The Breakout Principle

Hay House, Inc

This is a ... story of a badly hurt puppy named Scruffy who was left abandoned in a box at a fire station. Scruffy's injuries made him different and special. A kindhearted man adopts Scruffy and provides him with a forever home, giving the puppy a second chance. In turn, Scruffy learns that everyone deserves a loving home"--

The Oneness Gospel

Gildan Media LLC aka G&D Media

How do sportsmen excel, entrepreneurs thrive, or individuals achieve the ambitions? Is their ability to win innate? Or is the winning mindset something we can all develop? In the tradition of *The Talent Code* and *The Power of Habit*, Campbell draws on the wisdom of an astonishing array of talented people—from elite athletes to media mavens, from rulers of countries to rulers of global business empires. Alastair Campbell has conducted in-depth interviews and uses his own experience in politics and sport to get to the heart of success. He examines how winners tick. He considers how

they build great teams. He analyzes how these people deal with unexpected setbacks and new challenges. He judges what the very different worlds of politics, business, and sport can learn from one another. And he sets out a blueprint for winning that we can all follow to achieve our goals.

Stop Wishing, Start

Winning Balboa Press

In the New York Times best-selling book *The Tapping Solution*, Nick Ortner, founder of the Tapping World Summit and best-selling filmmaker of *The Tapping Solution*, is at the forefront of a new healing movement. In this book, he gives readers everything they need to successfully start using the powerful practice of tapping—or Emotional Freedom Techniques (EFT). Tapping is one of the fastest and easiest ways to address both the emotional and physical problems that tend to hamper our lives. Using the energy meridians of the body, practitioners tap on specific points while focusing on particular negative emotions or physical sensations. The tapping helps calm the nervous system to restore the balance of energy in the

body, and in turn rewire the brain to respond in healthy ways. This kind of conditioning can help rid practitioners of everything from chronic pain to phobias to addictions. Because of tapping's proven success in healing such a variety of problems, Ortner recommends to try it on any challenging issue. In *The Tapping Solution*, Ortner describes not only the history and science of tapping but also the practical applications. In a friendly voice, he lays out easy-to-use practices, diagrams, and worksheets that will teach readers, step-by-step, how to tap on a variety of issues. With chapters covering everything from the alleviation of pain to the encouragement of weight loss to fostering better relationships, Ortner opens readers' eyes to just how powerful this practice can be. Throughout the book, readers will see real-life stories of healing ranging from easing the pain of fibromyalgia to overcoming a fear of flying. The simple strategies Ortner outlines will help readers release their fears and clear the limiting beliefs that hold them back from creating the life they want.

The Vision Board

Writestream Publishing,
LLC

The Viking Method uses Svava's strong mental practices inspired by her Icelandic upbringing to help the reader build the lean, powerful and toned physique they desire. It'll render the reader more resilient, bolder and full of belief in themselves.

Unlike other fitness and diet books, The Viking Method isn't about the external superficiality of a beach body. It's about three core pillars: thinking like a Viking, training like a Viking and eating like a Viking. Svava introduces these pillars early on in the book - along with mantras for each pillar which are connected to empowerment, mental strength and internal validation over counting calories. The book features information on eating and exercising for your hormones, detailed workout routines based around body-weight exercises illustrated with photographs, and a selection of delicious Scandi-inspired recipes such as Thor-red Salmon and Icelandic Lamb Stew.

You Were Born Rich

Books

Thoughts Are Things is a wonderful, motivational

text from two acclaimed public speakers and accomplished authors—Bob Proctor and Greg S. Reid. What mindset determines whether or not a person will be successful? Do successful people think differently from those who never reach their potential? How can we change our thoughts so that the result of every thought—the offspring of thought—sets us up to win rather than lose? Bob Proctor and Greg S. Reid, authorized by the Napoleon Hill Foundation, delve deeply into the science and psychology of thought, and how thinking is vitally important to a meaningful, successful life. In their interviews with neuroscientists, cardiologists, spiritual teachers, and business leaders, the authors show in *Thoughts Are Things* how we can think to live!

Zero Fail Hillcrest Publishing Group
NEW YORK TIMES BESTSELLER • “This is one of those books that will go down as the seminal work—the determinative work—in this field. . . . Terrifying.”—Rachel Maddow
The first definitive account of the rise and fall of the Secret Service, from the Kennedy assassination to the

alarming mismanagement of the Obama and Trump years, right up to the insurrection at the Capitol on January 6—by the Pulitzer Prize winner and #1 New York Times bestselling co-author of *A Very Stable Genius* and *I Alone Can Fix It* NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE WASHINGTON POST Carol Leonnig has been reporting on the Secret Service for The Washington Post for most of the last decade, bringing to light the secrets, scandals, and shortcomings that plague the agency today—from a toxic work culture to dangerously outdated equipment to the deep resentment within the ranks at key agency leaders, who put protecting the agency's once-hallowed image before fixing its flaws. But the Secret Service wasn't always so troubled. The Secret Service was born in 1865, in the wake of the assassination of Abraham Lincoln, but its story begins in earnest in 1963, with the death of John F. Kennedy. Shocked into reform by its failure to protect the president on that fateful day in Dallas, this once-sleepy agency was radically transformed into an elite, highly

trained unit that would redeem itself several times, most famously in 1981 by thwarting an assassination attempt against Ronald Reagan. But this reputation for courage and excellence would not last forever. By Barack Obama's presidency, the once-proud Secret Service was running on fumes and beset by mistakes and alarming lapses in judgment: break-ins at the White House, an armed gunman firing into the windows of the residence while confused agents stood by, and a massive prostitution scandal among agents in Cartagena, to name just a few. With Donald Trump's arrival, a series of promised reforms were cast aside, as a president disdainful of public service instead abused the Secret Service to rack up political and personal gains. To explore these problems in the ranks, Leonnig interviewed dozens of current and former agents, government officials, and whistleblowers who put their jobs on the line to speak out about a hobbled agency that's in desperate need of reform. "I will be forever grateful to them for risking their careers," she writes, "not

because they wanted to share tantalizing gossip about presidents and their families, but because they know that the Service is broken and needs fixing. By telling their story, they hope to revive the Service they love."

The Mentor in Me Hay House, Inc

When you're doing something that's out of the ordinary, your mental programming, your paradigm, will try and stop you. If you want to win, you must keep going. Your paradigms may be masked in complacency, fear, worry, anxiety, insecurities, self-doubt, mental hurry and self-loathing—the result is keeping you STUCK....locked in a box and starved of your dreams and ambitions. To change your life—you MUST change your paradigm. The change is not easy, but it's worth it, and the results are lasting. Bob Proctor will show you his proven methods for doing so. This book will synthesize his decades of study, application, and teaching to:

- Explain what paradigms are and how they guide every move you make
- Teach you how to identify your paradigms
- Show you how to make your own

Paradigm Shift • Help you transform your finances, health and lifestyle when you change your paradigm • Guide you on how to replace a paradigm that doesn't serve you well with a new one that frees you to create the life you really want Bob will break through the myth many people have about success—that long hours and hard work are sufficient to achieve lasting success. Because without changing your paradigm, no amount of hard work and long work hours will make a measurable, lasting difference in your success. Once you go through Bob Proctor's Paradigm Shift Process, you will expose yourself to a brand new world of power, possibility and promise.

7 Keys to Freedom

Random House

Black students' bodies and minds are under attack. We're fighting back. From the north to the south, corporate curriculum lies to our students, conceals pain and injustice, masks racism, and demeans our Black students. But it's not only the curriculum that is traumatizing students.

let Rob show you that anyone can learn to #DrawWithRob! *WITH PERFORATED PAGES SO YOU CAN EASILY TEAR OUT AND DISPLAY YOUR ART!* Rob's original hit videos are also available at www.robbiddulph.com, and on Facebook, YouTube, TikTok, and Instagram, with Rob appearing on TV to talk about them too. Perfect stay-at-home fun for boys, girls, and everyone aged three to one hundred and three, and a wonderful introduction to Rob Biddulph's bestselling picture book range - including the Waterstones Children's Book Prize-winning *Blown Away*, *Odd Dog Out*, and many more! Available in all good bookstores and online retailers, and perfect for children who are learning to read - or just love to! [Change Your Paradigm](#), [Change Your Life](#) Appetite by Random House This book is your key to new and improved results in every area of your life. Dean Philpott grew up in a tiny Newfoundland town and had none of the advantages that many people think are necessary to live a wealthy and happy life - yet he achieved tremendous success. He is proof that anyone from

any walk of life or any background can succeed if they just take the time to learn certain key concepts. Dean has lived the principles he shares and will show you step-by-step how to go from an average ordinary existence to the extraordinary life of your dreams. *Stop Wishing, Start Winning* contains the essential strategies and tools to help you think like the most successful people in the world and enjoy life more than you ever thought possible. About the Author Dean Philpott is becoming widely recognized internationally as a LifeSuccess consultant, platform speaker and personal coach. He is changing and improving the lives of people by introducing and teaching the idea that it's your thoughts that are controlling your results through the Law of Attraction. Having worked in the area of business development and marketing for 20 years he brings to the table a unique style of balanced knowledge that has been motivating and helping the average person for years. Dean Philpott is now a direct vein that is linked to the heart of the past and present masters

of this industry, such as James Alan, Author of *As a Man Thinketh*, Napoleon Hill, author of *Think and Grow Rich* and Bob Proctor, author of *You Were Born Rich*. Philpott's company, Navaco Success, is headquartered in Whitehorse, Yukon and operates globally. Visit www.deanphilpott.com *It's Not About the Money* Abrams Holistic nutritionist and highly-regarded blogger Sarah Britton presents a refreshing, straight-forward approach to balancing mind, body, and spirit through a diet made up of whole foods. Sarah Britton's approach to plant-based cuisine is about satisfaction--foods that satiate on a physical, emotional, and spiritual level. Based on her knowledge of nutrition and her love of cooking, Sarah Britton crafts recipes made from organic vegetables, fruits, whole grains, beans, lentils, nuts, and seeds. She explains how a diet based on whole foods allows the body to regulate itself, eliminating the need to count calories. My New Roots draws on the enormous appeal of Sarah Britton's blog, which strikes the perfect balance between healthy and delicious

food. She is a "whole food lover," a cook who makes simple accessible plant-based meals that are a pleasure to eat and a joy to make. This book takes its cues from the rhythms of the earth, showcasing 100 seasonal recipes. Sarah simmers thinly sliced celery root until it mimics pasta for Butternut Squash Lasagna, and whips up easy raw chocolate to make homemade chocolate-nut butter candy cups. Her recipes are not about sacrifice, deprivation, or labels-- they are about enjoying delicious food that's also good for you.

The Fairway of Life

HarperCollins UK
'Brilliant and funny... I raced through it at 90 mph and was devastated at the last page and just wanted to go read it all again... Sheer genius... More please!!!!' NetGalley Review Suzy Medley is having the worst day of her life when a shaggy terrier suddenly turns up at her door.

Rainbows Over Ruins

Simon and Schuster
From humble beginnings to celebrated entrepreneur and successful business coach, William Todd is one of the few to be personally mentored by

one of the masters of personal and business development, Bob Proctor. *The Mentor in Me* chronicles a journey many of us can relate to -- been given the tools and guidance to achieve success and then only sometimes following through on the wisdom offered. The book documents the time when William used *The Seven Levels of Awareness* to unlock doors and change paradigms and the times when, to his detriment, he failed to make the most of opportunities presented. Until he understood why he was not achieving long-lasting success, he was doomed to failure. *The Mentor in Me* offers a rare opportunity to watch as Bob Proctor mentors William through the peaks and valleys (ditches) of entrepreneurship towards a life of seemingly effortless abundance. *The Mentor in Me* is not just for entrepreneurs, however. It is for corporate professionals, students, parents and grandparents, educators, and budding entrepreneurs alike. "The Mentor in Me is not a book you pick up and read. It's a book you form a relationship with and you will want to study it daily for the rest of your life." --

Bob Proctor

Teaching for Black Lives

Tag Publishing LLC

The valuable lesson contained in this book is that the best way to attract prosperity is to abandon the pursuit of wealth and allow it to flow toward oneself. The ancient laws of attraction are explained in plain language and applied in an economic framework—a new perspective not found in other popular explications of these principles. A path to prosperity is offered in tandem with guidance for achieving harmony in both professional and personal spheres while strategies to overcome destructive thinking patterns and to sustain the flow of wealth while channeling it constructively are delineated. Profiles of individuals who pursued their passion rather than profit, and subsequently reaped immense rewards, will inspire those seeking to transform their lives. A speaker, author, consultant, coach, and mentor, Bob Proctor was already a legendary figure in the world of personal development long before his appearance in the hit film *The Secret*. For more than forty years, Proctor has been one of the

biggest names in prosperity and personal development, delivering talks around the world that motivate people to achieve success and prosperity. Through his work with the Proctor Gallagher Institute, which he cofounded, he has transformed countless lives with his message of prosperity.

Thoughts Are Things

HarperCollins

In *The Vision Board*, influential career strategist Joyce Schwartz describes a transformative exercise that offers a simple way to change your life for the better. As featured on the Oprah Winfrey show, vision boards are a practical, effective approach to identifying and achieving your goals. With a foreword from Bob Proctor, featured teacher in *The Secret*, and an afterword by Jack Canfield, co-creator of the hugely popular *Chicken Soup for the Soul* series, *The Vision Board* offers concrete advice and motivation anecdotes designed to help you utilize vision boards in your own daily life.

Why Study History? Gilman Media LLC aka G&D Media Collaboration in the Holocaust. Murderous and torturous medical

experiments. The "euthanasia" of hundreds of thousands of people with mental or physical disabilities. Widespread sterilization of "the unfit." Nazi doctors committed these and countless other atrocities as part of Hitler's warped quest to create a German master race. Robert Proctor recently made the explosive discovery, however, that Nazi Germany was also decades ahead of other countries in promoting health reforms that we today regard as progressive and socially responsible. Most startling, Nazi scientists were the first to definitively link lung cancer and cigarette smoking. Proctor explores the controversial and troubling questions that such findings raise: Were the Nazis more complex morally than we thought? Can good science come from an evil regime? What might this reveal about health activism in our own society? Proctor argues that we must view Hitler's Germany more subtly than we have in the past. But he also concludes that the Nazis' forward-looking health activism ultimately came from the same twisted root as their medical crimes: the ideal

of a sanitary racial utopia reserved exclusively for pure and healthy Germans. Author of an earlier groundbreaking work on Nazi medical horrors, Proctor began this book after discovering documents showing that the Nazis conducted the most aggressive antismoking campaign in modern history. Further research revealed that Hitler's government passed a wide range of public health measures, including restrictions on asbestos, radiation, pesticides, and food dyes. Nazi health officials introduced strict occupational health and safety standards, and promoted such foods as whole-grain bread and soybeans. These policies went hand in hand with health propaganda that, for example, idealized the Führer's body and his nonsmoking, vegetarian lifestyle. Proctor shows that cancer also became an important social metaphor, as the Nazis portrayed Jews and other "enemies of the Volk" as tumors that must be eliminated from the German body politic. This is a disturbing and profoundly important book. It is only by appreciating the connections between the

"normal" and the "monstrous" aspects of Nazi science and policy, Proctor reveals, that we can fully understand not just the horror of fascism, but also its deep and seductive appeal even to otherwise right-thinking Germans.

Colu Cooks Greenleaf Book Group

We are all one with God. We are all one with each other. But how can we embrace these simple truths in our everyday lives? Many Indian teachers, as well as Jesus, have offered this insight and encouraged us to open up to our own

potential. Charlene M. Proctor, PhD, unites spiritual wisdom from the East and West to help you experience Christ consciousness in the here and now. She combines the Oneness teachings of India with a fresh look at the New Testament for profound, practical advice on releasing your emotional suffering, shifting personal disorder to order, and embracing the present moment. Through ancient and contemporary wisdom and personal stories, you'll expand your heart and mind and awaken to

your eternal nature. The teachings apply to all religions and creeds they show that everyone is already part of the divine unity. Above all, The Oneness Gospel guides you toward higher self-awareness and a more authentic experience of your own nature.

The Adventures of Blue Ocean Bob Greenleaf Book Group

When Blue Ocean Bob stops being contented with his idyllic island life, he sets out on a journey with his overly-cautious hummingbird friend Xena to find out what his passion in life is.
