Chanting the Medicine Buddha Sutra Parallax Press

Reprint of the original, first published in 1865. *Catalog of Copyright Entries* Celestial Arts The beloved Zen teacher presents 14 Buddhist guidelines for living consciously and ethically

in our modern, uncertain times—a must-read for social activists, Engaged Buddhists, and anyone eager for long-term global change. If you want to live life as an active agent for change: begin here. Originally formulated by Nobel Peace Prize nominee and Zen Master Thich Nhat Hanh during the Vietnam War, Interbeing is a call to

collective awakening and a guidebook for getting there. The Fourteen Mindfulness Trainings are a radical expression of Buddhist ethics and morality that offer essential insights for existing mindfully, and not burning out. This fourth edition introduces the most up-to-date revision of the Fourteen Mindfulness Trainings, with fresh commentary on living in contemporary society. Extra depth is added with a new foreword by Sister Chan Khong, one of the first six

people to be ordained as a monastic by Thich Nhat Hanh, who opens a vivid personal window into the history and lineage of these trainings. Thich Nhat Hanh is a Zen master, scholar, and peacemaker. He was nominated by Dr. Martin Luther King, Jr., for the Nobel Peace Prize and is author of over thirty books, including *Being Peace*, *Living Buddha Living Christ*, and *Teachings on Love*. He is the founder of Plum Village, a meditation community in France that

leads retreats on “the art of mindful living.” [Books Out Loud](#) Simon and Schuster Lafayette O'Leary, to his acute discomfiture, has an exhilarating and terrifying tendency to slip continua. And what might that mean? It might mean finding oneself a gypsy with a ring in his ear at one moment, and then suddenly a crippled birdman unable to leave his nest because of the awkward loss of teleporting talent. It might mean battling one's way back to the time stream

where he started - only to find himself already there, lording it over the populace like a tyrant.

its music, as well as the

based on extensive field

research at Wutaishan

from 2005 to 2007,

including interviews with

monks, nuns, pilgrims and tourists. The author learned to play the sheng mouth organ and guanzi double-reed pipe, and recorded dozens of performances of monastic and lay music. The first extensive examination of Wutaishan's music by a Western scholar, the book brings a new perspective to a topic long favored by Chinese musicologists. At the same time, the book provides the non-musical scholar with an engaging exploration of the historical, political, economic and cultural

forces that shape musical and religious practices in China.

Wise and witty, heartfelt and profound, this second volume in an annual series brings together the year's most notable prose and verse inspired by the power and insight of Buddhist practice.

Compiled by the editors of Shambhala Sun , North America's oldest and most widely read Buddhist magazine, the collection offers a lively array of

styles, perspectives, and concerns of contemporary Buddhists. The twenty-five talented contributors include familiar favorites as well as some surprising voices who will delight and enlighten the reader, with pieces ranging from personal memoir, adventure travelogue, prison journal, and poetry, to advice for practitioners and wisdom teachings of the masters. most important men in her life: her father and her Zen teacher. * The Dalai Lama explains Buddhism's signature doctrine of emptiness. * Dharma teacher Gaylon Ferguson writes on issues of self-worth and social justice for people of color. * Journalist Joan Duncan Oliver reflects on her struggle with twin addictions: "a drink and a man." * Thich Nhat Hanh offers personal meditations to help us lead a more wholesome and mindful life. * Cognitive psychologist

This diverse and exciting Passover resource features the traditional

Haggadah Hebrew text with a new translation designed to let you know exactly what the Haggadah says. Introductory essays help you understand the historical roots of Passover, the development of the Haggadah, and how to make sense out of texts and customs that evolved from ancient times. Framed with beautifully designed Talmud-style pages, My People's Passover Haggadah features commentaries by scholars from all

denominations of Judaism. You are treated to insights by experts in such fields as the Haggadah's history; its biblical roots; its confrontation with modernity; and its relationship to rabbinic midrash and Jewish law, feminism, Chasidism, theology, and kabbalah. No other resource provides such a wide-ranging exploration of the Haggadah, a reservoir of inspiration and information for creating meaningful Seders every year. "The Haggadah is a book not just of the Jewish

People, but of ordinary Jewish people. It is a book we all own, handle, store at home, and spill wine upon! Pick up a Siddur, and you have the history of our People writ large; pick up a Haggadah, and you have the same—but also the chronicle of Jewish life writ small: the story of families and friends whose Seders have become their very own local cultural legacy.... My People's Passover Haggadah is for each and every person looking to enrich their annual experience of

Passover in their own unique way."

Women played major roles in the history of Buddhist China, but given the paucity of the remaining records, their voices have all but faded. In *Daughters of Emptiness*, Beata Grant renders a great service by recovering and translating the enchanting verse - by turns assertive, observant, devout - of forty-eight nuns from sixteen centuries of imperial China. This

selection of poems, along with the brief biographical accounts that accompany them, affords readers a glimpse into the extraordinary diversity and sometimes startling richness of these women's lives. A sample poem for this stunning collection: The sequence of seasons naturally pushes forward, Suddenly I am startled by the ending of the year. Lifting my eyes I catch sight of the winter crows, Calling mournfully as if wanting to complain. The sunlight is cold rather than gentle, Spreading

over the four corners like
 a cloud. A cold wind blows
 fitfully in from the north,
 Its sad whistling filling
 courtyards and houses.
 Head raised, I gaze in the
 direction of Spring, But
 Spring pays no attention
 to me at all. Time a
 galloping colt glimpsed
 through a crack, The tap
 [of Death] at the door has
 its predestined time. How
 should I not know, one
 who has left the world,
 And for whom floating
 clouds are already
 familiar? In the garden
 there grows a rosary-plum
 tree: Whose sworn

friendship makes it
 possible to endure. - Chan

 'LIFE SONGS' speaks of various aspects of the diverse aspects and exposure to life. It sings its own tune of faith, the environment, loss, humanity and love. There are authentic original hand selected photos. Each photo or image conveys a story as powerful and as passionate as the poems. The photos especially have their own narrative, or they are intended for tranquility amidst the

turbulent thoughts, or to provoke and awaken the conscience of the soul to respond to life. The language is from the gut of the soul not just of the authors life experiences. It highlights specific spontaneous expression and distinguishes the arrow of language from the bow of the specific poem in the book. The unique quality of each poem is in the exquisite nature of poems that were composed intuitively on deciphering and describing life issues through the authors

perspective or that of persons. It is driven by unnoticed social events that are witnessed in everyday life of the most ordinary of folks. Nothing is held back. What one sees is what one gets. Sometimes one has to take of his own attire and wear another's to understand life's messages.

Thomas Ligotti is often cited as the most curious and remarkable figure in horror literature since H. P. Lovecraft. His work is

noted by critics for its display of an exceptionally grotesque imagination and accomplished prose style. In his stories, Ligotti has followed a literary tradition that began with Edgar Allan Poe, portraying characters that are outside of anything that might be called normal life, depicting strange locales far off the beaten track, and rendering a grim vision of human existence as a perpetual nightmare. The horror stories collected in Teatro Grottesco feature

tormented individuals who play out their doom in various odd little towns, as well as in dark sectors frequented by sinister and often blackly comical eccentrics. The cycle of narratives introduce readers to a freakish community of artists who encounter demonic perils that ultimately engulf their lives.

Kidnapped from Parker's Fort near Mexia by raiding Comanches in 1836, she was completely assimilated into the Noconi band. She married tribal leader Peta Nocona and bore him two sons, Quanah and Pecos, and a daughter, Toh-Tsee-Ah.

Late in 1860, she and toddler Topsannah (as the whites called her) were recaptured by Texas Rangers and returned to "civilization" and the extended Parker clan. Cynthia Ann never adapted to white culture. She was shunted from one Parker family to another, living in constant grief and doubt—about herself and her daughter and about the fate of her Comanche family still on the prairies. Convinced she was a captive of the Texans, Cynthia Ann was determined to escape to

the high plains and the Comanche way. The Parkers neither cared for nor understood Cynthia Ann's obsession with returning to her homeland and her people. Charles Brashear's thoroughly researched and vividly realistic novel, *Killing Cynthia Ann*, tells the story as it might have happened and turns it into a compelling and unforgettable drama. "Basing his fictional speculation on a careful reading of the historical record, Brashear chronicles the

heartbreaking descent into despair of a proud woman who could not forget her warrior husband and two sons. . . [The public] will appreciate this engrossing novel, which can also supply a personal perspective to supplement history texts."--Library Journal

An introduction to Zen chanting practice, with new accurate and chantable translations of the texts used in Zen centers and monasteries throughout the English-speaking world—by the renowned translator of

Dogen and Ryokan. A Zen chant is like a compass that sets us in the direction of the awakened life; it is the dynamic, audible counterpart to the silent practice of zazen, or sitting meditation; and it is a powerful expression of the fact that practice happens in community. Here is a concise guide to Zen chants for practitioners, as well as for anyone who appreciates the beauty and profundity of the poetry in dharma. An introduction to the practice is followed by

fresh and carefully
