Nachricht überrascht wird, Osama bin Laden sei soeben erschossen worden. Er weiß, dass Bin Laden bereits seit über zehn Jahren tot ist. Warum jetzt also diese fingierte Todesbotschaft? Soll sie nur ablenken von den aktuellen politischen Problemen der USA oder soll sie gar als Alibi dienen für einen bevorstehenden Terrorakt, der 9/11 noch in den Schatten stellen könnte? In den Bergen der Abruzzen stößt León Dupré bei seinen Recherchen tatsächlich auf ein Dorf mit dem Namen Illuminati und auf dessen geheimnisvollen Patriarchen, bei dem Vergangenheit und Gegenwart auf mörderische Weise zusammenfinden. Aus dem friedvollen Plan, ein Buch zu schreiben, wird ein tödliches Abenteuer für León.

Olive Kitteridge Bruckmann Verlag

The Supreme Court's 1919 decision in Schenck vs. the United States is one of the most important free speech cases in American history. Written by Oliver Wendell Holmes, it is most famous for first invoking the phrase "clear and present danger." Although the decision upheld the conviction of an individual for criticizing the draft during World War I, it also laid the foundation for our nation's robust protection of free speech. Over time, the standard Holmes devised made freedom of speech in America a reality rather than merely an ideal. In *The Free Speech Century*, two of America's leading First Amendment scholars, Lee C. Bollinger and Geoffrey R. Stone, have gathered a group of the nation's leading constitutional scholars--Cass Sunstein, Lawrence

Lessig, Laurence Tribe, Kathleen Sullivan, Catherine McKinnon, among others--to evaluate the evolution of free speech doctrine since Schenk and to assess where it might be headed in the future. Since 1919, First Amendment jurisprudence in America has been a signal development in the history of constitutional democracies--remarkable for its level of doctrinal refinement, remarkable for its lateness in coming (in relation to the adoption of the First Amendment), and remarkable for the scope of protection it has afforded since the 1960s. Over the course of The First Amendment Century, judicial engagement with these fundamental rights has grown exponentially. We now have an elaborate set of free speech laws and norms, but as Stone and Bollinger stress, the context is always shifting. New societal threats like terrorism, and new technologies of communication continually reshape our understanding of what speech should be allowed. Publishing on the one hundredth anniversary of the decision that laid the foundation for America's free speech tradition, *The Free Speech Century* will serve as an essential resource for anyone interested in how our understanding of the First Amendment transformed over time and why it is so critical both for the United States and for the world today.

The Crisis of Capitalist Democracy Springer Nature

Here For The first time in English is a full-scale, authoritative analysis of German tax law for use in international business transactions and investment activities. An expert team of fifteen experienced tax lawyers from Germany And The United States provides detailed practical commentary on the ground rules of internationally relevant German tax law, including the following crucial areas: sources of German tax law; taxes applicable to international business; details of the major tax reform now under way; double taxation treaties; taxation of nonresident individuals; corporate tax; tax implications of reorganizations and acquisitions; and accounting and reporting procedures. Throughout the presentation, terminology appears in both English and German. An appendix contains the major German tax laws in parallel English and German text. This is the ideal practical resource for companies and individuals resident abroad who must deal with cross-border tax issues as they invest or do business under German law. Including as it does references, As they arise in context, To the major German tax reform of 1999-2002, German Tax Guide is unlikely to be superseded for many years. *Das letzte Abendmahl für Commissario Luciani* Cambridge University Press

This book is the first to address the multi-faceted influence of the global financial crisis on the national constitutions of the countries most affected. By tracing the impact of the crisis on formal and informal constitutional change, sovereignty issues, fundamental rights protection, regulatory reforms, jurisprudence, the augmentation of executive power, and changes in the party system it addresses all areas of the current constitutional law dialogue and aims to become a reference book with regard to the interaction between financial crises and constitutions. The book includes contributions from prominent experts on Greece, Hungary, Iceland, Ireland, Italy, Latvia, Portugal, Spain, the UK, and the USA providing a critical analysis of the effects of the financial crisis on the constitution. The volume's extensive comparative chapter pins down distinct constitutional reactions towards the financial crisis, building an explanatory theory that

accounts for the different ways constitutions responded to the crisis. How and why constitutions formed their reactions in the face of the financial crisis unravels throughout the book.

The European Constitution in the Making Savas Beatie This book is based upon a comparative public administration research project, initiated by the Hertie School of Governance (Germany) and the Bertelsmann Foundation (Germany) and supported by a network of researchers from many EU countries. It analyzes both the regimes and the practices of local fiscal regulation in 21 European countries. The book brings together key findings of this research project. The regulatory discussion is not limited to the prominent issue of fiscal rules but focuses on every component of regulation. Beyond this, the book covers affiliated topics such as the impact of regulation for local governments, evolution of regulation, administrative costs and crisis prevention. The various book chapters throughout provide a broad picture of local public finance regulation in theory and in practice, using different theoretical and national lenses for the analysis. Furthermore, the authors investigate the effects of budgetary constraints and higher-level regulatory efforts on local governments and on democracy and public services in every European country. This book fills a gap with respect to the lack of discussion on local government finance from an international, comparative perspective and, in particular, the regulation of local public finance. With its mix of authors, this book will be useful for practitioners as well as for scholars and for theory-driven research.

Local Public Finance Cambridge University Press

In this seventh installment in the internationally bestselling, universally beloved series, there is considerable excitement at the shared premises of the No. 1 Ladies' Detective Agency and Tlokweng Road Speedy Motors. A cobra has been found in Precious Ramotswe's office. Then a nurse from a local medical clinic reveals to Mma Ramotswe that faulty blood-pressure readings are being recorded there. And it looks as though Aunty Emang, the advice columnist in the local newspaper, may not be what she seems. It all means a lot of work for Mma Ramotswe and her inestimable assistant, Grace Makutsi, and they are, of course, up to the challenge. But there's trouble brewing in Mma Makutsi's own life. Her greedy uncles are demanding an extra-large bride price from her well-to-do fiancé, a man of substance, Phuti Radiphuti, and though money may buy her that fashionably narrow (and uncomfortable) pair of blue shoes, it won't buy her the happiness that Mma Ramotswe promises her she'll find in simpler things - in contentment with the world and enough tea to smooth over the occasional bumps in the road.

Vaticano Unbound Publishing

The recently enacted Treaty on the Stability, Coordination and Governance of the Economic and Monetary Union (generally referred to as the Fiscal Compact) has introduced a 'golden rule', which is a detailed obligation that government budgets be balanced. Moreover, it required the 25 members of the EU which signed the Treaty in March 2012, to incorporate this 'golden rule' within their national Constitutions. This requirement represents a major and unprecedented development, raising formidable challenges to the nature and legitimacy of national Constitutions as well as to the future of the European integration project. This book analyses the new constitutional architecture of the European

Economic and Monetary Union (EMU), examines in a comparative perspective the constitutionalization of budgetary rules in the legal systems of the Member States, and discusses the implications of these constitutional changes for the future of democracy and integration in the EU. By combining insights from law and economics, comparative institutional analysis and legal theory, the book offers a comprehensive survey of the constitutional incorporation of new fiscal and budgetary rules across Europe and a systematic normative discussion of the legitimacy issues at play. It thus contributes to a better understanding of the Euro-crisis, of the future of the EU, and the reforms needed towards a deeper and genuine EMU.

Romanzo Criminale Kein Espresso für Commissario Luciani

The book is concerned with the legal framework for protecting and promoting social rights in Europe. Its chapters examine procedural and substantive aspects of the Council of Europe's European Social Charter and the European Union's Charter of Fundamental Rights, as well as the EU's so-called "acquis" in the area of social rights. They look at a range of issues, including the strengths and weaknesses of the two systems in terms of promoting and protecting social rights by examining the legal and political enforcement mechanisms as well as at some of the important substantive rights contained within each.

Perils of Judicial Self-Government in Transitional Societies

Rubbettino Editore

This volume surveys 150 law books of fundamental importance in the history of Western legal literature and culture. The entries are organized in three sections: the first dealing with the transitional period of fifteenth-century editions of medieval authorities, the second spanning the early modern period from the sixteenth to the eighteenth century, and the third focusing on the nineteenth and twentieth centuries. The contributors are scholars from all over the world. Each 'old book' is analyzed by a recognized specialist in the specific field of interest. Individual entries give a short biography of the author and discuss the significance of the works in the time and setting of their publication, and in their broader influence on the development of law worldwide.

Introductory essays explore the development of Western legal traditions, especially the influence of the English common law, and of Roman and canon law on legal writers, and the borrowings and interaction between them. The book goes beyond the study of institutions and traditions of individual countries to chart a broader perspective on the transmission of legal concepts across legal, political, and geographical boundaries. Examining the branches of this genealogical tree of books makes clear their pervasive influence on modern legal systems, including attempts at rationalizing custom or creating new hybrid systems by transplanting Western legal concepts into other jurisdictions.

Kein Espresso für Commissario Luciani Springer

The Patience of the Spider is the eighth novel in Andrea Camilleri's wryly humorous Inspector Montalbano series. Chief Inspector Montalbano is on enforced sick leave. But when a local girl goes mysteriously missing, the whole community takes an interest in the case. Why are the kidnappers so sure that the girl's impoverished father and dying mother will be able to find a fortune? The ever-inquisitive Montalbano steps in, to get to the heart of the matter in his own inimitable style. The Patience of the Spider is followed by the ninth novel in the series, Paper Moon.
