It's a Boy! John Wiley & Sons
 Why America's sons are underachieving, and what we can do about it. Something is happening to boys today. From kindergarten to college, American boys are, on average, less resilient and less ambitious than they were a mere twenty years ago. The gender gap in college attendance and graduation rates has widened dramatically. While Emily is working hard at school and getting A's, her brother Justin is goofing off. He's more concerned about getting to the next level in his videogame than about finishing his homework. In *Boys Adrift*, Dr. Leonard Sax delves into the scientific literature and draws on more than twenty years of clinical experience to explain why boys and young men are failing in school and disengaged at home. He shows how social, cultural, and biological factors have created an environment that is literally toxic to boys. He also presents practical solutions, sharing strategies which educators have found effective in re-engaging these boys at school, as well as handy tips for parents about everything from homework, to videogames, to medication.

The Moonbeam Award Gold Medal Winner in the religion category, *The Jesus Storybook Bible* tells the Story beneath all the stories in the Bible. At the center of the Story is a baby, the child upon whom everything will depend. Every story whispers his name. From Noah to Moses to the great King David---every story points to him. He is like the missing piece in a puzzle---the piece that makes all the other pieces fit together. From the Old Testament through the New Testament, as the Story unfolds, children will pick up the clues and piece together the puzzle. A Bible like no other, *The Jesus Storybook Bible* invites children to join in the greatest of all adventures, to discover for themselves that Jesus is at the center of God's great story of salvation---and at the center of their Story too.

What is the secret of talent? How do we unlock it? This groundbreaking work provides readers with tools they can use to maximize potential in themselves and others. Whether you're coaching soccer or teaching a child to play the piano, writing a novel or trying to improve your golf swing, this revolutionary book shows you how to grow talent by tapping into a newly discovered brain mechanism. Drawing on cutting-edge neurology and firsthand research gathered on journeys to nine of the world's talent hotbeds—from the baseball fields of the Caribbean to a classical-music academy in upstate New York—Coyle identifies the three key elements that will allow you to develop your gifts and optimize your performance in sports, art, music, math, or just about anything. • Deep Practice Everyone knows that practice is a key to success. What everyone doesn't know is that specific kinds of practice can increase skill up to ten times faster than conventional practice. • Ignition We all need a little motivation to get started. But what separates truly high achievers from the rest of the pack? A higher level of commitment—call it passion—born out of our deepest unconscious desires and triggered by certain primal cues. Understanding how these signals work can help you ignite passion and catalyze skill development. • Master Coaching What are the secrets of the world's most effective teachers, trainers, and coaches? Discover the four virtues that enable these "talent whisperers" to fuel passion, inspire deep practice, and bring out the best in their students. These three elements work together within your brain to form myelin, a microscopic neural substance that adds vast amounts of speed and accuracy to your movements and thoughts. Scientists have discovered that myelin might just be the holy grail: the foundation of all forms of greatness, from Michelangelo's to Michael Jordan's. The good news about myelin is that it isn't fixed at birth; to the contrary, it grows, and like anything that grows, it can be cultivated and nourished. Combining revelatory analysis with illuminating examples of regular people who have achieved greatness, this book will not only change the way you think about talent, but equip you to reach your own highest potential.

Discover the secrets of written persuasion! "The principles of hypnosis, when applied to copywriting, add a new spin to selling. Joe Vitale has taken hypnotic words to set the perfect sales environment and then shows us how to use those words to motivate a prospect to take the action you want. This is truly a new and effective approach to copywriting, which I strongly recommend you learn. It's pure genius." -Joseph Sugarman, author of Triggers "I've read countless book on persuasion, but none come close to this one in showing you exactly how to put your readers into a buying trance that makes whatever you are offering them irresistible." -David Garfinkel, author of Advertising Headlines That Make You Rich "I am a huge fan of Vitale and his books, and Hypnotic Writing (first published more than twenty years ago), is my absolute favorite. Updated with additional text and fresh examples, especially from e-mail writing, Joe's specialty, Hypnotic Writing is the most important book on copywriting (yes, that's really what it is about) to be published in this century. Read it. It will make you a better copywriter, period." -Bob Bly, copywriter and author of The Copywriter's Handbook "I couldn't put this book down. It's eye opening and filled with genuinely new stuff about writing and persuading better. And it communicates it brilliantly and teaches it brilliantly-exemplifying the techniques by the writing of the book itself as you go along." -David Deutsch, author of Think Inside the Box, www.thinkinginside.com "Hypnotic Writing is packed with so much great information it's hard to know where to start. The insights, strategies, and tactics in the book are easy to apply yet deliver one heck of a punch. And in case there's any question how to apply them, the before-and-after case studies drive the points home like nothing else can. Hypnotic Writing is not just about hypnotic writing. It is hypnotic writing. On the count of three, you're going to love it. Just watch and see." -Blair Warren, author of The Forbidden Keys to Persuasion *Expert C Programming* Pembroke Publishers Limited

In this New York Times bestseller, one of America's premier physicians offers a must-read account of the new challenges facing parents today and a program for how we can better prepare our children to navigate the obstacles they face In *The Collapse of Parenting*, internationally acclaimed author Leonard Sax argues that rising levels of obesity, depression, and anxiety among young people can be traced to parents abdicating their authority. The result is children who have no standard of right and wrong, who lack discipline, and who look to their peers and the Internet for direction. Sax shows how parents must reassert their authority - by limiting time with screens, by encouraging better habits at the dinner table, and by teaching humility and perspective - to renew their relationships with their children. Drawing on nearly thirty years of experience as a family physician and psychologist, along with hundreds of interviews with children, parents, and teachers, Sax offers a blueprint parents can use to help their children thrive in an increasingly complicated world.

Celebrated Ecuadorian author Gabriela Alemán's first work to appear in English: a noir, feminist eco-thriller in which venally corrupt politicians and greedy land speculators finally get their just comeuppance! "In the squalid settlement of Poso Wells, women have been regularly disappearing, but the authorities have shown little interest. When the leading presidential candidate comes to town, he and his entourage are electrocuted in a macabre accident witnessed by a throng of astonished spectators. The sole survivor—next in line for the presidency—inexplicably disappears from sight. Gustavo Varas, a principled journalist, picks up the trail, which leads him into a violent, lawless underworld. Bella Altamirano, a fearless local, is on her own crusade to pierce the settlement's code of silence, ignoring repeated death threats. It turns out that the disappearance of the candidate and those of the women are intimately connected, and not just to a local crime wave, but to a multinational magnate's plan to plunder the country's cloud forest preserve. Praise for Poso Wells: "The story is a condemnation not only of the corrupt businessmen and the criminal gangs that rule Poso Wells but also of the violence against women that plagues Latin America's real slums."—*The New Yorker* "One part Thomas Pynchon, one part Gabriel García Márquez, and one part Raymond Chandler, Alemán's novel contains mystery, horror, humor, absurdity, and political commentary ... A concoction of political thriller and absurdist literary mystery that never fails to entertain."—*Kirkus Reviews* "A wild, successful satire of Ecuadorian politics and supernatural encounters. ... Alemán's singular voice keeps the ride fresh and satisfying."—*Publishers Weekly* "Poso Wells is ironic, audacious, and fierce. But what is it, exactly? A satire? A scifi novel? A political detective yarn? Or the purest reality of contemporary Latin America. It's unclassifiable—as all great books are."—*Samanta Schweblin*, author of *Fever Dream* "Poso Wells is brilliant, audacious, doubtlessly playful and at the same time so dark and bitter. A truly unforgettable book."—*Alejandro Zambra*, author of *Multiple Choice*
