MOYER ELLISON

Biking Illinois Dan Roitner

In this newest edition in the popular series, the Rails-to-Trails Conservancy presents the best of the West. With 70 rural, suburban, and urban trails threading through 1,050 miles, Rail-Trails West covers 60 trails in California, eight in Arizona, and two in Nevada. Many rail-trails offer escapes from city life, like the Mount Lowe Railway Trail, high above the buzzing Los Angeles basin on a rail line vacationers once took to a mountaintop resort. Others offer the pure sensory thrill of sweeping terrain, like Arizona's 7-mile Prescott Peavine Trail. Still more juxtapose the natural world with the railroad's industrial past, like Nevada's Historic Railroad Hiking Trail, which passes through five massive tunnels to reach Hoover Dam. Every trip has a detailed map, directions to the trailhead, and information about parking, restroom facilities, and other amenities. Many of the level rail-trails are suitable for walking, jogging, bicycling, inline skating, wheelchairs, and horses.

Waterfalls of Pennsylvania Stackpole Books

With over 15,000 copies sold, Cycling the Kettle Valley has proven to be a remarkable resource for anyone interested in the stunning abandoned railbed located in the southern interior of British Columbia. One of the premier rail trails in North America, it contains spectacular sections through

impressive canyons requiring tunnels and trestles to carry the railbed through rock ridges and across mountain streams. Growing public interest in conservation of the railbed and its structures, along with government support, has resulted in many improvements in both access and safety. The Kettle Valley Railway and its many connectors offer the cyclist everything from easy day-riding to multi-day adventures through the magnificent scenery of southern British Columbia between Midway and Hope. This world-renowned guidebook includes detailed maps, safety tips, historic information, a listing of accommodations and a kilometre by kilometre guide to each of the Kettle Valley Railway subdivisions.

Cycling the Kettle Valley Railway Wilderness Press

Traffic-Free Cycle Trails by Nick Cotton contains over 400 cycle routes in Great Britain. First published in 2004 and regularly updated ever since, it has become one of the country's most popular cycling books, and this fourth edition published in 2020 features a large number of updates and revisions. Traffic-Free Cycle Trails includes a great variety of routes on former railway paths, canal towpaths and forest trails in England, Scotland and Wales – and every ride is away from traffic. For that safe and peaceful bike ride, increasingly the target of families and leisure cyclists alike, Nick Cotton's guidebook has proven invaluable. Discover previously unknown local trails, plan fun rides for all the family, and travel to unfamiliar areas throughout the UK with quality routes. Presented in an easy-to-use format and packed with useful information in ten regional sections, it includes route descriptions of rides in every part of Britain. From novice riders looking to escape traffic to parents planning safe rides with children, let Traffic-Free Cycle Trails take the work out of finding the UK's best cycling routes.

From Rails to Trails Wilderness Press

Explore more than 50 top rail-trails and multiuse pathways across three states—Connecticut, Massachusetts, and Rhode Island—with this official guide. All across the country, unused railroad corridors have been converted to public multiuse trails. Here, the experts from Rails-to-Trails Conservancy present more than 50 destination rail-trails, as well as other multiuse pathways, in Connecticut, Massachusetts, and Rhode Island. Within these pages, you can explore two Hall of Fame Rail-Trails: the Minuteman Bikeway with its rich historical connections to the American Revolution and the East Bay Bike Path with its quintessential New England waterfront views. You'll discover trails that traverse the quiet woodlands of Connecticut and the charming communities of Rhode Island, and you'll learn about ambitious trail projects spanning multiple counties across Massachusetts, like the Mass Central Rail Trail and the Border to Boston Trail. These adventures and more await you on the many multiuse trails of the region. In this book, you'll find: Detailed maps for each trail, plus driving directions to trailheads Icons indicating the activities each trail can accommodate Succinct descriptions written by rail-trail experts Rails-to-Trails Conservancy serves as the national voice for more than 160,000 members and supporters, more than 22,000 miles of open rail-trail across the country, and more than 8,000 miles of potential trails waiting to be built—with a goal of ensuring a better future for America made possible by trails and the connections they inspire.

Best Rail Trails California Vertebrate Publishing

This stunning New York Times Bestseller introduces the kind, nature-loving Miss Maple, who celebrates the miracle in each seed—perfect for fans of Miss Rumphius! What happens to seeds that don't sprout? Fortunately, they have Miss Maple to look after them. Every year, she rescues orphan seeds, taking them to her cozy maple tree house. All winter long, she nurtures them and teaches them the ways of seeds and the paths by which they might find their new homes. And come spring, she sends them off to take root out in the wide world and to sprout into the wonderful plants she knows they'll become. Celebrate every season with Miss Maple, from Earth Day to graduations to harvest festivals. Downloadable Activity Sheets available at: wheelerstudio.com/2013/04/03/miss-maples-seeds-activity-sheets/ "Completely enchanting . . . Filled with broad vistas, warm breezes, woodland creatures, and other whimsical imagery . . . With its positive message about the value of nurturing even the tiniest bit of the natural world, this book is simply wonderful."—School Library Journal

Amazing Train Journeys Indiana University Press

Find Your Way to Pennsylvania's Most Beautiful Waterfalls Waterfalls create a feeling of serenity, a sense of restrained power. Their grandeur takes our breath away. Their gentle sounds complement periods of meditation. Let award-winning photographer and creator of Pennsylvania's most read travel blog Jim Cheney guide you to more than 180 of the top-ranked waterfalls in the state. Your bucket list should include these gorgeous locales that decorate Pennsylvania's landscape. The waterfalls are organized geographically and ranked by beauty. Entries include all the information you need, like directions, distance, and hike difficulty, as well as details about each waterfall, such as height, width, and the best time of year to visit. Not-to-miss sights and nearby activities are also called out, so you can make the most of every outing. Plus, Jim's incomparable photography makes this guidebook worthy of any coffee table. From the towering falls of the Poconos to the scenic gems of the Laurel Highlands and everywhere in between, experience them all with this wonderful guidebook. These natural wonders prove that the Keystone State is home to some of the most picturesque sites in America!

Urban Green HarperCollins

Florida visitors are often surprised by both the beauty of its trails and by the great variety of its landscapes. Although Florida doesn't have any mountains, it does offer trails with views of everything from beaches and bluffs to prairies and wetlands. In this comprehensive trail guide, you'll find some of the best, most beautiful trails in Florida. Many of the trails were converted from unused railroad corridors to become some of the best multiuse rail-trails in the state. In this guidebook, experts from Rail-to-Trails Conservancy present their final list of the top trails and rail-trails in Florida, selected from more than 100 in the state. In addition to details about each trail, Rail-Trails Florida also provides information about trail amenities, including restrooms, parking facilities, and water fountains.

40 Great Rail-Trails in New York and New England Adventure Publications

For years American urban parks fell into decay due to disinvestment, but as cities began to rebound—and evidence of the economic, cultural, and health benefits of parks grew—investment in urban parks swelled. The U.S. Conference of Mayors recently cited meeting the growing demand for parks and open space as one of the biggest challenges for urban leaders today. It is now widely agreed that the U.S. needs an ambitious and creative plan to increase urban parklands. *Urban Green* explores new and innovative ways for “built out” cities to add much-needed parks. Peter Harnik first explores the question of why urban parkland is needed and then looks at ways to determine how much is possible and where park investment should go. When presenting the ideas and examples for parkland, he also recommends political practices that help create parks. The book offers many practical solutions, from reusing the land under defunct factories to sharing schoolyards, from building trails on abandoned tracks to planting community gardens, from decking parks over highways to allowing more activities in cemeteries, from eliminating parking lots to uncovering buried streams, and more. No strategy alone is perfect, and each has its own set of realities. But collectively they suggest a path toward making modern cities more beautiful, more sociable, more fun, more ecologically sound, and more successful.

The Great Railway Bazaar Wilderness Press

From Chicago's magnificent lakefront to the mountain trails of the Shawnee National Forest, no state has more varied terrain for the cyclist than Illinois. Large, full-detail maps guide you confidently on city streets or prairie back roads, and concise, entertaining trail descriptions make your bicycle adventure come alive. Includes 60 rides for cyclists of all ability levels, tips on where to find water, snacks, lodging, repairs, fascinating notes that help you appreciate the nature and history along the trail, and much more.

Miss Maple's Seeds Rail-Trails

Fascinating stories of New Jersey's rich railroading history

1000 Great Rail-Trails Simon and Schuster

The acclaimed author recounts his epic journey across Europe and Asia in this international bestselling classic of travel literature: “Compulsive

reading” (Graham Greene). In 1973, Paul Theroux embarked on a four-month journey by train from the United Kingdom through Europe, the Middle East, and Southeast Asia. In *The Great Railway Bazaar*, he records in vivid detail and penetrating insight the many fascinating incidents, adventures, and encounters of his grand, intercontinental tour. Asia's fabled trains—the Orient Express, the Khyber Pass Local, the Frontier Mail, the Golden Arrow to Kuala Lumpur, the Mandalay Express, the Trans-Siberian Express—are the stars of a journey that takes Theroux on a loop eastbound from London's Victoria Station to Tokyo Central, then back from Japan on the Trans-Siberian. Brimming with Theroux's signature humor and wry observations, this engrossing chronicle is essential reading for both the ardent adventurer and the armchair traveler.

Rail-Trails Northern New England Rails to Trails Conservancy

If, as Wallace Stegner said, the national park is “the best idea we ever had,” the rail-trail is certainly a close runner-up. Part transportation corridor, part park, the rail-trail has revolutionized the way America creates high-quality, car-free pathways for bicyclists, runners, walkers, equestrians, and more. It was only a few decades after railroad barons had run roughshod over America's economy and politics that they began to shed nearly one hundred thousand miles of unneeded railroad corridor. At the same time, bicyclists were being so thoroughly pushed off ever-more-intimidating roadways they came close to extinction. Through political organizing and lawyerly grit, an unlikely, formerly marginalized advocacy arose, seized on seemingly worthless strips of land, and created a resource that is treasured by millions of Americans today for recreation, purposeful travel, tourism, conservation, and historical interpretation. *From Rails to Trails* is the fascinating tale of the rails-to-trails movement as well as a consideration of what the continued creation of rail-trails means for the future of Americans' health, nonmotorized transportation networks, and communities across the country.

Traffic-Free Cycle Trails Wilderness Press

Rail Trails of Victoria describes 28 walking, cycling and horse riding trails following former railway lines. The book includes detailed descriptions, photographs and maps.

500 Great Rail-trails Rowman & Littlefield

The official guidebooks for the nationwide rail-trails system, the new Rail-Trails series books have an easy-to-use layout and design, clear maps, and precise trip descriptions. With 55 rural, suburban, and urban trails spanning 630 miles, Rail-Trails Southeast covers Alabama, Florida, Georgia, Louisiana, Mississippi, North and South Carolina, and Tennessee. Visit historic battlefields, see the world's largest cast-iron statue, travel through a gorge, and watch beavers and herons along the Southeast's historic rail-trails. Includes two-color maps for each trip and succinct directions.

Iron Rails in the Garden State Rails to Trails Conservancy

A new American journey.

The Things They Carried Penguin

Experience 60 of the world's greatest and most unforgettable train journeys, from classic long-distance trips like Western Canada's Rocky Mountaineer and Darwin to Adelaide's The Ghan, to little-known gems on regular commuting lines. We've always had a soft spot for trains. Rail Trails of Victoria Rowman & Littlefield

Co-authored by Karen-Lee Ryan and the Rails-to-Trails Conservancy.

24 Great Rail-trails of New Jersey Wilderness Press

A treasury of trails that takes you to the best wild places in the Garden State Known more for its urban areas than its green spaces, the Garden State is actually a crossroads for major interstate trails including the Maine-to-Georgia Appalachian Trail, the 150-mile Highlands Trail, and the 60-mile Delaware and Raritan Canal State Park Trail. Hike along the Appalachian ridge or over the ragged Wyanokies, pass into pine barrens or through marshes and dunes on the coast, and you'll see that New Jersey has so much more to offer than just cities. These 50 routes cover walks, hikes, and backpacking trips from the Kittatinies to Cape May. With excursions from 1.5 to 28 miles in length, accompanied by driving directions, trailhead

information, difficulty ratings, and detailed maps, this roster of hikes will suit everyone from families out for a nature walk to adventurous backpackers up for challenge.

Railroads of New Jersey Adventure Publications

New Jersey's stereotype as overpopulated and industrial notwithstanding, there's another New Jersey worth seeing—and this guide goes there. This is the aptly nicknamed Garden State of preserved forests and farmland, of streams and waterfalls, of clean beaches and vast wetlands, of endless green mountains. This comprehensive, informative, user-friendly guide describes fifty hikes for all abilities.
