KRAMER LAILA

Bit & Spur HarperCollins

National Book Award Finalist: "This man's ideas may be the most influential, not to say controversial, of the second half of the twentieth century."—Columbus Dispatch At the heart of this classic, seminal book is Julian Jaynes's still-controversial thesis that human consciousness did not begin far back in animal evolution but instead is a learned process that came about only three thousand years ago and is still developing. The implications of this revolutionary scientific paradigm extend into virtually every aspect of our psychology, our history and culture, our

religion—and indeed our future. "Don't be put off by the academic title of Julian Jaynes's *The Origin of Consciousness in the Breakdown of the Bicameral Mind*. Its prose is always lucid and often lyrical...he unfolds his case with the utmost intellectual rigor."—The New York Times "When Julian Jaynes . . . speculates that until late in the twentieth millennium BC men had no consciousness but were automatically obeying the voices of the gods, we are astounded but compelled to follow this remarkable thesis."—John Updike, *The New Yorker* "He is as startling as Freud was in *The Interpretation of Dreams*, and Jaynes is equally as adept at forcing a new view of known human behavior."—*American Journal of Psychiatry*

An NPR 2023 "Books We Love" Pick • A Kirkus Best Nonfiction Book of 2023 A landmark biography that reclaims Ella Fitzgerald as a major American artist and modernist innovator. Ella Fitzgerald (1917–1996) possessed one of the twentieth century's most astonishing voices. In this first major biography since Fitzgerald's death, historian Judith Tick offers a sublime portrait of this ambitious risk-taker whose exceptional musical spontaneity made her a transformational artist. Becoming Ella Fitzgerald clears up long-enduring mysteries. Archival research and in-depth family interviews shed new light on the singer's difficult childhood in Yonkers, New York, the tragic death of her mother, and the year she spent in a girls' reformatory school—where she sang in its renowned choir and dreamed of being a dancer. Rarely seen profiles from the Black press offer precious glimpses of Fitzgerald's tense experiences of racial discrimination and her struggles with constricting models of Black and white femininity at midcentury. Tick's compelling narrative depicts Fitzgerald's complicated career in fresh and original detail, upending the traditional view that segregates vocal jazz from the genre's mainstream. As she navigated the shifting tides between jazz and pop, she used her originality to pioneer modernist vocal jazz. Interpreting long-lost setlists, reviews from both white and Black newspapers, and newly released footage and recordings, the book explores how Ella's transcendence as an improviser produced onstage performances every bit as significant as her historic recorded oeuvre. From the singer's first performance at

the Apollo Theatre's famous "Amateur Night" to the Savoy Ballroom, where Fitzgerald broke through with Chick Webb's big band in the 1930s, Tick evokes the jazz world in riveting detail. She describes how Ella helped shape the bebop movement in the 1940s, as she joined Dizzy Gillespie and her then-husband, Ray Brown, in the world-touring Jazz at the Philharmonic, one of the first moments of high-culture acceptance for the disreputable art form. Breaking ground as a female bandleader, Fitzgerald refuted expectations of musical Blackness, deftly balancing artistic ambition and market expectations. Her legendary exploration of the Great American Songbook in the 1950s fused a Black vocal aesthetic and jazz improvisation to revolutionize the popular repertoire. This hybridity often confounded critics, yet throughout the 1970s and 1980s, Ella reached audiences around the world, electrifying concert halls, and sold millions of records. A masterful biography, *Becoming Ella Fitzgerald* describes a powerful woman who set a standard for American excellence nearly unmatched in the twentieth century.

Annual Iowa Year Book of Agriculture Houghton Mifflin Harcourt

The beloved New York Times bestselling author reflects on home, family, friendships and writing in this deeply personal collection of essays. "The elegance of Patchett's prose is seductive and inviting: with Patchett as a guide, readers will really get to grips with the power of struggles, failures, and triumphs alike." —Publisher's Weekly "Any story that starts will also end." As a writer, Ann Patchett knows what the outcome of her fiction will be. Life, however, often takes turns we do not see coming. Patchett ponders this truth in these wise essays that afford a

fresh and intimate look into her mind and heart. At the center of *These Precious Days* is the title essay, a surprising and moving meditation on an unexpected friendship that explores “what it means to be seen, to find someone with whom you can be your best and most complete self.” When Patchett chose an early galley of actor and producer Tom Hanks’ short story collection to read one night before bed, she had no idea that this single choice would be life changing. It would introduce her to a remarkable woman—Tom’s brilliant assistant Sooki—with whom she would form a profound bond that held monumental consequences for them both. A literary alchemist, Patchett plumbs the depths of her experiences to create gold: engaging and moving pieces that are both self-portrait and landscape, each vibrant with emotion and rich in insight. Turning her writer’s eye on her own experiences, she transforms the private into the universal, providing us all a way to look at our own worlds anew, and reminds how fleeting and enigmatic life can be. From the enchantments of Kate DiCamillo’s children’s books (author of *The Beatryce Prophecy*) to youthful memories of Paris; the cherished life gifts given by her three fathers to the unexpected influence of Charles Schultz’s Snoopy; the expansive vision of Eudora Welty to the importance of knitting, Patchett connects life and art as she illuminates what matters most. Infused with the author’s grace, wit, and warmth, the pieces in *These Precious Days* resonate deep in the soul, leaving an indelible mark—and demonstrate why Ann Patchett is one of the most celebrated writers of our time.

Indianapolis Monthly Public Affairs

Congratulations, graduate! You did it! You’re finally out on your own. But as you walk off the stage and into the Real World,

you're going to need more than a diploma to survive. Suddenly, for the first time, you're facing questions like... How do I get a job? What do I do with all this laundry? What's a "major"—and how do I pick one? How do I go grocery shopping? And what's for dinner? What's a budget, anyway— and do I need one? How do I set up a bank account? Where should I live? Don't panic, help is on the way! Author Autumn McAlpin gives you the common-sense advice and reassurance you'll need to tackle just about any challenge with style, grace, and enough humor to make the whole thing fun. From cap and gown to total independence, *Real World 101* is the only graduate guide you'll ever need! Autumn McAlpin is a humor and entertainment columnist for the Orange County Register. A former high school teacher, she knows how unprepared some high school graduates are for the real world—and has taken matters into her own hands! With her sharp wit and hilarious anecdotes, she is a favorite speaker for youth audiences.

Motor Age Random House

From John Philip Sousa to Green Day, from Scott Joplin to Kanye West, from Stephen Foster to Coldplay, *The Encyclopedia of Great Popular Song Recordings, Volumes 1 and 2* covers the vast scope of its subject with virtually unprecedented breadth and depth. Approximately 1,000 key song recordings from 1889 to the present are explored in full, unveiling the stories behind the songs, the recordings, the performers, and the songwriters. Beginning the journey in the era of Victorian parlor balladry, brass bands, and ragtime with the advent of the record industry, readers witness the birth of the blues and the dawn of jazz in the 1910s and the emergence of country music on record and the

shift from acoustic to electrical recording in the 1920s. The odyssey continues through the Swing Era of the 1930s; rhythm & blues, bluegrass, and bebop in the 1940s; the rock & roll revolution of the 1950s; modern soul, the British invasion, and the folk-rock movement of the 1960s; and finally into the modern era through the musical streams of disco, punk, grunge, hip-hop, and contemporary dance-pop. Sullivan, however, also takes critical detours by extending the coverage to genres neglected in pop music histories, from ethnic and world music, the gospel recording of both black and white artists, and lesser-known traditional folk tunes that reach back hundreds of years. This book is ideal for anyone who truly loves popular music in all of its glorious variety, and anyone wishing to learn more about the roots of virtually all the music we hear today. Popular music fans, as well as scholars of recording history and technology and students of the intersections between music and cultural history will all find this book to be informative and interesting.

Norton & Company

In the glory years of the 1970s, Wales won three grand slams in eight seasons. But rarely since then had the men in red started a Six Nations campaign armed with expectation rather than hope. 2012 was different. The previous year they had come within a kick of reaching the World Cup final, losing by a point to France despite playing for the last hour with 14 men after their captain, Sam Warburton, had been sent off for a dangerous tackle. The question when they returned home was how they would cope with the heartache. The answer came in their first match in the 2012 Six Nations Championship. In Dublin against Ireland, the

team they had knocked out in the World Cup quarter-final, revenge was on the menu. Wales went there without five of their leading forwards and lost Warburton to injury at half-time. They were trailing by six points with five minutes to go and had a player in the sin-bin. The old Wales would have folded but, as in *Life on Mars*, it was back to the spirit of the 1970s. This Wales team came back fighting to win not only the game but to sweep the board in the whole tournament, bringing home a Welsh grand slam for the third time in eight years and establishing a strong and exciting team for the future.

The Jersey Bulletin and Dairy World

A page-turning science-fiction thriller from the author of *Paradox Bound* and the *Ex-Heroes* series. Step into the fold. It's perfectly safe. The folks in Mike Erikson's small New England town would say he's just your average, everyday guy. And that's exactly how Mike likes it. Sure, the life he's chosen isn't much of a challenge to someone with his unique gifts, but he's content with his quiet and peaceful existence. That is, until an old friend presents him with an irresistible mystery, one that Mike is uniquely qualified to solve: far out in the California desert, a team of DARPA scientists has invented a device they affectionately call the Albuquerque Door. Using a cryptic computer equation and magnetic fields to "fold" dimensions, it shrinks distances so that a traveler can travel hundreds of feet with a single step. The invention promises to make mankind's dreams of teleportation a reality. And, the scientists insist, traveling through the Door is completely safe. Yet evidence is mounting that this miraculous machine isn't quite what it seems—and that its creators are harboring a dangerous

secret. As his investigations draw him deeper into the puzzle, Mike begins to fear there's only one answer that makes sense. And if he's right, it may only be a matter of time before the project destroys...everything. A cunningly inventive mystery featuring a hero worthy of Sherlock Holmes and a terrifying final twist you'll never see coming, *The Fold* is that rarest of things: a genuinely page-turning science-fiction thriller.

Billboard

Written in response to the Hawk's Nest Tunnel disaster of 1931 in Gauley Bridge, West Virginia, *The Book of the Dead* is an important part of West Virginia's cultural heritage and a powerful account of one of the worst industrial catastrophes in American history. The poems collected here investigate the roots of a tragedy that killed hundreds of workers, most of them African American. They are a rare engagement with the overlap between race and environment in Appalachia. Published for the first time alongside photographs by Nancy Naumburg, who accompanied Rukeyser to Gauley Bridge in 1936, this edition of *The Book of the Dead* includes an introduction by Catherine Venable Moore, whose writing on the topic has been anthologized in *Best American Essays*.

Chester White Journal

(Book). For the first time in one volume, here is the best of *Relix* magazine: the ultimate, spectacular history of the Grateful Dead and their fans. *Relix* magazine much like the Grateful Dead, the band they captured relentlessly was not just the backdrop for a generation, it was an inspiration. Begun in 1974 as a newsletter to connect Deadheads, the magazine exploded along with the tie-dyed community that embraced it. *Relix: The Book* is a compilation of the first 27 years of *Relix* magazine and includes interviews with Jerry Garcia, Bob Weir, Mickey Hart, Bill Kreutzmann, and all of the Dead's key players. A Deadhead family portrait and psychedelic timecapsule, it also features iconic groups such as the Doors and Phish, along with nearly three decades' worth of brain-melting artwork, full-color covers, and anecdotes from *Relix* founder Toni Brown, written exclusively for the book. For the global family of Deadheads, old-school hippies, and up and coming jam band fans, *Relix: The Book* is much more than an anthology, it is an event.
