Welcome to the *Green Book* a comprehensive guide for financial institutions that receive ACH payments from the Federal government. Today, the vast majority of Federal payments are made via the ACH. With very few exceptions, Federal government ACH transactions continue to be subject to the same rules as private industry ACH payments. As a result, the *Green Book* continues to get smaller in size and is designed to deal primarily with exceptions or issues unique to Federal government operations.

A modern Thanksgiving classic about an immigrant girl who comes to identify with the story of the Pilgrims, as she seeks

religious freedom and a home in a new land. As Molly nears her first Thanksgiving in the New World, she doesn't find much to be thankful for. Her classmates giggle at her Yiddish accent and make fun of her unfamiliarity with American ways. Molly's embarrassed when her mother helps with a class Thanksgiving project by making a little doll that looks more like a Russian refugee than a New England Pilgrim. But the tiny modern-day pilgrim just might help Molly to find a place for herself in America. The touching story tells how recent immigrant Molly leads her third-grade class to discover that it takes all kinds of pilgrims to make a Thanksgiving. Originally published in 1983, Molly's Pilgrim inspired the 1986 Academy Award-winning live-action short film. *Small Claims Manual* Penguin

A notary is a public official responsible for independently verifying signatures and oaths. Depending on how a document is written, a notarization serves to affirm the identity of a signer and the fact that they personally executed their signature. A notarization, or notarial act, officially documents the identity of a party to a document or transaction and the occasion of the signing that others can rely upon, usually at face value. A notary's authentication is intended to be reliable, to avoid the inconvenience of having to locate a signer to have them personally verify their signature, as well as to document the execution of a document perhaps long after the lifetime of the signer and the notary. An oath is a sworn statement. In most cases a person will swear that a written statement, oral statement, or testimony they are about to give is true. A notary can document that the notary administered an oath to an individual.

Michael Roman has become the nation's leading educator on the "art" and "science" of catering. He has visited more catering operations and taught successful catering skills to more caterers than anyone else in the foodservice industry. Each year, Mike travels more than 70,000 airmiles providing consulting, training and seminars to foodservice companies who offer catering to their marketplace. Besides having over fifteen years of "hands-on" experience managing his family's catering business in Chicago. Mike has a Masters Degree in Education. While a caterer, Michael produced everything from simple box lunches to corporate galas serving thousands! In 1986, after the family catering business was sold, Mike began to teach and consult on a full-time basis. Mike has assisted some of the nation's largest hospitality companies as well as hundreds of entrepreneurial catering

businesses to accelerate their catering successes! Mike is President of CaterSource, Inc. which is a consulting, training, and publishing business helping all types of catering businesses achieve better profitability and quality of life. Mike truly understands the mysteries of catering, so he can teach caterers how to solve them and achieve both professional and financial growth!

The Financial Crisis Inquiry Report, published by the U.S. Government and the Financial Crisis Inquiry Commission in early 2011, is the official government report on the United States financial collapse and the review of major financial institutions that bankrupted and failed, or would have without help from the government. The commission and the report were implemented after Congress passed an act in 2009 to review and prevent fraudulent activity. The report details, among other things, the periods before, during, and after the crisis, what led up to it, and analyses of subprime mortgage lending, credit expansion and banking policies, the collapse of companies like Fannie Mae and Freddie Mac, and the federal bailouts of Lehman and AIG. It also discusses the aftermath of the fallout and our current state. This report should be of interest to anyone concerned about the financial situation in the U.S. and around the world. THE FINANCIAL CRISIS INQUIRY COMMISSION is an independent, bi-partisan, government-appointed panel of 10 people that was created to "examine the causes, domestic and global, of the current financial and economic crisis in the United States." It was established as part of the Fraud Enforcement and Recovery Act of 2009. The commission consisted of private citizens with expertise in economics and finance, banking, housing, market regulation, and consumer protection. They examined and reported on "the collapse of major financial institutions that failed or would have failed if not for exceptional assistance from the government." News Dissector DANNY SCHECHTER is a journalist, blogger and filmmaker. He has been reporting on economic crises since the 1980's when he was with ABC News. His film In Debt We Trust warned of the economic meltdown in 2006. He has since written three books on the subject including Plunder: Investigating Our Economic Calamity (Cosimo Books, 2008), and The Crime Of Our Time: Why Wall Street Is Not Too Big to Jail (Disinfo Books, 2011), a companion to his latest film Plunder The

Crime Of Our Time. He can be reached online at [www.newsdissector.com](http://www.newsdissector.com).
