You may not realize it but you might have the potential to become a business consultant. You don't believe me? Search within yourself. What is the thing you are most passionate about? What is that thing that you do best? Once you have determined what that is, ask whether there are people who might need some assistance in that area.

By being too timid and too weak, too hesitant and too confused, Democrats have allowed Republicans to run amok. Republicans today control everything: the White House, the Congress, the Supreme Court, the federal bureaucracy, the military, and the corporate special interests and their lobbyists. They operate powerful right-wing organizations, right-wing think tanks, and a conservative media that serves as an attack dog against Democrats. Republicans have used their absolute power to corrupt our democracy, degrade our military, weaken our health care system, diminish our stature in the world, damage our environment, reward the rich, hammer the poor, squeeze the middle class, bankrupt our Treasury, and indenture our children to foreign debt holders. In this important book, James Carville and Paul Begala show Democrats how they can take it back. They offer a clear-eyed critique of their party's failures and make specific, concrete recommendations on how Democrats can avoid losing elections on divisive issues such as abortion, gun control, gay rights, and moral values and start winning them on health care, political reform, energy, the environment, tax reform, and more. Carville and Begala say that liberal Democrats are right that too many establishment Democrats kowtow to corporate interests and shamefully supported George W. Bush's rush to war. And moderate Democrats are right to complain that too many Democrats are out of step with middle-class values, too removed from people of faith, too enthralled with intellectual and cultural elites. But the problem with the Democrats, Carville and Begala argue, is not ideological. It's anatomical. They lack a backbone. Take It Back is a spinal transplant for Democrats and an audacious battle plan for victory.

Mary Kay Ash, one of America's most dynamic businesswomen, lived her life with simple and timeless principles. Through her uncomplicated formula for success -- God first, family second and career third -- she achieved her dream. She inspired. She motivated. She cared. Mary Kay often said that if you expect great things, great things will happen. So expect results. Expect success. Miracles happen. Mary Kay Ash knew when she created her dream company that its success would largely depend on the principles upon which it was founded. In her wisdom, she realized that by building a solid foundation, and never wavering from it, she would distinguish her company and set the stage for women to succeed for decades to come. Mary Kay herself said, "The Company bears my name, but it has a life of its own. The true success is the lives that have changed for the better." Today, the independent sales force wholeheartedly embraces Mary Kay's vision of enriching women's lives. Because she believed that women would understand and support her mission, her legacy will continue to grow, inspiring generations of women around the world to believe that miracles happen.

On any given night in living rooms across America, women gather for a fun girls' night out to eat, drink, and purchase the latest products—from Amway to Mary Kay cosmetics. Beneath the party atmosphere lies a billion-dollar industry, Direct Home Sales (DHS), which is currently changing how women navigate work and family. Drawing from numerous interviews with consultants and observations at company-sponsored events, *Paid to Party* takes a closer look at how DHS promises to change the way we think and feel about the struggles of balancing work and family. Offering a new approach to a flexible work model, DHS companies tell women they can, in fact, have it all and not feel guilty. In DHS, work time is not measured by the hands of the clock, but by the emotional fulfillment and fun it brings.

Assuming that God exists and you were to meet Him face to face, what one question would you ask Him if you had the chance? This was the premise upon which this book was written. Atheists, agnostics, and theists contributed by submitting questions that they would ask God if they had the opportunity. Each question is answered and probes the depths of God's word. Although this is not a doctrinal book, it is written from a Christian perspective. The goal of this book is to initiate a conversation that accepts the existence of God and offers a perspective that looks at personal experiences from a different angle. If you have ever wondered how God might address your question, this book offers you the chance to consider how He might respond. Regardless of your system of belief, you will gain new insight into how the events of your life can be viewed and how that new perspective can enrich your life.

"In Pink" is the memoir of a self-made woman who succeeded on her own terms by seizing the opportunity created by Mary Kay Ash when she founded her unique company at the very epoch of the women's movement in America. From humble beginnings bidding peas for her family's east Texas agri-business to overseeing a multi-million dollar international cosmetics enterprise, "In Pink" is the uniquely feminine success story of a woman who attained her dreams while staying true to the perennial Mary Kay values of "God first, family second, and career third." "In Pink" is also the memoir of a generation of women who came of age at a time when women were just beginning to find their voice in the corporate world and redefine their role as equals among their male counterparts. Using the Mary Kay model, Doretha Dingler became a business owner in the deep south in the 1960s, when a woman still had to have her husband's signature to obtain a loan, and ultimately came to lead a sales force comprised of thousands of like-minded women determined to achieve success on their own terms. Over a nearly forty year career with Mary Kay, Doretha Dingler went from being put on notice of impending termination as a consultant to the very top of the Mary Kay sales force, retiring as the No. 1 Elite Executive Independent National Sales Director (NSD) worldwide. She was one of only five NSDs to have reached that No. 1 status at the time of her retirement, with more than \$10,000,000 in career earnings. Doretha was also the first NSD in the history of the company to earn over \$100,000 in one month and the first to be "on-target" for a million dollar year. Doretha ultimately came to lead a \$66,700,000 international sales force known in Mary Kay parlance as the "Dingler Area" that generated nineteen "National Offspring" Directors including Barbara Sunden, the current number No. 1 Elite Executive National Sales Director worldwide whose own phenomenal success has made a lasting contribution to the Dingler legacy. "One of the reasons I've been successful is that I paid close attention to what Doretha Dingler did with her Mary Kay business and what she showed me about leadership. Here is a principled woman who defines the classic role of a mentor. I also know how much Mary Kay Ash trusted her and how proud she would be to have you read this book." "-Barbara Sunden, Mary Kay's current No. 1 Elite Executive Independent National Sales Director, earning over \$1 million per year every year since 2008"

Take It Back Routledge

A revised and updated edition of the cosmetics icon's timeless guide to entrepreneurial success, featuring her people-centered business philosophy. Mary Kay Ash built a global independent sales force that today numbers 1.8 million women, and is respected by business and academic leaders. How? The secret is in this book. For forty-five years, the principles in *The Mary Kay Way* have helped the company succeed through changing economic times and explosive global growth. It has been said that no company wholeheartedly embodies the values and reflects the beliefs of its founder more than Mary Kay Inc. Now you can put the same inspiring principles to work for you. Recognized today as America's greatest woman entrepreneur, Mary Kay Ash stepped out in 1963 in a man's world to blaze a new path for women. She grew her business based not on the rules of competition, but on The Golden Rule. By "praising people to success" and "sandwiching every bit of criticism

between two heavy layers of praise," this energetic Texas titan opened new opportunities for women around the world and built a multibillion-dollar corporation. Mary Kay's unconventional business philosophy was first published in 1984. Now revised and updated for the first time, with examples from her company's top independent salespeople, *The Mary Kay Way* is perhaps her most important legacy. Praise for *The Mary Kay Way* "One of the most inspiring entrepreneurial leaders, Mary Kay always understood the importance of people and the value they can bring to an organization." —J. W. Marriott, Jr., Chairman and CEO, Marriott International, Inc. "Mary Kay knew that when you put people first and then surround them with processes and disciplines that recognize their efforts, performance will soar." —David C. Novak, Chairman and CEO, Yum! Brands, Inc. (KFC, Taco Bell, Pizza Hut, Long John Silver's, A&W)

Ask Me About Mary Kay Simon and Schuster

The bestselling motivational guide that TheAtlantic.com calls "a rallying cry for women to get the money they deserve." Why are women so often overlooked and underpaid? What are the real reasons men get raises more often than women? How can women ask for -- and actually get--the money, the job, the recognition they deserve? Prompted by her own experience as cohost of Morning Joe, Mika Brzezinski asked a wide range of successful women to share the critical lessons they learned while moving up in their fields. Power players such as Facebook's Sheryl Sandberg, Senator Elizabeth Warren, Harvard's Victoria Budson, comedian Susie Essman, and many more shared their surprising personal stories. They spoke candidly about why women are paid less and the pitfalls women face -- and play into. Now expanded to address gender dynamics in the #MeToo era, *Know Your Value* blends compelling personal stories with the latest research on why many women don't negotiate their compensation, why negotiating aggressively usually backfires, and what can be done about it. For any woman who has ever wondered if her desire to be liked can be a liability (yes), if there is a way to reclaim her contribution after it's been co-opted in a meeting (yes), and if there are strategies men use to get ahead that women should too (yes!), *Know Your Value* provides vital advice to help women be their own best advocates.
