**Two Can Keep a Secret** Houghton Mifflin College Division  
 Alan Brinkley's American History sets the standard for balance of perspective and the exploration of ongoing historical questions. In this AP edition, we are pleased to announce a number of firsts for American History: a new primary-source feature that makes connections between the present and the past; a new pedagogy program that helps students to comprehend and think critically about content; and a groundbreaking set of digital tools, powered by Connect; that create a unique learning environment. The result is greater course success. Connect to the stories, connect to the experience, connect to success in history. - Back

cover.

The American Pageant University of Chicago Press  
 THE AMERICAN PAGEANT enjoys a reputation as one of the most popular, effective, and entertaining texts on American history. The colorful anecdotes, first-person quotations, and trademark wit bring American history to life. The 16th edition includes a major revision of Part Six (the period from 1945 to the present), reflecting recent scholarship and providing greater thematic coherence. The authors also condensed and consolidated material on the Wilson presidency and World War I (formerly Chapters 29 and 30) into a new single chapter. A new feature, "Contending Voices," offers paired quotes from original historical sources, accompanied by questions that prompt students to think about conflicting perspectives on controversial subjects.

Additional pedagogical aids make THE AMERICAN PAGEANT accessible to students: part openers and chapter-ending chronologies provide a context for the major periods in American history, while other features present additional primary sources, scholarly debates, and key historical figures for analysis. Available in the following options: THE AMERICAN PAGEANT, Sixteenth Edition (Chapters 1-41); Volume 1: To 1877 (Chapters 1-22); Volume 2: Since 1865 (Chapters 22-41). Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

The Brief American Pageant Perfection Learning

"I too am not a bit tamed—I too am untranslatable / I sound my barbaric yawp over the roofs of the world."—Walt Whitman, "Song of Myself," Leaves of

Grass The American Yawp is a free, online, collaboratively built American history textbook. Over 300 historians joined together to create the book they wanted for their own students—an accessible, synthetic narrative that reflects the best of recent historical scholarship and provides a jumping-off point for discussions in the U.S. history classroom and beyond. Long before Whitman and long after, Americans have sung something collectively amid the deafening roar of their many individual voices. The Yawp highlights the dynamism and conflict inherent in the history of the United States, while also looking for the common threads that help us make sense of the past. Without losing sight of politics and power, The American Yawp incorporates transnational perspectives, integrates diverse voices, recovers narratives of resistance, and explores the complex process of cultural creation. It looks for America in crowded slave cabins, bustling markets, congested tenements, and marbled halls. It navigates between maternity wards, prisons, streets, bars, and boardrooms. The fully peer-reviewed edition of The American Yawp will be available in two print volumes designed for the U.S. history survey. Volume II opens in the Gilded Age, before moving through the twentieth century as the country reckoned with economic crises, world wars, and social, cultural, and political upheaval at home. Bringing the narrative up to the present, The American Yawp enables students to ask their own questions about how the past informs the problems and opportunities we confront today.

The American Pageant Jenna Fischer's Hollywood journey began at the age of 22 when she moved to Los

Angeles from her hometown of St. Louis. With a theater degree in hand, she was determined, she was confident, she was ready to work hard. So, what could go wrong? Uh, basically everything. The path to being a professional actor was so much more vast and competitive than she'd imagined. It would be eight long years before she landed her iconic role on *The Office*, nearly a decade of frustration, struggle, rejection and doubt. If only she'd had a handbook for the aspiring actor. Or, better yet, someone to show her the way—an established actor who could educate her about the business, manage her expectations, and reassure her in those moments of despair. Jenna wants to be that person for you. With amusing candor and wit, Fischer spells out the nuts and bolts of getting established in the profession, based on her own memorable and hilarious experiences. She tells you how to get the right headshot, what to look for in representation, and the importance of joining forces with other like-minded artists and creating your own work—invaluable advice personally acquired from her many years of struggle. She provides helpful hints on how to be gutsy and take risks, the tricks to good auditioning and callbacks, and how not to fall for certain scams (auditions in a guy's apartment are probably not legit—or at least not for the kind of part you're looking for!). Her inspiring, helpful guidance feels like a trusted friend who's made the journey, and has now returned to walk beside you, pointing out the pitfalls as you blaze your own path towards the life of a professional actor.

Hateship, Friendship, Courtship, Loveship, Marriage Harper Collins

Nathan Irvin Huggins showcases more than 120 selections from the political writings and arts of the Harlem Renaissance. Featuring works by such greats as Langston Hughes, Aaron Douglas, and Gwendolyn Bennett, here is an extraordinary look at the remarkable outpouring of African-American literature and art during the 1920s.

The American Yawp McClelland & Stewart THE AMERICAN PAGEANT enjoys a reputation as one of the most popular, effective, and entertaining texts on American history. *Darkly* Cengage Learning

Sure to take its place alongside the literary landmarks of modern feminism, Elaine Showalter's brilliant, provocative work chronicles the roles of feminist intellectuals from the eighteenth century to the present. With sources as diverse as *A Vindication of the Rights of Woman* and *Scream 2*, *Inventing Herself* is an expansive and timely exploration of women who possess a boundless determination to alter the world by boldly experiencing love, achievement, and fame on a grand scale. These women tried to work, travel, think, love, and even die in ways that were ahead of their time. In doing so, they forged an epic history that each generation of adventurous women has rediscovered. Focusing on paradigmatic figures ranging from Mary Wollstonecraft and Margaret Fuller to Germaine Greer and Susan Sontag, preeminent scholar Elaine Showalter uncovers common themes and patterns of these women's lives across the centuries and discovers the feminist intellectual tradition they embodied. The author brilliantly illuminates the contributions of Eleanor Marx, Zora Neale Hurston, Simone de Beauvoir, Margaret Mead, and many more. Showalter, a highly regarded critic known for her provocative and strongly held opinions, has here established a compelling new *Who's Who* of women's thought. Certain to spark controversy, the omission of such feminist perennials as Susan B. Anthony, Eleanor Roosevelt, and Virginia Woolf will surprise and shock the conventional wisdom. This is not a history of perfect women, but rather of real women, whose mistakes and even tragedies are instructive and inspiring for women today who are still trying to invent

themselves.

**Directory of American Scholars** SAGE

Contemporary Gender Communication Theories and Analyses surveys the field of gender and communication with a particular focus on gender and communication theories and methods. How have theories about gender and communication evolved and been influenced by first-, second-, and third-wave feminisms? And similarly, how have feminist communication scholars been inspired by existing methods and aspired to generate their own? The goal of this text is to help readers develop analytic focus and knowledge about their underlying assumptions that gender communication scholars use in their work. The features and benefits are: it applies theoretical and methodological lenses to contemporary cases, allowing readers to see gender and communication theory work in action; it presents a comprehensive introduction to particular feminist theories and methodologies; it provides effective end-of-chapter cases and sample analyses that help readers see the kinds of questions and analyses that a particular theory and method bring into play; and also discusses contemporary research in gender and communication and expands on future directions for research.

[The Composition of Everyday Life, Brief \(with 2016 MLA Update Card\)](#) BenBella Books

American History

*The Language of Composition* Oxford University Press

A NEW YORK TIMES BESTSELLER! A growing number of Americans want to tear down what it's taken us 250 years to build—and they'll start by canceling our shared history, ideals, and culture. Traditional areas of civic agreement are vanishing. We can't agree on what makes America special. We can't even agree that America is special. We're coming to the point that we can't even agree what the word America itself means.

"Disintegrationists" say we're stronger together, but their assault on America's history, philosophy, and culture will only tear us apart. Who are the disintegrationists? From Howard Zinn's *A People's History of the United States* to the New York Times' 1619 project, many modern analyses view American history through the lens of competing oppressions, a racist and corrupt experiment from the very beginning. They see American philosophy as a lie – beautiful words pasted over a thoroughly rotted system. They see America's culture of rights as a façade that merely

reinforces traditional hierarchies of power, instead of being the only culture that guarantees freedom for individuals. Disintegrationist attacks on the values that built our nation are insidious because they replace each foundational belief, from the rights to free speech and self-defense to the importance of marriage and faith communities, with nothing more than an increased reliance on the government. This twisted disintegrationist vision replaces the traditional "unionist" understanding that all Americans are united in a shared striving toward the perfection of universal ideals. How to Destroy America in Three Easy Steps shows that to be a cohesive nation we have to uphold foundational truths about ourselves, our history, and reality itself—to be unionists instead of disintegrationists. Shapiro offers a vital warning that if we don't recover these shared truths, our future—our union—as a great country is threatened with destruction.

*Telethons* Cambridge University Press  
Parrington won the 1928 Pulitzer Prize in history for the first two volumes of his *Main Currents in American Thought*. This biography traces his intellectual development from his childhood, through his mid-life association with William Morris, to his late career at the University of Washington.

*The End of an Era* Springer Science & Business Media

Of all the plants men have ever grown, none has been praised and denounced as often as marijuana (*Cannabis sativa*). Throughout the ages, marijuana has been extolled as one of man's greatest benefactors and cursed as one of his greatest scourges. Marijuana is undoubtedly a herb that has been many things to many people. Armies and navies have used it to make war, men and women to make love. Hunters and fishermen have snared the most ferocious creatures, from the tiger to the shark, in its herculean weave. Fashion designers have dressed the most elegant women in its supple knit. Hangmen have snapped the necks of thieves and murderers with its fiber. Obstetricians have eased the pain of childbirth with its leaves. Farmers have crushed its seeds and used the oil within to light their lamps. Mourners have thrown its seeds into blazing fires and have had their sorrow transformed into blissful ecstasy by the fumes that filled the air. Marijuana has been known by many names: hemp, hashish, dagga, bhang, loco weed, grass—the list is endless. Formally christened *Cannabis sativa* in 1753 by Carl Linnaeus, marijuana is one of nature's hardiest specimens. It needs little care to

thrive. One need not talk to it, sing to it, or play soothing tranquil Brahms lullabies to coax it to grow. It is as vigorous as a weed. It is ubiquitous. It flourishes under nearly every possible climatic condition.

*Gender Communication Theories and Analyses* Cengage Learning

Since its original landmark publication in 1980, *A People's History of the United States* has been chronicling American history from the bottom up, throwing out the official version of history taught in schools -- with its emphasis on great men in high places -- to focus on the street, the home, and the workplace. Known for its lively, clear prose as well as its scholarly research, *A People's History* is the only volume to tell America's story from the point of view of -- and in the words of -- America's women, factory workers, African-Americans, Native Americans, the working poor, and immigrant laborers. As historian Howard Zinn shows, many of our country's greatest battles -- the fights for a fair wage, an eight-hour workday, child-labor laws, health and safety standards, universal suffrage, women's rights, racial equality -- were carried out at the grassroots level, against bloody resistance. Covering Christopher Columbus's arrival through President Clinton's first term, *A People's History of the United States*, which was nominated for the American Book Award in 1981, features insightful analysis of the most important events in our history. Revised, updated, and featuring a new afterword by the author, this special twentieth anniversary edition continues Zinn's important contribution to a complete and balanced understanding of American history.

*V.L. Parrington* Simon and Schuster  
THE BRIEF AMERICAN PAGEANT, International Edition presents a concise and vivid chronological narrative, focusing on the great public debates that have dominated American history. Colorful anecdotes, first-person quotations, and the text's trademark wit are all evident throughout. Focus questions, chapter outlines and summaries, marginal glossaries, and links to additional online study aids ensure that students understand and retain the material as they read and prepare for exams. Available in the following split options: THE BRIEF AMERICAN PAGEANT, 8E (Chapters 1-42), ISBN: 1111342954; Volume I: To 1877 (Chapters 1-22), ISBN: 1111342962; Volume II: Since 1865 (Chapters 22-42), ISBN: 1111342970.

Authoritative, comprehensive, and always reliable, *The Little, Brown Handbook* is a "nuts and bolts" handbook which provides current and thorough coverage of the writing process, grammar, research, and documentation.¿

### **A People's History of the United States** Algonquin Books

As always, Alice Munro surprises us. While the nine stories in this new collection could not be written by anyone else, they are subtly different. The title story, for example, ranges from small-town Ontario just after the war to a near-deserted hotel on the bald Saskatchewan prairie. The setting may be strange, uncharted Munro territory, but the plot is familiar, with two lives changed forever by a random act of mischief that can never be revealed. "Floating Bridge" is also a typical Alice Munro story, but different. Forty-two-year-old Jinny is fighting cancer, and the front room in their middle-class home is turned into a sickroom. Her husband hires a girl to look after her, and they visit the girl's trailer park relatives. Class tensions are exposed ("You know you'll hurt their feelings," he whispered. "They're trying to be nice to you."), and then something both unbelievable and totally believable happens to conclude the story in a way the reader will never forget. Other stories

contain lines that change the world. A promisingly flirtatious reunion with a teenage sweetheart, now married, takes an unexpected turn. ("About our youngest boy," he said. "Our youngest boy was killed last summer." Oh. "He was run over," he said. "I was the one who ran over him. Backing out of our driveway." I stopped again. He stopped with me. Both of us stared ahead. "His name was Brian. He was three.") In this great book by one of the world's great writers, the settings may be Vancouver Island, small-town Ontario, Toronto, or Vancouver, but the stories are universal, and the characters – no, the people in the stories – are unforgettable.

**American History** Cengage Learning  
A Companion to the Literature and Culture of the American West presents a series of essays that explore the historic and contemporary cultural expressions rooted in America's western states. Offers a comprehensive approach to the wide range of cultural expressions originating in the west Focuses on the intersections, complexities, and challenges found within and between the different historical and cultural groups that define the west's various distinctive regions Addresses traditionally familiar icons and ideas about the west (such as cowboys, wide-open spaces, and violence) and their intersections with urbanization and other regional complexities Features essays written by many of the leading scholars in western American cultural studies

**Inventing Herself** HarperCollins  
Explores what multilingualism means today, in a historical moment when it is

under intense discursive and technological pressure.

**Something to Declare** Stanford University Press

Feminism's origins have often been framed around a limited cast of mostly white and educated foremothers, but the truth is that feminism has been and continues to be a global movement. For centuries, women from all walks of life have been mobilizing for gender justice. As the last decade has reminded even the most powerful women, there is nothing "post-feminist" about our world. And there is much to be learned from the passion and protests of the past. Historian Lucy Delap looks to the global past to give us a usable history of the movement against gender injustice—one that can help clarify questions of feminist strategy, priority and focus in the contemporary moment.

Rooted in recent innovative histories, the book incorporates alternative starting points and new thinkers, challenging the presumed priority of European feminists and ranging across a global terrain of revolutions, religions, empires and anti-colonial struggles. In Feminisms, we find familiar stories—of suffrage, of solidarity, of protest—yet there is no assumption that feminism looks the same in each place or time. Instead, Delap explores a central paradox: feminists have demanded inclusion but have persistently practiced their own exclusions. Some voices are heard and others are routinely muted. In amplifying the voices of figures at the grassroots level, Delap shows us how a rich relationship to the feminist past can help inform its future.
