Campaign Setting

Penguin

X-Men meets Marissa Meyer's Renegades when New York Times bestselling author of the Ugliers series Scott Westerfeld teams up with award-winning authors Margo Lanagan and Deborah Biancotti in the second book of an explosive new

trilogy about six teens with unique abilities. They thought they'd already faced their toughest fight. But there's no relaxing for the reunited Zeroes. These six teens with unique abilities have taken on bank robbers, drug dealers, and mobsters. Now they're trying to lay low so they can get their new illegal nightclub off the ground. But the quiet doesn't last long when two strangers come to town, bringing with

them a whole different kind of crowd-based chaos. And hot on their tails is a crowd-power even more dangerous and sinister. Up against these new enemies, every Zero is under threat. Mob is crippled by the killing-crowd buzz—is she really evil at her core? Flicker is forced to watch the worst things a crowd can do. Crash’s conscience—and her heart—get a workout. Anon and Scam must both put family loyalties on the line for the sake of survival. And Bellwether’s glorious-leader mojo deserts him. Who’s left to lead the Zeroes into battle against a new, murderous army?

Butt Sandwich & Tree
Macmillan

“A swift-paced survival tale that’s a cool blend of Lord of the Flies and

Journey to the Center of the Earth.” —School Library Journal “A sharp meditation on the seemingly universal difficulties of being young, smart, and uncertain.” —BCCB “A multifaceted journey from darkness to light.” —Kirkus Reviews Winner of the Red Maple Fiction Award A class field trips turns into an underground quest for survival in the latest middle grade novel from the author of Edgar Award winner OCDaniel. Mr. Baker’s eighth grade class thought they were in for a normal field trip to Carlsbad Caverns in New Mexico. But when an earthquake hits, their field trip takes a terrifying turn. The students are plunged into an underground lake...and their teacher

goes missing. They have no choice but to try and make their way back above ground, even though no one can agree on the best course of action. The darkness brings out everyone's true self. Supplies dwindle and tensions mount. Pretty and popular Silvia does everything she can to hide her panic attacks, even as she tries to step up and be a leader. But the longer she's underground, the more frequent and debilitating they become. Meanwhile, Eric has always been a social no one, preferring to sit at the back of the class and spend evenings alone. Now, he finds himself separated from his class, totally by himself underground. That is, until he meets an unexpected stranger.

Told from three different points of view, this fast-paced adventure novel explores how group dynamics change under dire circumstances. Do the students of Mr. Baker's class really know each other at all? Or do they just think they do? It turns out, it's hard to hide in the dark.

 Lord of the Rings meets Buffy the Vampire Slayer meets The Duff in this funny, fast-paced tale of middle-school monsters, self-image, and, oh yeah, actual monsters that want to kill everyone. Laura Ledwick is... well...

large. The kids at school don't let her forget it, and call her by various names: Laura Largebottom, Laura Lardo, Lots of Laura--you get the idea. When Laura's family moves to the next town over before eighth grade, she expects more of the same. What she doesn't expect are the snake-like yellow eyes watching her from the forest. Or the mysterious rattling in her closet. Or finally making real friends for the first time. Or handsome uber-nerd Liam R. Kelp, who might just be the cutest boy to ever wear a Science Is Cool T-shirt. But when Laura finally discovers the source of the rattling, things take on a whole new level of weird. It turns out Laura has

just been given the most important job in the world: Monster Crusher. Her role is simple: protect the earth from the horrors beneath their feet. Eighth grade is about to get a lot more interesting.
