The Retreat  
Chronicle

Books  
In the film and  
photographic  
series "Pine  
Flat"  
constructed  
over a three  
year period,  
Sharon  
Lockhart  
addresses the  
experience of  
an American  
childhood,  
using the  
stunning  
landscape of  
America's  
Sierra Nevada  
Mountains to  
bring home  
the close

relationships of children with their natural surroundings. Lockhart began by constructing a portrait studio in a small rural community, and extending an open invitation to local children, and then by immersing herself in their environment and noting the complexity of their interactions. Her highly descriptive, almost painterly portraits, taken over the course of several years,

abjure narration for the pleasure of the gaze and the notion of temporality. The studio remains a constant, its black backdrop, cement floor and natural lighting; a theatrical setting that allows the children to develop a different kind of relationship to the camera. Those stills stand in stark contrast to the pictorialism of a series showing the community's majestic natural surroundings,

and to the portraits on 16mm film that accompany them, which are both literally and figuratively moving. *Amour Amour* Open Road + Grove/Atlantic The author offers a step-by-step approach to stop smoking without the use of nicotine substitutes. *Ma petite cuisine anti-gaspi* Solar Discussion of problems in the union between the Bruderhof and the Hutterites. Fly to Japan and come discover all there is to know about sushi. After revealing the secrets of chocolate to us, Franckie Alarcon offers a gourmet panorama of this exceptional dish that has conquered the planet! But do you really know sushi? The author traveled to Japan to meet all the players involved in the making of this true work of culinary art. From the traditional starred chef to

the young cook who is shaking up the rules, including all the artisans and producers involved, this book covers the most emblematic of Japanese products from A to Z. A fascinating journey of discovery that, along the way, tells a lot about Japan itself. You'll never believe the precision and detailed obsession with quality ingredients involved.

Pegasus Crime  
"Ottila McGregor is thirty years old and has decided it's time to sort her life out. She's going to quit drinking, stop cheating, and finally find true happiness. Easy, right? Of course not. For a start, there's Grace, her best friend, who believes self-improvement is for people in their forties. Next there's Mina, her sister, who is

mentally ill, and it might even be Ottila's fault. And then there's Thales, the Greek guy who works in the hospital cafeteria. He's probably the best, most dangerous person Ottila's ever met. To make sense of it all, Ottila keeps a scrapbook of everything: emails, receipts, tickets, letters, her therapy transcripts, a boyfriend's note rescued from the bin...The result is an infectious,

one-off of a novel that makes you wince and laugh in equal measure, and that asks the question: what does it take to be so happy it hurts?" -- Provided by publisher. Sleepless Summer Barnes & Noble Publishing A visceral space thriller—perfect for fans of *Arrival* and *The Martian*—following the sole survivor of a catastrophic accident in space that leaves her drifting in the

void with only the voice of her estranged husband, a NASA scientist, to guide her back to Earth. Commander Maryam “May” Knox awakes from a medically induced coma alone, adrift in space on a rapidly failing ship, with little to no memory of who she is or why she’s there. Slowly, she pieces together that she’s the captain of the ship, *Hawking II*; that she was bound for Europa—one of Jupiter’s moons—on a

research mission; and that she’s the only survivor of either an accident—or worse, a deliberate massacre—that has decimated her entire crew. With resources running low, and her physical strength severely compromised, May must rely on someone back home to help her. The problem is: everyone thinks she’s dead. Back on Earth, it’s been weeks since *Hawking II* has

Isabel finds  
herself  
grappling with  
ethically-  
complex  
matters of the  
heart as she  
tries to juggle  
her  
responsibilitie  
s to friends,  
family, and  
the  
philosophical  
community.

With two small  
boys to raise,  
a mountain of  
articles to edit

for the Review  
of Applied  
Ethics, and  
the ever-  
increasing  
demands of  
her niece, Cat,  
who always  
seems to need  
a helping  
hand at the  
deli, Isabel  
barely has any  
time for  
herself. Her  
husband,  
Jamie,  
suggests  
acquiring  
extra help,  
and she  
reluctantly  
agrees. In no  
time at all,  
Isabel and  
Jamie have a  
new au pair,  
and Isabel has  
an intelligent  
assistant  
editor to share  
her workload.

Both women,  
though, have  
romantic  
entanglement  
s that  
threaten to  
interfere with  
their work,  
and Isabel  
must decide  
how best to  
navigate this  
tricky  
domestic  
situation. Can  
an employer  
ever inject  
herself into  
her  
employees'  
affairs?  
Meanwhile,  
Isabel makes  
the  
acquaintance  
of Patricia, the  
mother of  
Charlie's  
friend Basil.  
Though Isabel  
finds Patricia  
rather pushy,

she tries to be civil and supportive, especially given that Patricia is raising her son on her own, without the help of his father, a well-known Edinburgh organist, also named Basil. But when Isabel sees Patricia in the company of an unscrupulous man, she begins to rethink her assumptions. Isabel must once again call on her kindness and keen intelligence to determine the

right course of action, at home, at work, and in the schoolyard. *The Silver Spoon: Recipes for Babies* Doubleday Books "Locals Only" is a beautifully designed, large-format photography book featuring some of the most quintessential images ever made during the earliest days of skateboard culture.
