The scope of this study is not as broad as its title might indicate. The Attorney General of the United States performs several functions that affect in one way or another the relations of the United States with foreign nations. But this study focuses mainly on only one of these, namely, the duty of the Attorney General to provide legal opinions to various officers of the federal government. The reasons for undertaking a study of those opinions of the Attorney General especially relating to international law and practice are set forth in the Introduction, and will not be com

mented upon here. In like manner, the problems of method, sources and coverage encountered in the course of inquiry are discussed at appropriate points in the text. Much of the material used herein is based on the research done in connection with my doctoral dissertation, accepted by Duke University in 1951. I am indebted to the Duke University Council on Graduate Instruction and to the Tulane University Council on Research for substantial material aid which made possible both further research in connection with this study and its appearance in monograph form .

The Congressional Record is the official record of the proceedings and debates of the United States Congress. It is published daily when Congress is in session. The Congressional Record began publication in

1873. Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States (1789-1824), the Register of Debates in Congress (1824-1837), and the Congressional Globe (1833-1873) *Scientific American* Yale University Press Vols. 19- include the Proceedings of the association's 12-27th annual conventions. *Brotherhood of Locomotive Firemen and Enginemen's Magazine* The full texts of Armed Services and othr Boards of Contract Appeals decisions on contracts appeals. [Industrial Standardization](#) How does a president choose the judges he appoints to the lower federal bench? In this analysis, a leading authority on lower federal court judicial selection tells the story of how nine presidents over a period of 56 years have chosen federal judges.

*AHA Perspectives*

Hank Lacayo Best Labor Themed Book, International Latino Book Awards Best Book Award, Division of Critical Criminology and Social Justice, American Society of Criminology In the early twentieth century, the brutality of southern prisons became a national scandal. Prisoners toiled in grueling, violent conditions while housed in crude dormitories on what were effectively slave plantations. This system persisted until the 1940s when, led by Texas, southern states adopted northern prison design reforms. Texas presented the reforms to the public as modern, efficient, and disciplined. Inside prisons, however, the transition to penitentiary cells only made the endemic violence more secretive, intensifying the labor division that privileged some prisoners with the power to accelerate state-orchestrated brutality and the

internal sex trade. Reformers' efforts had only made things worse--now it was up to the prisoners to fight for change. Drawing from three decades of legal documents compiled by prisoners, Robert T. Chase narrates the struggle to change prison from within. Prisoners forged an alliance with the NAACP to contest the constitutionality of Texas prisons. Behind bars, a prisoner coalition of Chicano Movement and Black Power organizations publicized their deplorable conditions as "slaves of the state" and initiated a prison-made civil rights revolution and labor protest movement. These insurgents won epochal legal victories that declared conditions in many southern prisons to be cruel and unusual--but their movement was overwhelmed by the increasing militarization of the prison system and empowerment of white supremacist gangs that, together, declared war on prison organizers. Told from the vantage point of the prisoners themselves, this book weaves together untold but devastatingly

important truths from the histories of labor, civil rights, and politics in the United States as it narrates the transition from prison plantations of the past to the mass incarceration of today.
