For more than five decades, Woody Allen has been one of the most critically acclaimed talents in American cinema. Allen has been nominated for best director seven times by the Academy of Motion Picture Arts and Sciences—winning for his 1977 film *Annie Hall*—and he has received more Oscar nominations for best screenplay than any other individual. But Allen's accomplishments are not limited to the big screen. In addition to writing and directing nearly fifty films—many of which he starred in—Allen has been a television writer, a stand-up comedian, a playwright, and the author of several short stories. The Woody Allen Encyclopedia is a compendium of information and commentary about every aspect of Allen as an artist. In this volume, Thomas S. Hischak details all of Allen's works for the cinema, television, and the stage, as well as all of his fiction; his comedy albums; his performances in other directors' movies; and even documentaries about him. In

addition to such critically acclaimed films as *Sleeper*, *Manhattan*, *Hannah and Her Sisters*, *Zelig*, *Crimes and Misdemeanors*, *Match Point*, and *Midnight in Paris*, entries in this volume feature many of his collaborators, including actors, actresses, cinematographers, editors, designers, producers, and cowriters. This resource also highlights themes in Allen's work, the music he utilizes in his films, and his working methods, as well as box-office figures and awards. An extensive and comprehensive overview of this artist's remarkable career, *The Woody Allen Encyclopedia* is a must-have for film aficionados and will be of great interest to all readers, from professors and students to Allen's most devoted fans.

The Golden Bough is a wide-ranging, comparative study of mythology and religion, written by the Scottish anthropologist Sir James George Frazer. The book documents and details the similarities among magical and religious beliefs around the globe. Frazer attempted to define the shared elements of religious belief and scientific thought, discussing fertility rites, human sacrifice, the dying god, the scapegoat, and many other symbols and practices whose influences had extended into 20th-century culture. His thesis is that old religions were fertility cults that revolved around the worship and periodic sacrifice of a sacred king. Frazer proposed that mankind progresses from magic through religious belief to scientific thought. The influence of The Golden Bough on contemporary European literature and thought is substantial.

For some time I have been preparing a general work on primitive superstition and religion. Among the problems which had attracted my attention was the hitherto unexplained rule of the Arician priesthood; and last spring it happened that in the course of my reading I came across some facts which, combined with others I had noted before, suggested an explanation of the rule in question. As the explanation, if correct, promised to throw light on some obscure features of primitive religion, I resolved to develop it fully, and, detaching it from my general work, to issue it as a separate study. This book is the result. Now that the theory, which necessarily presented itself to me at first in outline, has been worked out in detail, I cannot but feel that in some places I may have pushed it too far. If this should prove to have been the case, I will readily acknowledge and retract my error as soon as it is brought home to me. Meantime my essay may serve its purpose as a first attempt to solve a difficult problem, and to bring a variety of scattered facts into some sort of order and system. A justification is perhaps needed of the length at which I have dwelt upon the popular festivals observed by European peasants in spring, at midsummer, and at harvest. It can hardly be too often repeated, since it is not yet generally recognised, that in spite of their fragmentary character the popular superstitions and customs of the peasantry are by far the fullest and most trustworthy evidence we possess as to the primitive religion of the Aryans. Indeed the primitive Aryan, in all that regards his mental fibre and texture, is not extinct. He is amongst us

to this day. The great intellectual and moral forces which have revolutionised the educated world have scarcely affected the peasant. In his inmost beliefs he is what his forefathers were in the days when forest trees still grew and squirrels played on the ground where Rome and London now stand.

Experience the magnificent work of one of the world's most esteemed quilt artists in this retrospective of Japanese master quilter Yoko Saito. Ms. Saito's distinguished career unfolds in dozens of spectacular photographs that reveal her astonishing patchwork and applique creations up close like never before - all sewn to perfection. Admirers will revel in this gorgeous hardcover keepsake volume as they read about Ms. Saito's fascinating artistic journey, in her own words.

*Treasury of Folklore: London* Rowman & Littlefield

Over many years, Villager Jim has gained the trust of a number of special birds and animals who have gradually taken it as second nature that a member of their own small world is a large chap with a camera! Bobbin Robin and her friends have a huge social media audience, with tens of thousands of viewers following her weekly adventures from the RSPB and on Facebook. Bobbin the robin has now become rather adept at posing for Jim, perching on various platforms for wherever Jim sits in his garden. Open up the book to see the daily goings-on of these wildlife friends in some of Jim's very best pictures taken in this beautiful setting. They illustrate the close relationship Jim has formed with Bobbin and her friends. Jim's lively captions express the mood and spontaneous character of each individual shot and are an essential element of what makes his pictures so special.

Dilly, Bumble, and Barnaby invite you to share their Labrador world. Dilly, Bumble, and Barnaby are three of the luckiest dogs in the world. They live on a farm in the outstandingly beautiful Peak District area of Derbyshire, in the north of England, where they are photographed in all sorts of adorable poses by their owner, Villager Jim. Whether they are snoozing on the couch, digging up plants, or chasing hens around the backyard, their irresistible charm means all is forgiven. Their

exploits are followed by 50,000 people on Facebook, and they also appear on a calendar and a range of greetings cards. The dogs and their owner have even been seen on TV, with Villager Jim eschewing his anonymity for the day. But despite all the attention, they are still happiest sitting on their master's bench in the sunshine. Upstaging all the other residents of the farm—human and animal—these three gorgeous Labradors will find their way into your heart.

*The Early Naval Ballads of England* C&T Publishing Inc

Birds, bees, and a whole host of other flora and fauna that share Villager Jim's garden in the tiny Peak District village of Foolow, are featured in this stunning book of photographs. Bobbin Robin is just one of the regular visitors to the garden; she and her friends have a huge social media audience, with tens of thousands of viewers. Open up the book to see the daily goings on of these wildlife friends in some of Jim's very best pictures taken in this beautiful setting. They illustrate the close relationship Jim has formed with some of the regular wildlife visitors to his garden. His quirky captions capture the mood and spontaneous character of each individual shot and are an essential element of what makes Villager Jim's pictures so special.
