 The South Carolina Historical Marker Program, established in 1936, has approved the installation of more than 1,700 interpretive plaques, each highlighting how places both grand and unassuming have played important roles in the history of the Palmetto State. These roadside markers identify and interpret places valuable for understanding South Carolina's past, including sites of consequential events and buildings, structures, or other resources significant for their design or their association with institutions or individuals prominent in local, state, or national history. This volume includes a concise history of the South Carolina Historical Marker Program and an overview of the marker application process. For those interested in specific historic periods or themes, the volume features condensed lists of markers associated with broader topics such as the American Revolution, African American history, women's history, the Civil War, and Reconstruction. While the program is administered by the South Carolina Department of Archives and History, most markers are proposed by local organizations that serve as a marker's official sponsor, paying its cost and assuming responsibility for its upkeep. In that sense, this inventory is a record not just of places and subjects that the state has deemed worthy of acknowledgment, but of those that South Carolinians themselves have worked to enshrine.

 Published twenty years ago, the original *Preschool in Three Cultures* was a landmark in the study of education: a profoundly enlightening exploration of the different ways preschoolers are taught in China, Japan, and the United States. Here, lead author Joseph Tobin—along with new collaborators Yeh Hsueh and Mayumi Karasawa—revisits his original research to discover how two decades of globalization and sweeping social transformation have affected the way these three cultures educate and care for their youngest pupils. Putting their subjects' responses into historical perspective, Tobin, Hsueh, and Karasawa analyze the pressures put on schools to evolve and to stay the same, discuss how the teachers adapt to these demands, and examine the

patterns and processes of continuity and change in each country. Featuring nearly one hundred stills from the videotapes, *Preschool in Three Cultures Revisited* artfully and insightfully illustrates the surprising, illuminating, and at times entertaining experiences of four-year-olds—and their teachers—on both sides of the Pacific.

 This volume invites readers to get up close and personal with one of the most respected and beloved writers of the last four decades. Carolyn J. Sharp has transcribed numerous table conversations between Walter Brueggemann and his colleagues and former students, in addition to several of his addresses and sermons from both academic and congregational settings. The

result is the essential Brueggemann: readers will learn about his views on scholarship, faith, and the church; get insights into his "contagious charisma," grace, and charity; and appreciate the candid reflections on the fears, uncertainties, and difficulties he faced over the course of his career. Anyone interested in Brueggemann's work and thoughts will be gifted with thought-provoking, inspirational reading from within these pages.

 Whether we realize it or not, how we respond to life's opportunities and challenges, to other people, and to ourselves depends upon the stories we tell about ourselves. Too often, we tell distorted stories drawn from painful experiences or internalized from others' critical voices. These fake stories diminish our dreams, damage our relationships, and fill us with fear and self-blame. Research shows that people yearn for personal experiences of the holy, and Jake Owensby begins by inviting readers to re-imagine Jesus as friend and lover. He then turns to encouraging readers to hear and tell how Jesus would express their story and the stories of others. Jesus' story about us is our true story: the gospel, the story of the beloved. It helps us experience the richness of life, see the stranger as friend, and make a difference in the world. Useful for both personal spiritual practice and group studies, *Your Untold Story* will help expand the soul by engaging imagination and deepening relationships among group members. It is a discipleship tool that will aid any individual or group of spiritually minded people. The missional church requires well-formed disciples; here is a resource to help in that process.
