*Railroad Rolling Stock* Motorbooks International  
Rails Across Australia is an album of photographs taken by David Cable, a well regarded British author of several picture albums of train pictures throughout the world. The photos were taken initially during the period 1967-1973 when David lived in Adelaide, and then during several visits around the Commonwealth during the 21st Century. The photos cover a wide variety of trains in the mainland states from Queensland to the Pilbara region of Western Australia, and include pictures showing trains in the landscapes as well as close up photos of different gauges originally established in a various states are illustrated by

the individual classes designed for them, in addition to the newest designs for the standard gauge tracks now linking them. The Kettle Valley and Its Railways Douglas, David & Charles ; Newton Abbot [Eng.] : David & Charles

The Railways of the USA have a great following, both in the United States where there are large numbers of rail fans and increasingly in Britain/Europe, where there are enthusiasts who visit and model North American railroads.

### **Canadian Rail Car Pictorial** Chronicle Books

With 54 black and white photographs and maps, *Rails Across the Rockies* tells the stories of the surveying and construction of the Canadian Pacific, Grand Trunk Pacific, and Canadian Northern railways in the glory days of Canadian railroading. The construction of the Canadian Pacific, the Grand Trunk Pacific, and the Canadian Northern railways rank among the greatest political

and financial gambles in Canada's history. Politicians, engineers, and surveyors bickered and scrapped for years over why, how, and where to locate the rails. Each of the enterprises helped to stitch the country together physically while threatening to tear it apart politically. *Great Railways of the Canadian West* tells the stories of the scheming and the daring, and the monumental physical toil of laying steel across the mountains in the golden age of railroading in Canada.

**Lost Railway Journeys from Around the World** Pen and Sword

The growth of the network of railway lines across Canada is presented here with contemporary material and photographs to assist the text.

Rails Across the Rockies Altitude Publishing (Canada)

Explore Ontario's rich railway heritage — from stations and hotels to train rides, bridges, water towers, and roundhouses. *Rails Across Ontario* will take the reader back to a time when the railway ruled the economy and the landscape. Read about historic stations, railway museums, heritage train rides, and historic bridges. Follow old rail lines along Ontario's most popular rail trails. Find out where steam engines still puff across farm fields and where historic train coaches lead deep into the wilds of Ontario's scenic north country. Discover long forgotten but once vital railway structures, such as roundhouses, coal docks, and water towers. Learn about regular VIA Rail routes that follow some of the province's oldest rail lines and pass some of its most historic stations, including one that has operated continuously since 1857.

*Railways* Dundurn

The story of the railroads parallels the history of the United States and Canada. This pictorial history explores the early days of steam, the first transcontinental tracks, the robber barons, the luxury trains, and the decline of the railroads in recent years. 140 photos, 120 in color.

Algoma Eastern Railway Edmonds, Wash. : Pacific Fast Mail  
Travel back to the wonder years of rail in this beautiful compendium of art and illustration. Through luggage labels, maps, posters, advertisements, promotional brochures, napkins, and other colorful ephemera, *All Aboard!* celebrates our romance with the railroad. Its pages provide a nostalgic look at rail travel as it used to be, from the exciting early days at the turn of the century through its heyday in the '30s and through World War II. Lynn Johnson and Michael O'Leary have collected hundreds of period images, from Deco-era logos that evoke the sleek, streamlined style of the day to wartime propaganda posters highlighting the muscularity of freight locomotives that transported weapons and tanks for American troops. *All Aboard!* also explores the art of the Orient Express and great European lines, the rugged rails of Canada, and exotic points abroad. This exciting new resource for train enthusiasts and everyone on the lookout for terrific images recreates the splendor of the modern locomotive era.

*All Aboard!* Harrison Hot Springs, B.C. : Sudio E Books  
*Rails Across Britain* is a collection of full-size colour photographs of trains that have operated in Great Britain over the last thirty years. Compiled by a well-regarded author of several successfully published books showing many varying classes of trains throughout the world, this book covers the period from 1986 to

the present day. It brilliantly illustrates the various classes and the huge myriad of colour schemes that have been used throughout the years, from the great days of the British Rail to the era of Privatisation. The contrast between the cash-strapped British Rail from an almost universal blue and grey colour scheme, to the well-funded privatised multi-coloured system seen today, is well portrayed in this comprehensive album, in which more than one photo of a class is shown. This selection of photographs have been specifically chosen to demonstrate an undeniably wide range of locations from Fort William in Scotland to St Austell in Cornwall, and, of course, in a variety of British weather conditions. The emphasis is, therefore, on the beauty of the train in its surroundings.

#### Rails Across Canada Graphic Arts Books

It was one of the great railways that opened up Canada, and played a huge role in the development of Hamilton, the site of its head offices. Yet the rise and fall of the Great Western Railway has been almost lost to memory. David R.P. Guay provides the authoritative book of a great Canadian railway that history forgot.

#### The Pictorial History of Railroads Mountain Vision Publishing

Ron Brown is Canada's leading literary authority on the history of Canada's railways, particularly those now-lost branches from the golden age of steam that once ran like veins and arteries throughout the country. This special five-book bundle collects several of his titles, including: *In Search of the Grand Trunk*, which takes a close look at Ontario's railway heritage in the late 19th and early 20th centuries; the poignant *The Train Doesn't Stop Here Anymore*, an examination of the railroad's impact on communities — when it leaves town; and *Rails Across Ontario*,

*Rails Across the Prairies*, and the new *Rails to the Atlantic*, which trace the development of rail across the country and its economic and social impact. Brown's books are entertaining but also meticulously researched. This bundle is a treasure trove for the railway enthusiast. Includes: *In Search of the Grand Trunk* *Rails Across the Prairies* *Rails Across Ontario* *The Train Doesn't Stop Here Anymore* *Rails to the Atlantic*  
White Lion Publishing

The Railways of the USA have a great following, both in the United States where there are large numbers of rail fans and increasingly in Britain/Europe, where there are enthusiasts who visit and model North American railroads.

#### *The Grand Trunk Western Railroad* University of Toronto Press

Ron Brown is Canada's leading literary authority on the history of Canada's railroads, particularly those now-lost branches from the golden age of steam that once ran like veins and arteries throughout the country. This special four-book bundle collects several of his titles, including: the poignant *The Train Doesn't Stop Here Anymore*, an examination of the railroad's impact on communities - when it leaves town as well; *Rails Across Ontario* and *Rails Across the Prairies*, which trace the development of rail across the country and its economic and social impact; and *In Search of the Grand Trunk*, which takes a close look at Ontario's railway heritage in the late 19th and early 20th centuries. Brown's books are entertaining but also meticulously researched. This bundle is a treasure trove for the railway enthusiast. Includes: *In Search of the Grand Trunk* *Rails Across Ontario* *Rails Across the Prairies* *The Train Doesn't Stop Here Anymore*  
*The Central Canada Rail Pictorial* *Rails Across Canada*

Few stories in the annals of railroading are as compelling as the construction, evolution, and astounding successes of the Canadian Pacific and Canadian National railways. This sprawling volume combines two of Voyageur Press' most successful Railroad Color History titles into one volume taking in the grand scope of both railroads. Author Tom Murray presents fastidiously researched and concisely presented histories of each railroad, along with more than 300 photographs, including rare archival black-and-white images and modern and period color photography sourced from national archives and private collections.

**Rails Across North America** Dundurn

Brown celebrates the survival of our railway heritage in stations that have been saved or remain in use. Despite the "green" benefits of rail travel, Canada has lost much of its railway heritage. Across the country stations have been bulldozed and rails ripped up. Once the heart of communities large and small, stations and tracks have left little more than a gaping hole in Canada's landscapes. This book revisits the times when railways were the country's economic lifelines, and the station the social centre. Here was where we worked, played, listened to political speeches, or simply said goodbye to loved ones. The landscapes that grew around the station are also explored and include such forgotten features as station hotels, restaurants, gardens, and the once-common railway YMCA. Railway companies often hired the world's leading architects to design grand station buildings that ranged in style from chateausque to art deco. Even small-town stations and wayside shelters displayed an artistic flare and elegance. Although most have vanished, the book celebrates the

survival of that heritage in stations that have been saved or remain in use. The book will appeal to anyone who has links with our rail era, or who simply appreciates the value of Canada's built heritage.

*Rails Across Britain* Pen and Sword

With its gallery of over 360 striking and unfamiliar images and extensive historical text *World Railways of the Nineteenth Century* invites readers to experience an unparalleled glimpse into the world of nineteenth-century railroading. Peter Skinner, Foreword

All Aboard! Pen and Sword

A pictorial history of Algoma Eastern Railway, which started as Manitoulin & North Shore Railway in 1888, and was taken over by Canadian Pacific Railway in 1930.

Steel Rails and Iron Men Pen and Sword

A must for any Canadian railroad aficionado, this special bundle gathers six books in one for a can't-miss retrospective of the nation's railway history. *Rails Over the Mountains* Explore western Canada's rich railway history, travelling from the grand railway hotels and rustic stations to relive a time when trains used to rumble in the West. *Rails to the Atlantic* Explore eastern Canada's railway heritage, including stations from the late 1850s, grand hotels, bridges, and roundhouses. *The Train Doesn't Stop Here Anymore* Once the lifeblood of Canada, railways and heritage stations are a fading part of the patrimony of communities across the nation. *Rails Across Ontario* Train buffs and history lovers now have a book that explores the heritage of Ontario's railways, from its oldest stations to its highest bridges, most glamorous hotels and historic train rides. *Rails Across the*

Prairies Canada's rail lines were pivotal in establishing the icons that mark today's landscape: massive bridges, sentinel-like grain elevators, pattern-book wayside stations. In *Search of the Grand Trunk* Discover the legacy and lore of Ontario's railway era by exploring the lost and abandoned rail lines that once were essential to the province's well-being.

**Rails Across Canada** Pen and Sword

*Rails Across Canada* Pen and Sword

*Rails Across Europe* Voyageur Press

This scenic photographic tour offers "an interesting snapshot of Canadian railroading" (Continental Modeller). The origins of Canada's railways lie largely in the British Empire, and its two major networks, the Canadian National and the Canadian Pacific, operate across the whole of the country. In addition to rail

operation, the Canadian Pacific has owned and operated a sizable fleet of cargo and passenger ships between Canada and Europe. Canada has also had some smaller operators running services in odd corners of the country, like the Prince Edward Island Railway and the Newfoundland Railway. David Cable has journeyed across Canada, extensively photographing the network of both the large and small operators, often recording scenes in the most obscure locations. This richly illustrated book captures his travels and the impressive trains that connect people and goods all over the country.

*Spectacular Light* Calgary : Prairie Rail Pub.

*Rails Around the World* is a visually glorious history depicting trains and locomotives at work in scenic locations throughout North America, Europe, and Asia.
