117 Things You Should F*cking Know

About Your World Black Classic Press History that doesn't suck: Smart, crude, and hilariously relevant to modern life. Those who don't know history are doomed to repeat it. Too bad it's usually boring as sh*t. Enter *The Captain*, the ultimate storyteller who brings history to life (and to your life) in this hilarious, intelligent, brutally honest, and crude compendium to events that happened before any of us were born. The entries in this compulsively readable book bridge past and present with topics like getting ghosted, handling haters, and why dog owners rule (sorry, cat people). Along the way you'll get a glimpse of Edith Wharton's sex life, dating

rituals in Ancient Greece, catfishing in 500 BC, medieval flirting techniques, and squad goals from Catherine the Great. You'll learn why losing yourself in a relationship will make you crazy--like Joanna of Castile, who went from accomplished badass to Joanna the Mad after obsessing over a guy known as Philip the Handsome. You'll discover how Resting Bitch Face has been embraced throughout history (so wear it proudly). And you'll see why it's never a good idea to f*ck with powerful women--from pirate queens to diehard suffragettes to Cleo-f*cking-patra. People in the past were just like us--so learn from life's losers and emulate the badasses. *The Captain* shows you how. *If I Should Die* Sourcebooks, Inc.

Today's most important question: What the F*#@# should I drink? It's all covered here! We've all been there: you come home from a long day and just want to have a drink-but which drink? There are so many options, how do you decide? What the F*#@# Should I Drink? has the answer! The follow-up to the wildly successful and deliciously offensive *What the F*#@# Should I Make for Dinner?*, *What the F*#@# Should I Drink?* provides over 75 recipes

for everything from a Sidecar to a Moscow Mule to whatever the f*#@# a Caipirinha is. They're easy to mix and even easier to drink, and soon you'll forget the original question. With a "choose your adventure" style recipe guide-don't like the recipe in front of you? Choose another!-and wonderfully offensive directions, *What the F*#@# Should I Drink?* is f*#@#ing fantastic, and it will make you feel f*#@#ing fantastic too.

It's Decorative Gourd Season, Motherfuckers

Sourcebooks, Inc. A passionate and profane love letter to fall, the best fucking season of the year. Do you get excited at the first brisk breeze of the year? Are you overcome with delight when you see piles of red leaves? Do you lose your fucking mind at a pumpkin patch? At last, the epically funny internet sensation *It's Decorative Gourd Season, Motherfuckers* is now a visual tour-de-force, teeming with a cornucopia of perfectly paired photos and seasonal enchantments to make it really fucking sing. Whiffy candles, wicker baskets, motherfucking gourd after gourd, and people going insane they love fall so much? Check! Also included: the equally

lifechanging meditation It's Rotting Decorative Gourd Season, Motherfuckers, because all good things must end. Give it to everyone you love, or put it on your fucking coffee table next to a pile of shellacked vegetables to really tie the room together. Perfect for: For anyone who fucking loves fall, and fans of McSweeney's, Go the Fuck to Sleep, Deep Thoughts, the Onion, and the New Yorker. [Half American](#) Hachette UK
 #1 New York Times Bestseller Over 10 million copies sold In this generation-defining self-help guide, a superstar blogger cuts through the crap to show us how to stop trying to be "positive" all the time so that we can truly become better, happier people. For decades, we've been told that positive thinking is the key to a happy, rich life. "F**k positivity," Mark Manson says. "Let's be honest, shit is f**ked and we have to live with it." In his wildly popular Internet blog, Manson doesn't sugarcoat or equivocate. He tells it like it is—a dose of raw, refreshing, honest truth that is sorely lacking today. The *Subtle Art of Not Giving a F**k* is his antidote to the coddling, let's-all-feel-good mindset that has infected American

society and spoiled a generation, rewarding them with gold medals just for showing up. Manson makes the argument, backed both by academic research and well-timed poop jokes, that improving our lives hinges not on our ability to turn lemons into lemonade, but on learning to stomach lemons better. Human beings are flawed and limited—"not everybody can be extraordinary, there are winners and losers in society, and some of it is not fair or your fault." Manson advises us to get to know our limitations and accept them. Once we embrace our fears, faults, and uncertainties, once we stop running and avoiding and start confronting painful truths, we can begin to find the courage, perseverance, honesty, responsibility, curiosity, and forgiveness we seek. There are only so many things we can give a f**k about so we need to figure out which ones really matter, Manson makes clear. While money is nice, caring about what you do with your life is better, because true wealth is about experience. A much-needed grab-you-by-the-shoulders-and-look-you-in-the-eye moment of real-talk, filled with entertaining stories and profane, ruthless humor, *The Subtle Art of*

Not Giving a F**k is a refreshing slap for a generation to help them lead contented, grounded lives.

*Granny-Approved Comfort Food Without All the Time-Consuming Bullsh*t* This book is a lazy person's dream with tasty AF dishes that require no effort. Peggy Glenn has made a name for herself with her hilarious YouTube videos, and now her cookbook is ready to take the reins with more than 75 recipes that truly deliver on deliciousness and sass. Some of Granny's signature sh*t includes: Three-Ingredient Potato Salad (so you don't show up to a potluck looking like a moocher), French Toast Casserole (for the whiny butts who want to end up in a f*ckin' food coma) and Meaty Spaghetti Sauce (that got a "real Italian dude's" blessing). Her life-tested favorites like Effin Amazing Chicken, Bad-Ass Beef and Broccoli and Magical Rice Bowl just skim the surface of the awesomeness that you hold in your hands. With side-splitting commentary, yummy dishes for every occasion and directions even the dumbest of cooks can follow, you're all set to enter cookbook heaven. [F*** It. Get a Divorce](#) Createspace

Why Should White Guys Have All the Fun?
Bantam

Anyone -- even you -- can tackle the fifty new recipes in this irreverent anti-cookbook from the author of *What the F*#@# Should I Make For Dinner?* Author Zach Golden has curated and honed a collection of dishes that anyone, even you, can make without screwing them up. From his first book, where he approached the dinner question with the endless variety of a Choose-Your-Own-Adventure novel, to two successive titles guiding the aimless masses towards what to drink and what to do with their lives, Golden is the master at telling other people what to do. This next book marries scaled-down kitchen techniques with satisfying outcomes, with a heavy dose of profanity and deadpan humor. Don't f*#@# up any of the following: Chicken and Rice Soup Roasted Vegetable and Bacon Hash Fennel,

Sausage, and Arugula Pasta . . . and more, delivering on delicious meals as long as you don't do anything stupid like start a grease fire, cut off a finger, or spill hot pasta water down your pants. Unless, as he says, you're really, really dumb, they're Unf*ckupable.

Hachette Books

"The F*ck It Diet is not only hilarious, it is scientifically and medically sound. A must read for any chronic dieter." -Christiane Northrup, MD, New York Times bestselling author of *Women's Bodies, Women's Wisdom*" From humorist and ex-diet junkie Caroline Dooner, an inspirational guide that will help you stop dieting, reboot your relationship with food, and regain your personal power **DIETING DOESN'T WORK** Not long term. In fact, our bodies are

hardwired against it. But each time our diets fail, instead of considering that maybe our ridiculously low-carb diet is the problem, we wonder what's wrong with us. Why can't we stick to our simple plan of grapefruit and tuna fish??? Why are we so hungry? What is wrong with us??? We berate ourselves for being lazy and weak, double down on our belief that losing weight is the key to our everlasting happiness, and resolve to do better tomorrow. But it's time we called a spade a spade: Constantly trying to eat the smallest amount possible is a miserable way to live, and it isn't even working. So fuck eating like that. In *The F*ck It Diet*, Caroline Dooner tackles the inherent flaws of dieting and diet culture, and offers readers a counterintuitively simple path to healing their physical, emotional, and mental relationship with food. What's the secret anti-diet? Eat. Whatever you want. Honor your appetite and listen to your hunger. Trust that your body knows what it is doing. Oh, and don't forget to rest, breathe, and be kind to yourself while you're at it. Once you get yourself out of survival mode, it will become easier and easier to eat what your body really

needs—a healthier relationship with food ultimately leads to a healthier you. An ex-yo dieter herself, Dooner knows how terrifying it can be to break free of the vicious cycle, but with her signature sharp humor and compassion, she shows readers that a sustainable, easy relationship with food is possible. Irreverent and empowering, *The F*ck It Diet* is call to arms for anyone who feels guilt or pain over food, weight, or their body. It's time to give up the shame and start thriving. Welcome to the F*ck It Diet. Let's Eat.

Why you should give a f*ck about

farming Hachette UK

The executive Washington editor of *The Wall Street Journal* chronicles the astonishing rise, climax, and decline of one of the great political movements in American history—the forty-year reign of the conservative movement, from the election of Ronald Reagan to the Republican Party's takeover by Donald Trump—with a new introduction covering the 2020 election and the future of the GOP “Aby captures the most consequential American political developments in half a century.” —Peggy Noonan
In 1980, President-Elect Ronald Reagan ushered in conservatism as the most powerful political force in America. For four decades, New Deal liberalism had been the country's dominant motif, creating such popular programs as Social Security and Medicare, but it had become creaky in the face of soaring inflation, high unemployment, and a growing sense that the United States was no longer the dominant force on the world stage. Reagan's efforts to reshape the government with tax cuts, deregulation, increased military spending, and a more conservative social policy faltered at first.

But the economy roared back, and the Reagan revolution was on. In *We Should Have Seen It Coming*, veteran journalist Gerald F. Seib shows how this conservative movement came to dominate national politics, then began to evolve into the populist movement that Donald Trump rode to power. Conservative institutions including the Heritage Foundation, the National Rifle Association, Americans for Tax Reform, Rush Limbaugh and Fox News gave the conservative movement a support system, paving the way for Newt Gingrich's *Contract with America* and George W. Bush's compassionate conservatism. But we also see multiple warning signs, many overlooked or misread, that a populist revolution was brewing. Pat Buchanan, Ross Perot, Sarah Palin, and the Tea Party—all were precursors of the Trump takeover. With behind-the-scenes anecdotes, Seib explains how Trump capitalized on that populist movement to victory in 2016, then began breaking from conservative orthodoxy once in office. He shows how Trump altered Republican relations with the business world, shattered conservative precepts on trade and immigration and

challenged America's long-standing alliances. This scintillating work of journalism brings new insight to the most important political story of our time.

Badass Affirmations Hachette UK

There is no farmers and others. If you eat or wear clothes, the decisions you make influence farming. 'Eaters will be the ultimate arbiter of where and how food is grown and how the land is cared for ... We all have a stake in the future of food and farming. I am going to show you why.' Farming sits at the intersection of the world's biggest challenges around climate change, soil, water, energy, natural disasters and zoonotic diseases. Yet Australia has no national food policy. No national agriculture strategy. Our water policy is close to the Hunger Games. People with means can shop at farmers' markets and order brunch, by the provenance of their eggs, bacon, butter, tomatoes and greens. But do they really understand the trade-offs required to grow it? In this book Gabrielle Chan examines the past, present and future of farming with her characteristically forensic eye. She lays out how our nation, its leaders, farmers and eaters can usher in new ways for us to work and live on our unique and precious land. We must forge a new social contract if we are to grow healthy food on

a thriving landscape, while mitigating

climate and biodiversity loss. This important book will change your thinking

about food, farming and how you eat.
