Neuroradiology Goyal Brothers Prakashan
The present series LEARNING ELEMENTARY SCIENCE for Classes 6-8 follows the concept of "Learning without burden" as a guiding principle. Science

has to be understood as a lively and growing body of knowledge. The children have to learn the dynamism of science by observing things closely, recording observations, and when drawing inferences from what they observe. Observations are to be made by performing such activities which can be easily performed by the children, often without costly equipment, and even at their homes. When science is learned in this manner, the children would learn the ways of nature and start appreciating it. The salient features of this series are : • It is in strict accordance with the latest

N.C.E.R. T. syllabus. • It encourages the learning of science through activities. The activities provide hands-on experience to the learners. All the activities and experiments are class-tested. • The language used is simple and lucid. • It explains the laws and principles of science in a clear and concise way. • The series has updated information along with interesting facts in the form of 'Did you know?' • It contains Oral Questions in between the text and at the end of each chapter. • Exercises and Activity I Project are given at the end of each chapter. Exercises contain Multiple Choice

Questions, Fill in the Blanks, True and False, Match the Statements, Short Answer Type Questions, etc. Activity I The project contains Activities, Projects, Charts, Models, Class Response, Visit, Quiz, the topic for Seminar/Debate. The assessments develop skills of comprehension of concepts, enhance knowledge and application of what is learned. • Life skills relevant to the chapters are given at the end of the chapters. • Two Model Test Papers are given at appropriate places, for Half Yearly Examination and Yearly Examination. • Four Periodic Test Papers are given at appropriate places for Periodic Assessment. • Learning Elementary Science becomes a joyful experience with a number of clearly labeled illustrations and learner-friendly simple language.

Learning Elementary Physics for Class 7
Goyal Brothers Prakashan

The series Science Success is meant for Pre-primary and Classes 1 to 8. It fulfills the vision of National Curriculum Framework (NCF) is meant for the schools affiliated to CBSE and other schools affiliated to various State Education Boards. This series emphasizes meaningful

learning of science for the overall development of learners. It focuses on helping children understand their natural environment and correlate science with their everyday experiences in an interesting and comprehensive manner. The text has been designed with beautiful illustrations to help children develop skills of observation, investigation, and scientific attitude. Goyal Brothers Prakashan

Mathematics Success Book for Class 5
Favola Forlag

These books are based on the latest NCERT syllabus. The language, terminology and the symbols used are student-friendly and easily understandable by the students. Ample emphasis has been given to explain various mathematical concepts correctly and with detailed explanations. All important results and formulae of each chapter have been provided at the end of each chapter for the convenience of students.

Creative English Course Book for class 3
Goyal Brothers Prakashan

This book covers the complete gamut of neuroradiology cases, including normal anatomy, pitfalls, and artifacts across the brain and spine in a single volume, enriched with high-resolution images that support the interpretation of CT and MRI images of the brain, spine, head, and neck. It includes case studies commonly encountered in clinical practice, in addition to normal anatomy, that prepare the reader for the challenges in the clinical setting. Each case study discusses the clinical history, relevant imaging findings, differential diagnosis, and management,

serving as a helpful read for trainee radiologists, neurophysicians, neurosurgeons, and CT/MRI technicians, along with physicians interested in medical imaging. Key Features Provides a succinct overview of normal variants with case studies structured into thematic chapters Serves as a basic accompaniment for radiology residents, fellows, practicing radiologists, neurophysicians, neurosurgeons, emergency medicine practitioners, trainee and practicing radiographers, and those studying for Board exams Highlights the relevance of artificial intelligence in clinical practice

Rationalised textbooks published by NCERT The latest syllabus prescribed by the CBSE The latest Sample Paper released by the CBSE Notes on each topic/subtopic/activity published in the NCERT textbook along with separate

videos explanation for each item. Comprehensive Explanation of each and every Intext Question and Questions given in the exercise in the book published by NCERT with separate video explanation for each question. Comprehensive Question Bank on each chapter covering all varieties of questions as given in the CBSE Sample Paper along with separate video explanation for each question. The latest CBSE Sample Paper with video explanation of each question. Model Test Papers along with video explanation of each question
A Textbook of Artificial Intelligence for Class 10 Goyal Brothers Prakashan
This book entitled "I.C.S.E. HISTORY AND CIVICS" is strictly based on the latest revised syllabus prescribed by the Council for the Indian School Certificate Examination for the students of Class IX. This book forms Paper I of the subjects Civics and History. It has been divided into two sections. Section A deals with the Civics portion of the syllabus and Section B deals with the History portion of the syllabus. This book aims • to provide an understanding of the working of the Indian government necessary for the student to grow into a responsible, enlightened

citizen in a Secular democracy. • to enrich the understanding of those aspects of Indian historical development which are crucial to the understanding of contemporary India. • to awaken a desirable understanding in pupils of the various streams which have contributed to the development and growth of the Indian nation and its civilisation and culture. • to develop a world historical perspective of the contributions made by various cultures to the total heritage of mankind. The main features of this book are : • A simple style with a clear narrative and critical appreciation of all facts and events. • Numerous facts with dates and years, maps, pictures and illustrations given to make the content vivid and interesting. Latest pictures and information provided on each topic. • Lesson At a Glance, summarizes the entire lesson to help the students grasp the main points of the lesson. • Multiple Choice Questions, Short Answer Questions and Structured Essay 'Type Questions, at the end of each and every chapter, will test how far the students have understood the lesson. • A Sample Project has also been added in this new edition. • Questions have been added

chapterwise under the heading Question Bank for the benefit of students. The solutions can be accessed through QR Code given at the end of each Chapter. I hope that the present volume shall find favour with both the teachers and the students like my other books published by Goyal Brothers Prakashan. Suggestions for improvement are welcome from teachers, students and other readers of this book.
