In a culture where poetry is considered the highest form of human language, Gendun Chopel is revered as Tibet's greatest modern poet. Born in 1903 as British troops were preparing to invade his homeland, Gendun Chopel was identified at any early age as the incarnation of a famous lama and became a Buddhist monk, excelling in the debating courtyards of the great monasteries of Tibet. At the age of thirty-one, he gave up his monk's vows and set off

for India, where he would wander, often alone and impoverished, for over a decade. Returning to Tibet, he was arrested by the government of the young Dalai Lama on trumped-up charges of treason, emerging from prison three years later a broken man. He died in 1951 as troops of the People's Liberation Army marched into Lhasa. Throughout his life, from his childhood to his time in prison, Gendun Chopel wrote poetry that conveyed the events of his remarkable life. In the

Forest of Faded Wisdom is the first comprehensive collection of his oeuvre in any language, assembling poems in both the original Tibetan and in English translation. A master of many forms of Tibetan verse, Gendun Chopel composed heartfelt hymns to the Buddha, pithy instructions for the practice of the dharma, stirring tributes to the Tibetan warrior-kings, cynical reflections on the ways of the world, and laments of a wanderer, forgotten in a foreign land. These poems exhibit

the technical skill—wordplay, puns, the ability to evoke moods of pathos and irony—for which Gendun Chopel was known and reveal the poet to be a consummate craftsman, skilled in both Tibetan and Indian poetics. With a directness and force often at odds with the conventions of belles lettres, this is a poetry that is at once elegant and earthy. In the *Forest of Faded Wisdom* is a remarkable introduction to Tibet’s sophisticated poetic tradition and its most intriguing twentieth-

century writer. **AKASHVANI** Walter de Gruyter GmbH & Co KG Gendun Chopel is considered the most important Tibetan intellectual of the twentieth century. His life spanned the two defining moments in modern Tibetan history: the entry into Lhasa by British troops in 1904 and by Chinese troops in 1951. Recognized as an incarnate lama while he was a child, Gendun Chopel excelled in the traditional monastic curriculum and went on to

become expert in fields as diverse as philosophy, history, linguistics, geography, and tantric Buddhism. Near the end of his life, before he was persecuted and imprisoned by the government of the young Dalai Lama, he would dictate the *Adornment for Nagarjuna’s Thought*, a work on Madhyamaka, or “Middle Way,” philosophy. It sparked controversy immediately upon its publication and continues to do so today. The *Madman’s Middle Way* presents the first English

translation of this major Tibetan Buddhist work, accompanied by an essay on Gendun Chopel's life liberally interspersed with passages from his writings. Donald S. Lopez Jr. also provides a commentary that sheds light on the doctrinal context of the Adornment and summarizes its key arguments. Ultimately, Lopez examines the long-standing debate over whether Gendun Chopel in fact is the author of the Adornment; the heated critical response to the work by Tibetan monks of

the Dalai Lama's sect; and what the Adornment tells us about Tibetan Buddhism's encounter with modernity. The result is an insightful glimpse into a provocative and enigmatic work that will be of great interest to anyone seriously interested in Buddhism or Asian religions. Shardza Tashi Gyeltsen (1859-1934) is one of the most important luminaries of the Bon tradition of

Tibet and certainly the most striking recent master of the teachings of the Great Perfection. Throughout his life, he applied the principles of the Great Perfection in numerous isolated retreats and perfected both spiritual realization and scholarly erudition. His works have nowadays become immensely important references for the modern Bon tradition, even if, for some lineage holders of this Tibetan school, he is best associated with the movement known as

"New Bon". This widely diffused view, however, is wrong as is clearly shown by the analysis of Shardza Rinpoche's Collected Works in the present volume.

Routledge This book is the first to present current scholarship on gender and in regional and sectarian versions of the Rāmāyaṇa. Contributors explore in what ways the versions relate to other Rāmāyaṇa texts as they

deal with the female persona and the cultural values implicit in them. Using a wide variety of approaches, both analytical and descriptive, the authors discover common ground between narrative variants even as their diversity is recognized. It offers an analysis in the shaping of the heterogeneous Rāma tradition through time as it can be viewed from the perspective of narrating women's lives. Through the analysis of the representation and treatment of female

characters, narrative inventions, structural design, textual variants, and the idiom of composition and technique in art and sculpture are revealed and it is shown what and in which way these alternative versions are unique. A sophisticated exploration of the Rāmāyaṇa, this book is of great interest to academics in the fields of South Asian Studies, Asian Religion, Asian Gender and Cultural Studies.

This is both a theoretical and practical book giving a complete pathway to teaching children how to write and read in Classes 1 and 2. This book provides teachers with appealing, easy-to-use plans and practical activities for immediate use. It also sets out fundamental principles of Steiner Waldorf pedagogy. It shows how this dovetails with the best of both mainstream primary approaches and specialist dyslexia-friendly methods. Teachers can use these principles to

become confident in creating their own activities and resources. The book showcases the holistic, creative aspects of the Steiner Waldorf literacy approach. The teaching of writing before reading is prioritized so as to engage children's creativity in learning. Developing the child's own voice through writing and storytelling, to lead over into reading, is highly effective for motivation and success. *The Encyclopædia Britannica* Cambridge University Press
