*The Promised Land* Humanoids Incorporated  
 INTERNATIONAL BESTSELLER • A "provocative ... highly readable ... refreshing ... [and] practical" book (The Los Angeles Times) that explains why it is in your best interest to work as little as possible. Your company wants you to be loyal. You should feel lucky—after all, your job is a privilege (think of all those who would like to have it). And you know (despite what you've read about Enron and WorldCom) that management has your best interests at heart. Your goal is to devote yourself to the pursuit of corporate profit, make your company number one, and reap the benefits of its success. Or is there something else you want to do with your life? *Bonjour Laziness* dares to ask whether you really have a stake in the corporate sweepstakes, whether professional mobility is anything but an opiate. It shows you how to become impervious to manipulation and escape the implacable law of usefulness.

**Tarzan the Magnificent** Phoemixx Classics Ebooks  
 A thoughtful introduction to art and its interpretation for children, with a sense of humor *Why is Art Full of Naked People?* is an irreverent and informative primer that asks tricky questions about what makes art art. What is with all the fruit? Why is art so

weird nowadays? There are questions about how art views the world, from cave paintings through to Cubism, from the Renaissance to contemporary art, questions about different genres, including still-life painting, landscapes and portraits, and questions about the role and value of art in the past and today. Artists ask questions when they make art and viewers ask questions when they look at art; this book provides an engaging way for young people to explore asking and answering questions for themselves. The book is structured around twenty-two questions, each one tackled over two spreads. Through this provocative approach it offers an introduction to art history and a toolkit to enable young people to feel confident asking questions, searching for answers, and "reading" art for themselves.

**Vicke the Viking** W. W. Norton & Company

Poor Solomon is looking for some fun but no one wants to play. The dragonflies tell him to buzz off, the storks get in a flap, and the hippo? Well, the less said about the hippo, the better! But then somebody else starts causing trouble . . . and for once it is NOT Solomon. Could it be the perfect pal for a lonely crocodile? *Solomon Crocodile* is a snappy, happy, fun story with stunning artwork from the Kate Greenaway award-winning Catherine Rayner.

How far will a mother go to protect her family from a madman? An unrivaled master of psychological suspense, Joy Fielding has written her most chilling and intricate novel yet--a compulsively readable look at the razor-thin line between daily domesticity and nerve-shattering terror. It had to end in blood. Family therapist Kate Sinclair, healer of lost souls, perfect wife and mother, has suddenly become trapped in a nightmare of her own. Her teenage daughter has just discovered sex, lies, and rebellion. Her ex-boyfriend has returned to threaten her marriage. Her once-peaceful hometown is being awakened by chilling headlines: Another woman is missing. Kate can sense the darkness gathering around her, can see the mistakes, the missteps, the missing pieces. She is afraid of what tomorrow will bring. Enter Colin Friendly, a man on trial for abducting and killing thirteen women--the handsome, "misunderstood" sociopath Kate's troubled sister plans to marry. Colin loves women to death. He can't wait to see Kate and the girls again. One dark night when they are home alone, disarmed, ready for bed...

*And Bloom The Art of Aging Unapologetically* Vintage

\*\*\* 'Are you aging fabulously? Here's how.' Anna Murphy, The Times 'A lovely book celebrating female beauty over 40.' Top Sante 'You become what you see. What you see determines what you believe - and the most powerful way of inspiring people is with images. My goal with AndBloom is to motivate women to embrace life without fear. To provide examples of women between the age of 40 and, currently, 100, so that any woman can open this book and see themselves recognized.' Denise Boomkens launched the AndBloom project on Instagram in 2018, to create a 'happy place for women over 40' - a community where women can be themselves and where aging is celebrated instead of feared. In this, her first book, she shares her own experiences of aging and brings together portraits and interviews with more than 100 extraordinary 'ordinary' women to create both a gloriously illustrated celebration of female beauty over 40 and an empowering handbook to aging happily.

*The Incal: #1. Orphan of the city shaft* Fantagraphics Books

Famous explorer Bob and his dog Rick have been around the world and even to the Moon, but their travels through the quantum universe show them the greatest wonders they've ever seen. As they follow their tour guide, the giddy letter h (also known as the Planck constant), Bob and Rick discover that the universe is bouncy, have crepes with Max Planck, talk to Einstein about atoms, visit Louis de Broglie in his castle, and hang out with Heisenberg on Heligoland. On the way, we find out that a dog - much like a cat - can be both dead and alive, the gaze of a mouse can change the universe, and a comic book can actually make quantum physics fun, easy to understand and downright enchanting.

**Vikings on the Isle of Man** Рипол Классик

Jodorowsky and Moebius's internationally bestselling Sci-Fi saga THE INCAL comes to its phenomenal finale!

*Bonjour Laziness* Philomel Books

the robocops, and the Techno pope in a grand conspiracy, becoming a professional detective and falling in love. If all of this wasn't enough, this volume of the series also features tons of actions and the deaths of several characters. A must-read chapter in one of the most acclaimed sci-fi stories in the world. *Mysteries of the Quantum Universe* 9th Cinebook  
The cosmic adventures of a young boy on his path to ridding the galaxy of an insidious technological plague.

**What Lies Beneath** Akademische Verlagsgemeinschaft München

Winner of the prestigious Grand Prize of the 2010 Angouleme Comics Festival, *5,000 Kilometers Per Second* tells—or almost tells—the love story between Piero and Lucia, which begins with a casual glance exchanged by teenagers across the street through a window and ends with a last, desperate hook-up between two older, sadder one-time lovers. Executed in stunning watercolors and broken down into five chapters (set in Italy, Norway, Egypt, and Italy again), *5,000 Kilometers Per Second* manages to refer to Piero and Lucia's actual love story only obliquely, focusing instead on its first stirrings and then episodes in their life during which they are separated—a narrative twist that makes it even more poignant and heart-wrenching. *5,000 Kilometers Per Second* is another delicate graphic-novel masterpiece from Europe.

*Toy Boat* Taschen

Halkatraz Pan Macmillan

Die Trivalliteratur und somit selbstverständlich auch Comics sind fester Bestandteil der Leser- und Lesestoffforschung. Die früher noch für lange Zeit als "banal" und "jugendgefährdend" bezeichnete "Schundliteratur" wird gegenwärtig von allen sozialen Schichten gelesen. Doch noch immer beschäftigt man sich mit der Aufarbeitung der Geschichte dieser Literatur. In diesem Werk erfährt der Leser unter anderem, dass ein Antiheld im Comic genauso vielschichtig sein kann wie Georg Büchners Woyzeck.

Batman Island Books

All good things must come to an end, and with this 50th volume in the series, the most ambitious comic strip reprint project ever attempted comes to a close. In this extra-long final installment, Arn and two copanions are sent on a mission to find out if Vikings are planning to invade the Isle of Man. Danger abounds, and yet all's well that ends well, and the end of this volume finds Valiant's entire family reunited one last time in the glory that is Camelot!

Don't Cry Now Humanoids Inc

It's the perfect way to begin every rehearsal.
