Harry Potter Page to Screen: Revised and Expanded now has more pages devoted to the legacy of the *Harry Potter* films. In addition to the complete history of all eight *Harry Potter* films, the book now explores the theme parks in Florida, California and Japan, the sets and props in Leavesden, England and the House of MinaLima, founded by the graphic designers on all of the films, and located in London. With 1200 photographs, sketches, and diagrams, the book provides unbridled access to every aspect of the film-making process. It tells the stories behind each individual film and covers the design and technology behind all the astounding effects. This book pays homage to how one film became eight, how a few months became a decade, and how one author's fantasy became the project of many individuals' lifetimes-told by the people who were there, the people who made the magic real. *Harry Potter Page to Screen: Revised and Expanded* will start from the very beginning, describing how the book was optioned, the casting of Harry, Ron and Hermione, and the assembling of a creative team with the vision to tackle a world we had previously seen only in our imaginations. Interviews, quotes, and stories from the directors, producers, screenwriters, and actors discuss the making of all eight films at length, including the last film, film number 8, *Harry Potter and the Deathly Hallows, Part 2*. Daniel Radcliffe and his personal narrative from set to set is used as the life line that connects all aspects of this memoir, giving structure to the many voices of

the *Harry Potter* family who orate this tale. All of the movies were filmed at the Leavesden Studio in Hertfordshire, England and these pages describe how the Leavesden family dealt with numerous cast, crew, and production dramas, replacements, technical difficulties and countless narrative and visual decisions. This book will touch on subjects such as J.K. Rowling's private comments to her young cast, the impact of Richard Harris' (the original Dumbledore) death on the cast and crew, the effects of 9/11 on the Leavesden family (during the filming of *Harry Potter and the Chamber of Secrets*), the reality of "growing up Potter" for the young starlets who experienced their adolescence on a hugely public stage, and reflections from the cast and crew on the end of the film series. In addition to stories on and off set, *Harry Potter Page to Screen: Revised and Expanded* pays tribute to the stunning physical, visual and technological genius that went into making an unbelievable story believable, showcasing more than a decade's worth of art and special effects, including never-before-seen photos of the costumes, sets, props, and creatures, as well as early concept art, drawings and designs. The book is fully supported by Warner Bros. and is being put together with the same group as *Harry Potter Film Wizardry: The Updated Edition*. While *Film Wizardry* provided a whimsical and informative scrapbook for *Harry Potter* fans and was published prior to the release of the last film, this mammoth book gives readers a more complete account of the entire film-making process, designed in a more classical, sophisticated package. *Harry Potter Page to Screen: Revised and Expanded* is a publishing event. This book is the Bible for everything Potter and will stand as the most complete and final visual history of the *Harry Potter* movie story ever to be published.

Through close textual and contextual analysis of British films spanning a century, this book explores how pupils, teachers and secondary education in general have been represented on the British screen. The author addresses a number of topics including the nature of public (fee-paying) and state schooling; the values of special, single-sex and co-education; the role of male and female teachers; and the nature of childhood and adolescence itself. From the silents of Hitchcock to the sorcery of Harry Potter, British cinema's continued explorations of school life highlights its importance in the nation's everyday experience and imaginary landscape. Beyond this, the school film, varying in scope from low-budget exploitation to Hollywood-financed blockbusters, serves both as a prism through which one can trace major shifts in the British film industry and as a barometer of the social and cultural concerns of the cinema-going public. This applies especially for gender, race and, in all senses, class.

Not Quite Narwhal Harper Collins

The project that captured a nation's imagination. The instructions were simple, but the results were extraordinary. "You are invited to anonymously contribute a secret to a group art project. Your secret can be a regret, fear, betrayal, desire, confession, or childhood humiliation. Reveal anything -- as long as it is true and you have never shared it with anyone before. Be brief. Be legible. Be creative." It all began with an idea Frank Warren had for a community art project. He began handing out postcards to strangers and leaving them in public places -- asking people to write down a secret they had never told anyone and mail it to him, anonymously. The response was overwhelming. The secrets were both provocative and profound, and the cards themselves were works of art -- carefully and creatively constructed by hand. Addictively compelling, the cards reveal our deepest fears, desires, regrets, and obsessions. Frank calls them "graphic haiku," beautiful, elegant, and small in structure but powerfully emotional. As Frank began posting the cards on his website, PostSecret took on a life of its own, becoming much more than a simple art project. It has grown into a global phenomenon, exposing our individual aspirations, fantasies, and frailties -- our common humanity. Every day dozens of postcards still make their way to Frank, with postmarks from around the world, touching on every aspect of human experience. This extraordinary collection brings together the most powerful, personal, and beautifully intimate secrets Frank Warren has received -- and brilliantly illuminates that human emotions can be unique and universal at the same time.

Harry Potter: A Pop-Up Book Simon and Schuster

Dame Maggie Smith stands as a remarkable example of the concomitance -- in a performer's career -- of typecasting and characterisation, that is the ability to impersonate 'against type' infinitely various screen or stage characters. This book of appreciation essentially aims at correcting the

preconceived image that the general public has of Dame Maggie Smith. Focusing on the last twenty-five years, it examines, through the many parts she has played since the early 1990s, her ability to go beyond typecasting and give, thanks to her chameleon skills, nuanced and convincing portrayals of infinitely diverse characters. From *The Importance of Being Earnest* to *Gosford Park* and *Becoming Jane*, to *Downton Abbey* and *Sister Act*, to *The Last September* and the *Harry Potter* saga, Dame Maggie Smith has had a wide spanning career in TV and Film. Not to mention her theatrical work on

the stage. Author Caroline Fevrier lives in Paris, France and has a passion for theatre and performing. Caroline holds a PhD in Literature and Humanities and an MA in Literature and Drama. She was also trained as a professional performer and has been involved in several stage productions and short movies. Caroline regularly gives lectures on theatre and performance to academic audiences and had published several books on literature and humanities, and now focuses closely on the performing arts.
