From the author of *The Battle*: A novel that brings French history to life as Napoleon moves in on Russia—where the ultimate test awaits. The French army stands at the gates of Moscow. Exhausted and demoralized, Napoleon's men are a mere fraction of the four-hundred-thousand-strong force that crossed the river Niemen in the summer, just three months earlier. Still, the sight of this famous city feels like a triumph and a chance, at last, to enjoy a conqueror's spoils. The emperor expects to be met by city elders bearing tokens of surrender, but no one appears—Moscow has been evacuated. Napoleon, oblivious

to the predicament before him, sends to Paris for comic novels and imagines that it is only a matter of time before Tsar Alexander sues for peace . . . In a novel that “brings a keen immediacy to the harrowing events” (Publishers Weekly, starred review), what follows is a waiting game—and, ultimately, a decision—that will brutally test the survival of twenty thousand soldiers and the resolve of a man hell-bent on power.

 This stunning 400-page Atlas is a unique and powerful publication which brings to light stories of environmental change at more than 100 locations spread across every country in Africa. There are more than 300 satellite images, 300 ground photographs and 150 maps, along with informative graphs and charts that give a vivid visual portrayal of Africa and its changing environment that provide scientific evidence of the impact that natural and human activities have had on the continent's environment over the past several decades. The observations and

measurements of environmental change help gauge the extent of progress made by African countries towards reaching the United Nation's Millennium Development Goals. More importantly, this book contributes to the knowledge and understanding that are essential for adaptation and remediation, and should be of immense value to all those who want to know more about Africa and who care about the future of this continent.

The true story of a man who spun a web of lies around his life takes readers deep inside the mind of a psychotic man who managed to convince thousands of people that he was a successful, credentialed physician.

Adonais La Esfera de los Libros
So Vast the Prison is the double-threaded story of a modern, educated Algerian woman existing in a man's society, and, not surprisingly, living a life of contradictions. Djébar, too, tackles cross-cultural issues just by writing in French of an Arab society (the actual act of writing contrasting with the strong oral traditions of the indigenous culture), as a woman who has seen revolution in a now post-colonial country, and as an Algerian living in exile. In this new novel, Djébar brilliantly plays these contradictions against the bloody history of Carthage, a great civilization the Berbers were once compared to, and makes it both a tribute to the loss of Berber culture and a meeting-point of culture and language. As the story of one woman's experience in Algeria, it is a private tale, but one embedded in a vast history. A radically singular voice in the world of literature, Assia Djébar's work ultimately reaches beyond the particulars of Algeria to embrace, in stark yet sensuous language, the universal themes of violence, intimacy, ostracism, victimization, and exile.

The Old Man Who Read Love Stories
Legend Press

In this stunning novel, Assia Djébar intertwines the history of her native Algeria with episodes from the life of a young girl in a story stretching from the French conquest in 1830 to the War of Liberation of the 1950s. The girl, growing up in the old Roman coastal town of Cherchel, sees her life in contrast to that of a neighboring French family, and yearns for more than law and tradition allow her to experience. Headstrong and passionate, she escapes from the cloistered life of her family to join her brother in the maquis' fight against French domination. Djébar's exceptional descriptive powers bring to life the experiences of girls and women caught up in the dual struggle for

independence - both their own and Algeria's.

Part of the Legend Classics series It's only because of their stupidity that they're able to be so sure of themselves. A novel of such ambiguity will inevitably lend itself to a diversity of interpretation, but in *The Trial* you can at least be sure to find every element of storytelling now defined as Kafkaesque. Josef K., our protagonist, is unexpectedly arrested on the morning of his thirtieth birthday. The agents who arrest him are unidentified, the agency they work for is unspecified, and the crime for which he has been accused is unknown. When he is released, shortly after, he is told to await further instruction. So begins the manic and emotionless trial of a man beholden to the whims of an unknown force, and his painstaking attempts to find a way out of this existential maze. *The Trial* brings into focus the absurdity of life, our universal fear of judgement, and one ultimate question: how much of this endless maze will you explore before you accept the fate life has bestowed upon you? 'As a writer, Carrère is straight berserk'
Junot Díaz In this non-fiction novel - road trip, confession, and erotic tour de force - Emmanuel Carrère pursues two consuming

obsessions: the disappearance of his grandfather amid suspicions that he was a Nazi collaborator in the Second World War; and a violently passionate affair with a woman that he loves but which ends in destruction. Moving between Paris and Kotelnich, a grisly post-Soviet town, Carrère weaves his story into a travelogue of a journey inward, travelling fearlessly into the depths of his tortured psyche.

This pioneering study wrestles with the perpetual problem of chronology in the Books of Kings. Starting from the conservative assumptions that the courts of Israel and Judah maintained regnal records, and that these for the most part accurately reflect regnal length, the author arrives at a new and persuasive dating for the reigns and their synchronisms. In addition, his chronological scheme includes all points of contact between Israel and Judah and external powers, especially Assyria. The result is one of the most responsible and yet most critical chronologies proposed to date, and will be the standard chronological reference for the next decade, if not longer.

Their friend Marcel Proust had killed himself after the fall in diamond shares, a collapse that annihilated a part of his fortune. This is the first-ever translation into English of this startling tour-de-force by one of the twentieth century's greatest writers. The Lemoine Affair was inspired by the real-life French scandal involving Henri Lemoine, who claimed he could manufacture diamonds from coal and convinced numerous people—including officers of the De Beers diamond mine company and Proust himself—to invest in the scheme. In a series of pastiches—imitations written in the style of other writers—Proust tells the story of the embarrassment rippling across high society Paris in the wake of the scandal, poking fun at himself (in one story, a character declares that Marcel Proust is so embarrassed he's suicidal) while lampooning some of France's greatest writers, including Flaubert, Balzac, and Saint-Simon. Full of sophisticated wit and

dazzling wordplay, and rife with allusions to his friend and fictional characters, many Proust scholars see the dead-on mimicry of *The Lemoine Affair*—written soon after Proust's rejection of society life—as the work by which he honed his own unique, masterly voice. The Art of The Novella Series Too short to be a novel, too long to be a short story, the novella is generally unrecognized by academics and publishers. Nonetheless, it is a form beloved and practiced by literature's greatest writers. In the Art Of The Novella series, Melville House celebrates this renegade art form and its practitioners with titles that are, in many instances, presented in book form for the first time.

I'm a street prostitute. Not a call girl or anything. No, a real street whore, with stiletto heels and menthol cigarettes. Narrator Nanou gives a detailed account of her day, from the moment she wakes up with a foul taste in her mouth, in her sordid rented room, until the minute she crawls back into her bed at night to sleep. Interwoven with her story are portraits of her clients. Oscar Coop-Phane invents an astonishing cast of original and deeply human characters losers, defeated by the world around them who seek solace in

Nanou's arms. Original and moving, this short book deftly paints a world of solitude and sadness, illuminated by precious moments of tenderness and acts of kindness.

Ilona Lakova's dark-skinned illiterate Gypsy father fell in love with her pale-skinned Polish mother whilst a prisoner in Russia during the First World War. They returned to his mother's house in a Gypsy settlement on the edge of the village of Saris in Slovakia where their family of nine grew up, despised and mocked by the peasants on whom they depended for work. Ilona describes in simple unaffected language what it was like to be part of a tight-knit community bound together by language, customs, music and a love of family, the spirit of Romipen.

This book brings together a number of contributions that throw a new light on the history of Jewish communities in late-medieval and early modern Italy (15th-18th centuries). The different, monographic approaches form a homogeneous interpretation of this history, a collective and original reflection on the question of Jewish minority in a broader (Christian) society. Both the

Christian and the Jewish sides are taken into consideration, and an important number of chapters consider concrete situations, Jewish texts and authors very rarely studied in the research on Jewish-Christian relation.

Read this an expansive meditation on death, grief and the limitless reach of the human spirit from the bestselling author of *The Adversary* 'Compelling... Carrère has the gift of speaking simply and directly of the essentials' *Evening Standard* Beset by arguments and the fear that things between them may be falling apart, writer Emmanuel Carrère and his partner, Hélène, journey to Sri Lanka to spend Christmas along the coast. But when the 2004 tsunami devastates the country, sweeping their friends' young daughter away, the couple are bound in their search among the dead. As further tragedy strikes back home, with the news that Hélène's sister is dying of cancer, Carrère turns his characteristic eye to the subject of these two lives, documenting the dramatic effect that their deaths have on those around them. Precise, sober, and suspenseful, *Other Lives But Mine* offers an intimate portrait of the fragility of life and the restorative processes of grief, that illuminates the astonishing richness of human connection.
