"In her brilliant, wide
ranging, nuanced study of
apocalypse, Keller has
written a definitive
cultural and theological

Baxter Zevcenko is your
average 16-year-old boy.

If by average you mean
kingpin of a porn-peddling

schoolyard syndicate and
a possible serial killer who

suffers from weird

historical dreams. Baxter

is the first to admit that

he's not a nice guy. After

all, high school is a

gaping, icy abyss and

Baxter is not about to

allow anybody to drag him

down. That is until his

girlfriend, Esme, is

kidnapped and the clues

point toward supernatural

forces at work. Faced with

navigating the

increasingly bizarre

landscape of Cape Town's

supernatural underworld,

Baxter turns to the only

person drunk enough to

help: bearded, booze-

soaked, supernatural

bounty hunter, Jackson

"Jackie" Ronin. On a

mission that takes them

through the realms of

impossibility, they face

every conceivable

nightmare to rescue

Esmé, including the odd

brush with the

Apocalypse.

An exploration of the emergence of a new psychedelic spirituality in the work of Philip K. Dick, Terence McKenna, and Robert Anton Wilson. A study of the spiritual provocations to be found in the work of Philip K. Dick, Terence McKenna, and Robert Anton Wilson, *High Weirdness* charts the emergence of a new psychedelic spirituality that arose from the American counterculture of the 1970s. These three authors changed the way millions of readers thought, dreamed, and

experienced reality—but how did their writings reflect, as well as shape, the seismic cultural shifts taking place in America? In *High Weirdness*, Erik Davis—America's leading scholar of high strangeness—examines the published and unpublished writings of these vital, iconoclastic thinkers, as well as their own life-changing mystical experiences. Davis explores the complex lattice of the strange that flowed through America's West Coast at a time of radical

technological, political, and social upheaval to present a new theory of the weird as a viable mode for a renewed engagement with reality. *Waco* Ballantine Books
Este livro é um resumo produzido a partir da obra original. A mudança climática é real, mas não é o fim do mundo. Não é sequer nosso maior problema ambiental. Michael Shellenberger tem lutado por um planeta mais verde por décadas. Ajudou a salvar as últimas sequoias ameaçadas do mundo, co-

criou o que seria o predecessor do atual Novo Acordo Verde (Green New Deal), além de, juntamente com cientistas climáticos e ativistas, liderar uma ação bem sucedida para manter as usinas nucleares funcionando, assim evitando os famosos "picos de emissão". Porém, em 2019, enquanto se alegava que "bilhões de pessoas iriam morrer", o que contribuiu para uma ampla crise de ansiedade — inclusive entre adolescentes —, como

ativista ambiental há anos, afamado especialista em energia e pai de uma adolescente, Shellenberger resolveu que deveria falar mais a respeito a fim de separar a ficção da ciência. Mesmo após anos da atenção dada pela grande mídia, muitos continuam ignorantes quanto aos fatos mais básicos sobre clima. Em boa parte das nações mais desenvolvidas, os picos das emissões de carbono vêm caindo há mais de uma década. O mesmo ocorre quanto aos

números de mortes causadas por condições climáticas extremas, que tiveram uma queda de 80% nos últimos quarenta anos, inclusive em nações mais pobres. Além disso, o risco de um superaquecimento da Terra tem se tornado mais improvável graças ao baixo crescimento populacional e a abundância de gás natural. Curiosamente, aqueles que são mais alarmistas quanto aos problemas climáticos também são os que tendem a se opor às

soluções mais óbvias. O que está realmente por detrás de todo esse levante apocalítico ambientalista? Estão poderosos interesses financeiros. Há desejo por status e poder. E há, sobretudo, um desejo de transcendência de pessoas supostamente seculares. O impulso espiritual pode ser natural e saudável, porém ao pregar medo sem amor e culpa sem redenção, a nova religião não está satisfazendo nossas mais profundas necessidades psicológicas e

existenciais.

Lucy Corin's "eye popping, enlightening read" (Publishers Weekly), now in paperback. At the heart of Lucy Corin's dazzling collection are one hundred apocalypses: visions of loss and destruction, vexation and crisis, revelation and revolution, sometimes only a few lines long. In these haunting and wickedly funny stories, an apocalypse might come in the form of the end of a

relationship or the end of the world, but they all expose the tricky landscape of our longing for a clean slate. In three longer stories, contemporary American life is playfully, if disturbingly, distorted: the rite of passage for adolescent girls involves choosing the madman who will accompany them into adulthood; California burns to the ground while, on the east coast, life carries on; and a soldier returns home broke from war to encounter a witch who extends a dangerous

offer. At once mournful and explosively energetic, *One Hundred Apocalypses and Other Apocalypses* is "deeply rooted in the politics and upheaval of our times" (Lambda Literary).

The basis of the celebrated Paramount Network miniseries starring Michael Shannon and Taylor Kitsch -- Waco is the critically-acclaimed, first person account of the siege by Branch Davidian survivor, David Thibodeau. Twenty-five years ago, the FBI staged

a deadly raid on the Branch Davidian compound in Waco, Texas. David Thibodeau survived to tell the story. When he first met the man who called himself David Koresh, David Thibodeau was a drummer in a local rock band. Though he had never been religious in the slightest, Thibodeau gradually became a follower and moved to the Branch Davidian compound in Waco. He remained there until April 19, 1993, when the compound was stormed

and burned to the ground after a 51-day standoff with government authorities. In this compelling account -- now with an updated epilogue that revisits remaining survivors--Thibodeau explores why so many people came to believe that Koresh was divinely inspired. We meet the men, women, and children of Mt. Carmel. We get inside the day-to-day life of the community. We also understand Thibodeau's brutally honest assessment of the United States

government's actions. The result is a memoir that reads like a thriller, with each page taking us closer to the eventual inferno.

The final book of the Bible, Revelation prophesies the ultimate judgement of mankind in a series of allegorical visions, grisly images and numerological predictions. According to these, empires will fall, the "Beast" will be destroyed and Christ will rule a new

Jerusalem. With an introduction by Will Self.

What Did Jesus Look Like?

National Geographic Books
The United States, the only country to have dropped the bomb, and Japan, the only one to have suffered its devastation, understandably portray the nuclear threat differently on film. American science fiction movies of the 1950s and 1960s generally proclaim that it is possible to put the nuclear genie back in the bottle. Japanese films

of the same period assert that once freed the nuclear genie can never again be imprisoned. This book examines genre films from the two countries released between 1951 and 1967--including *Godzilla* (1954), *The Mysterians* (1957), *The Incredible Shrinking Man* (1957), *On the Beach* (1959), *The Last War* (1961) and *Dr. Strangelove* (1964)--to show the view from both sides of the Pacific.

From a master of cinema

comes this “gold mine of a book . . . a rocket ride to the potential future” of filmmaking (Walter Murch). Celebrated as an “exhilarating account” of a revolutionary new medium (Booklist), Francis Ford Coppola’s indispensable guide to live cinema is a boon for moviegoers, film students, and teachers alike. As digital movie-making, like live sports, can now be performed by one director—or by a collaborative team online—it is only a matter of time before cinema

auteurs will create “live” movies to be broadcast instantly in faraway theaters. “Peppered with brilliant personal observations” (Wendy Doniger), *Live Cinema and Its Techniques* offers a behind-the-scenes look at a consummate career: from Coppola’s formative boyhood obsession with live 1950s television shows and later attempts to imitate the spontaneity of live performance on set, the book usefully includes a guide to presenting state-of-the-art techniques on everything

from rehearsals to equipment. A testament to Coppola’s prodigious enthusiasm for reinvigorating the form, *Live Cinema* is an indispensable guide that “reenergizes . . . the search for a new way of storytelling” (William Friedkin). *The Things They Carried* Bloomsbury Publishing Now available in paperback! No movie has ever been made, or made well, without the character who toils just outside the spotlight. He arranged for the spotlight,

hired the spotlight operator, and even made sure that it was trained correctly on the stars. At the end of the day, there would be no blinking movie screens, no blinking Oscar winners, no finished films, good or bad, without the Assistant Director. Jerry Ziesmer was an assistant director for over thirty years, working on countless films before his retirement in the middle-nineties. He has worked with some of Hollywood's biggest directors, and its biggest stars. In this memoir, he

recounts his time in Hollywood including his work on the sets of *Apocalypse Now*, *Close Encounters*, and *Jerry Maguire*. Written with the craft and humor that made Jerry Ziesmer one of the most sought-after assistant directors in Hollywood, this book will be a treasure for students and fans of twentieth-century Hollywood. Cloth edition previously published in 2000. *High Weirdness* Houghton Mifflin Harcourt
As the early church took shape in the mid-first

century a.d., a theological struggle of great consequence was joined between the apostle Paul and certain theologians who had intruded into the churches founded by the apostle in Galatia. Writing his letter to the Galatians in the midst of that struggle, Paul was concerned to find a way by which he could assert the radical newness of God's act in Christ while still affirming the positive relation of that act to the solemn promise God had made centuries earlier to Abraham. With the skill of

a seasoned scholar and teacher, J. Louis Martyn enables us to take imaginary seats in the Galatian churches so that we may hear Paul's words with the ears of the early Christians themselves. Listening in this manner, we begin to sense the dramatic intensity of the theological struggle, thus coming to understand the crucial distinctions between the theology of Paul and that of his opponents. We can therefore see why Galatians proved to be a momentous turning point

in early Christianity: In this letter Paul preached the decisive and liberating newness of Christ while avoiding both the distortions of anti-Judaism and his opponents' reduction of Christ to a mere episode in the epic of Israel's history. Like the Galatians of Paul's day, we can begin to hear what the apostle himself called "the truth of the gospel." As its predecessors in the Anchor Bible series have done Galatians successfully makes available all the significant historical and

linguistic knowledge which bears on the interpretation of this important New Testament book. A personal letter written by Paul in the mid-first century to friends in the churches emerging in the region of Galatia, where it was circulated, Galatians is down to earth and pragmatic. This biblical book requires the modern reader to take a seat in one of the Galatian congregations, to listen to Paul's letter with Galatian ears, and discern the contours of Paul's theology. That is exactly

what Dr. Martyn makes possible in his marvelous commentary, with its careful translation and creative interpretation of Galatians. Though relatively brief, Paul's letter is filled with complex theological and historical issues that demand a thorough treatment. Readers will not be disappointed in Dr. Martyn's sensitive handling of difficult passages, and all will be delighted to have a fresh translation that makes sense to our modern ears. All in all, this volume will

stand out as a shining example of top notch scholarship written for the general reader.

In this new scene-by-scene break-down of the 1979 film *Apocalypse Now*, contemporary culture critic John David Ebert frames the work in reference to an archaeology of the film's images. At the same time, Ebert connects this ancient history with "postmodern" contemporary critical theory, drawing upon

Lacan, Derrida, Gadamer, and Cornelius Castoriadis, unpacking and analyzing Francis Ford Coppola's classic, one of the most famous and wildly inventive works in cinema history. In 23 chapters, Ebert interprets the longer *Apocalypse Now Redux* version, delving deep into the film's complex layers of literary meaning and aesthetic significance. John David Ebert has authored ten previous books, including *Art After Metaphysics*, *Dead Celebrities Living Icons*, *The New Media*

Invasion, Post-Classic Cinema, and Gods & Heroes of the Media Age.

A national bestseller, this lushly illustrated book is an inclusive celebration of inspiring women who transformed the world and created social change. *Dead Feminists* is a gorgeously illustrated letterpress-inspired book showcasing feminist history with a vision for a better future. Based on the beloved letterpress poster series of the same name, this book brings feminist history to life,

profiling 27 unforgettable forebears of the modern women's movement such as Eleanor Roosevelt, Gwendolyn Brooks, Rachel Carson, and more. Across eras and industries, passions and geographies, this collection of diverse, progressive, and perseverant women faced what looked like insurmountable odds and yet, still, they persisted. *Dead Feminists*, which features a foreword by Jill Lepore, author of *The Secret History of Wonder Woman*, is an illuminating

and innovative reminder that women can be extraordinary agents of change. The future is female, but in many ways so is the past. *Dead Feminists* takes feminist inspiration to a new level of artistry and shows how ordinary and extraordinary women have made a difference throughout history (and how you can too). *Featured Feminists*: Adina De Zavala Alice Paul Annie Oakley Babe Zaharias Eleanor Roosevelt Elizabeth Cady Stanton Elizabeth

 Jesus Christ is arguably
 the most famous man
 who ever lived. His image
 adorns countless
 churches, icons, and
 paintings. He is the

subject of millions of
 statues, sculptures,
 devotional objects and
 works of art. Everyone
 can conjure an image of
 Jesus: usually as a
 handsome, white man
 with flowing locks and
 pristine linen robes. But
 what did Jesus really look
 like? Is our popular image
 of Jesus overly
 westernized and untrue to
 historical reality? This
 question continues to
 fascinate. Leading
 Christian Origins scholar
 Joan E. Taylor surveys the
 historical evidence, and
 the prevalent image of

Jesus in art and culture, to
 suggest an entirely
 different vision of this
 most famous of men. He
 may even have had short

"The Walking Dead" is
 both a hugely successful
 comics series and a
 popular TV show. This
 epic story of a zombie
 apocalypse is unique. It
 focuses on the long-term
 individual, social, and
 moral consequences of
 survival by small groups
 of humans in a world

overrun by infected zombies. Guns, chainsaws, and machetes are not enough for survival: humans also need agreement on rules of conduct. Can equality or fairness have any place in the post-apocalyptic world? Do theft or even assault and murder become okay under desperate circumstances? Who should be recognized as having political authority? What about eating human flesh? Should survivors have children?

'It may be the most lucid account of the strain of epic moviemaking that we'll ever get. At its center there's a great artist-hero caught in a trap - struggling to find the theme of the picture he's already shooting.' Pauline Kael, *New Yorker* In the Spring of 1976, Eleanor Coppola, her husband, Francis Ford Coppola, and their children left California for the Philippines, where *Apocalypse Now* was to be filmed. As the months

stretched into years, Eleanor Coppola's *Notes* became an extraordinary record not only of the making of a movie, but of the emotional and physical price exacted from all who participated in it.

[Dead Center](#) McFarland A classic work of American literature that has not stopped changing minds and lives since it burst onto the literary scene, *The Things They Carried* is a groundbreaking meditation on war, memory, imagination, and the

redemptive power of storytelling. *The Things They Carried* depicts the men of Alpha Company: Jimmy Cross, Henry Dobbins, Rat Kiley, Mitchell Sanders, Norman Bowker, Kiowa, and the character Tim O'Brien, who has survived his tour in Vietnam to become a father and writer at the age of forty-three. Taught everywhere—from high school classrooms to graduate seminars in creative writing—it has become required reading for any American and continues to challenge

readers in their perceptions of fact and fiction, war and peace, courage and fear and longing. *The Things They Carried* won France's prestigious Prix du Meilleur Livre Etranger and the Chicago Tribune Heartland Prize; it was also a finalist for the Pulitzer Prize and the National Book Critics Circle Award. *Christianity and Classical Culture* Princeton University Press
 WHEN YOU'RE IN THE DEATH BUSINESS, EACH DAWN COULD BE YOUR

LAST. Raw, straightforward, and powerful, Ed Kugler's account of his two years as a Marine scout-sniper in Vietnam vividly captures his experiences there--the good, the bad, and the ugly. After enlisting in the Marines at seventeen, then being wounded in Santo Domingo during the Dominican crisis, Kugler arrived in Vietnam in early 1966. As a new sniper with the 4th Marines, Kugler picked up bush skills while attached to 3d Force Recon Company,

and then joined the grunts. To take advantage of that experience, he formed the Rogues, a five-sniper team that hunted in the Co Bi-Tham Tan Valley for VC and NVA. His descriptions of long, tense waits, sudden deadly action, and NVA countersniper ambushes are fascinating. In *DEAD CENTER*, Kugler demonstrates the importance to a sniper of patience, marksmanship, bush skills, and guts-- while underscoring exactly what a country demands of its youth

when it sends them to war. Dead Feminists Robinson First published in 1979, *The Second Coming* is an experiment in the writing of popular history – a contribution to the history of the people who have no history and an exploration of some of the ideas, beliefs and ways of thinking of ordinary men and women in the late eighteenth and first half of the nineteenth centuries. Millenarianism is a conceptual tool with which to explore some aspects of popular

thought and culture. It is also seen as an ideology of social change and as a continuing tradition, traced from the end of the seventeenth century to the 1790s, and is shown to be embedded in folk culture. Abundant in rich and lively descriptions of such colourful characters as Richard Brothers, Joanna Southcott, John Wroe, Zion Ward and Sir William Courtenay, as well as studies of the Shakers, early Mormons and Millerites, the result is a window into the world of ordinary people in the Age

of Romanticism.
