For centuries, people have turned to classical music for its calming and relaxing effects. Internationally

acclaimed water researcher Dr. Masaru Emoto has discovered why certain music has healing benefits: Music with the appropriate rhythm, tempo, tone, and melody can correct distorted frequencies within our cells, assisting our health and healing. Here, you can enjoy Dr. Emoto's captivating water-crystal photographs and text in this unique collection. The possible benefits you may experience include decreased joint and back pain; improved function of the nervous, circulatory, lymphatic, and immune systems; and the release of negative emotions such as anxiety, self-pity, and depression. The combination of images and words in Water Crystal Healing

concentrates consciousness as never before, providing a unique experience for healing.

The Music of the Waters Springer Nature Contributions from Christopher G. Bakriges, Sean Creighton, Jeffrey Green, Leighton Grist, Bob Groom, Rainer E. Lotz, Paul Oliver, Catherine Parsonage, Iris Schmeisser, Roberta Freund Schwartz, Robert Springer, Rupert Till, Guido van Rijn, David Webster, Jen Wilson, and Neil A. Wynn This unique collection of essays examines the flow of African American music and musicians across the Atlantic to Europe from the time of slavery to the twentieth century. In a sweeping examination of different musical forms--spirituals, blues, jazz, skiffle, and orchestral music--the contributors consider the reception and

influence of black music on a number of different European audiences, particularly in Britain, but also France, Germany, and the Netherlands. The essayists approach the subject through diverse historical, musicological, and philosophical perspectives. A number of essays document little-known performances and recordings of African American musicians in Europe. Several pieces, including one by Paul Oliver, focus on the appeal of the blues to British listeners. At the same time, these considerations often reveal the ambiguous nature of European responses to black music and in so doing add to our knowledge of transatlantic race relations.

In this exceptional cultural history, Atlantic Senior Editor Ronald Brownstein—"one of America's best political journalists (The Economist)—tells the kaleidoscopic story of one monumental year that marked the city of Los Angeles' creative peak, a glittering moment when popular culture was ahead of politics in predicting what America would become. Los Angeles in 1974 exerted more influence over popular culture than any other city in America. Los Angeles that year, in fact, dominated popular culture more than it ever had before, or would again. Working in film, recording, and television studios around Sunset Boulevard, living in Brentwood and Beverly Hills or amid the flickering lights of the Hollywood Hills, a cluster of transformative talents

produced an explosion in popular culture which reflected the demographic, social, and cultural realities of a changing America. At a time when Richard Nixon won two presidential elections with a message of backlash against the social changes unleashed by the sixties, popular culture was ahead of politics in predicting what America would become. The early 1970s in Los Angeles was the time and the place where conservatives definitively lost the battle to control popular culture. *Rock Me on the Water* traces the confluence of movies, music, television, and politics in Los Angeles month by month through that transformative, magical year. Ronald Brownstein reveals how 1974 represented a confrontation between a massive younger generation intent on

change, and a political order rooted in the status quo. Today, we are again witnessing a generational cultural divide. Brownstein shows how the voices resistant to change may win the political battle for a time, but they cannot hold back the future.

The New York Times bestseller *A Long Walk to Water* begins as two stories, told in alternating sections, about two eleven-year-olds in Sudan, a girl in 2008 and a boy in 1985. The girl, Nya, is fetching water from a pond that is two hours' walk from her home: she makes two trips to the pond every day. The boy, Salva, becomes one of the "lost boys" of Sudan, refugees who cover the African continent on foot as they search for their

families and for a safe place to stay. Enduring every hardship from loneliness to attack by armed rebels to contact with killer lions and crocodiles, Salva is a survivor, and his story goes on to intersect with Nya's in an astonishing and moving way.

The Book of Psalms for Singing Vintage
In the 18th century, Chladni developed

the technique of drawing a violin bow across a metal plate of sand and observing the patterns that formed. In this title, Lauterwasser extends the idea to more complex and moving sounds in water, ranging from pure sine waves to music by Beethoven, Stockhausen and overtone chanting.

"To accompany the photographs, Ryerson recruited some of the most important names in music. These world-class artists, from twenty-two countries on five continents, and from across the musical spectrum, have contributed memoirs, stories, poetry, music, and lyrics for *Water Music*, reinforcing the beauty of the images and the powerful message they convey. Rhythmist Mickey Hart recalls how, as a boy, listening to

the percussion of falling rain led to a musical transfiguration. For mezzo-soprano Susanne Mentzer, water is where she found her voice as a little girl, while singing in a culvert under Whiskey Run Creek. And from his mother's astrologer, Phish bassist Mike Gordon learned that water could be his "window to the cosmos."--BOOK JACKET.

In pond, river, and ocean, as a solid, liquid, or gas, water is everywhere. But what does it evoke? What emotions are brought forth when we hear the crash of surf, see the rush of a stream, or feel the tickle of soap bubbles on our skin? In thoughtful poems, renowned author Jane Yolen takes a fresh look at water in all its forms, using photographer Jason Stemple's breathtaking pictures as inspiration. Waterfalls, steams, lakes, ocean waves, even bath water take on new meaning as poet and photographer examine these liquid landscapes through careful words and a camera's lens.

"Macon, Georgia's history has an exceptional soundtrack, and Something in the Water provides a lively narrative of the city's musical past from its

founding in 1823 to 1980. For generations, talented musicians have been born in or passed through Macon's confines. Some lived and died in obscurity, while others achieved international stardom. From its pioneer origins to the modern era, the city has produced waves of talent with amazing consistency, representing a wide range of musical genres-country, classical, jazz, blues, big band, soul, and rock. As the book points out, the city's influence stretches far beyond the borders of Georgia, and its musical imprint on the United States and the world is significant. The story of music in Macon includes a vast, eclectic cast of characters, such as the city's first music "celebrity" Sidney Lanier, entertainment entrepreneur Charles Douglass, jazz age

divas Lucille Hegamin and Lula Whidby, big band singers Betty Barclay and the Pickens Sisters, rock and roll founding father Little Richard Penniman, rhythm and blues icons James Brown and Otis Redding, local country star Eugene "Uncle Ned" Stripling, Capricorn Records founders Phil Walden and Frank Fenter, and the Allman Brothers Band, one of the most popular groups of the rock era. The book also offers a treatment of Macon's leading entertainment venues, both past and present, like Ralston Hall, the Grand Opera House, and the Douglass Theater, along with local institutions such as Wesleyan College and the Georgia Academy for the Blind, both of which trained generations of music students"--

PICK! • Ray McMillian is a Black classical musician on the rise—undeterred by the pressure and prejudice of the classical music world—when a shocking theft sends him on a desperate quest to recover his great-great-grandfather’s heirloom violin on the eve of the most prestigious musical competition in the world. “I loved *The Violin Conspiracy* for exactly the same reasons I loved *The Queen’s Gambit*: a surprising, beautifully rendered underdog hero I cared about deeply and a fascinating, cutthroat world I knew nothing about—in this case, classical music.” —Chris Bohjalian, #1 New York Times bestselling author of *The Flight Attendant* and *Hour of the Witch* Growing up Black in rural North

Carolina, Ray McMillian’s life is already mapped out. But Ray has a gift and a dream—he’s determined to become a world-class professional violinist, and nothing will stand in his way. Not his mother, who wants him to stop making such a racket; not the fact that he can’t afford a violin suitable to his talents; not even the racism inherent in the world of classical music. When he discovers that his beat-up, family fiddle is actually a priceless Stradivarius, all his dreams suddenly seem within reach, and together, Ray and his violin take the world by storm. But on the eve of the renowned and cutthroat Tchaikovsky Competition—the Olympics of classical music—the violin is stolen, a ransom note for five million dollars left in its place. Without it, Ray feels like he’s lost

a piece of himself. As the competition approaches, Ray must not only reclaim his precious violin, but prove to himself—and the world—that no matter the outcome, there has always been a truly great musician within him.

Water Music Houghton Mifflin Harcourt
A “miraculous” (Newsweek) human drama, based on a true story, from the renowned author of *The Prince of Tides* and *The Great Santini* The island is nearly deserted, haunting, beautiful. Across a slip of ocean lies South Carolina. But for the handful of families on Yamacraw Island, America is a world away. For years the people here lived proudly from the sea, but now its waters are not safe. Waste from industry threatens their very existence unless,

somehow, they can learn a new way. But they will learn nothing without someone to teach them, and their school has no teacher—until one man gives a year of his life to the island and its people.

Praise for *The Water Is Wide* “Miraculous . . . an experience of joy.”—Newsweek
“A powerfully moving book . . . You will laugh, you will weep, you will be proud and you will rail . . . and you will learn to love the man.”—Charleston News and Courier
“A hell of a good story.”—The New York Times
“Few novelists write as well, and none as beautifully.”—Lexington Herald-Leader
“[Pat] Conroy cuts through his experiences with a sharp edge of irony. . . He brings emotion, writing talent and anger to his story.”—Baltimore Sun
