Five sexy female vampires ride their Harleys down America's highways and into adventure and peril in VAMPS. Meet Howler, Screech, Whipsnake, Skeeter and Mink--five dangerously alluring female vampires thundering down America's highways on Harleys, drunk on freedom and high octane. After killing their male master, the Vamps set out on the open road in search of a new life. But Howler, their leader, is driven by a demon from her past...one that she must vanquish before she can truly enjoy the pleasures of an undead existence. Then, the Vamps go Hollywood as Mink tries to kickstart her movie career--but they soon run afoul of Screech's old flame, a movie mogul with a nasty secret. This new book collects both VAMPS #1-6 and the never-before collected VAMPS: HOLLYWOOD & VEIN #1-6, VAMPS: PUMPKIN TIME #1-3, along with never-before collected bonus material *Blue Bloods* Disney Electronic Content

Getting over Your Vampire Ex is as Easy as Killing Him and Stealing His Girlfriend Holly Liddell has been stuck with crimped hair since 1987 when she agreed to let her boyfriend, Elton, turn her into a vampire. But when he ditches her at a gas station a few decades into their eternity together, she realizes that being young forever actually means working graveyard shifts at Taco Bell, sleeping in seedy motels, and being supernaturally compelled to follow your ex from town to town—at least until Holly meets Elton's other exes. It seems that Holly isn't the only girl Elton seduced into this wretched existence. He turned Ida in 1921, then Rose in 1954, and he abandoned them both before Holly was even born. Now Rose and Ida want to kill him before he can trick another girl into eternal adolescence, and they'll need Holly's help to do it. And once Holly starts falling for Elton's vulnerable new conquest, Parker, she'll do anything to save her. To kill Elton for good, Holly and her friends will have to dig up their pasts, rob a bank, and reconcile with the people they've hurt in their search for eternal love. And to win the girl, Holly will have to convince Parker that she's more than just Elton's crazy ex—even though she is trying to kill him.

[The Twelve \(Book Two of The Passage Trilogy\)](#) Vintage Canada Readers who love vampire romances will be thrilled to devour Team Human by Justine Larbalestier and Sarah Rees Brennan. Team Human celebrates and parodies the Twilight books, as well as other classics in the paranormal romance genre. Mel is horrified when Francis Duvarney, arrogant, gorgeous, and

undead, starts at her high school. Mel's best friend, Cathy, immediately falls for the vampire. Cathy is determined to be with him forever, even if having him turn her could inadvertently make her a zombie. And Mel is equally determined to prove to her BFF that Francis is no good, braving the city's vampire district and kissing a cute boy raised by vampires as she searches evidence in this touching and comic novel.

After my mate rejected me, I wanted to kill him. Instead, I ran away—which nearly killed me... A year ago, everything was different. I had just left my home, joining the infamous Mountainside Pack. The daughter of an omega wolf, I've always been prized—but not as prized as I would be if my new packmates found out my secret. But when my fated mate—Mountainside's Alpha—rejected me in front of his whole pack council and my secret got out, I realized I had one choice. Going lone wolf was the only option I had, and I took it. Now I live in Muncie, hiding in plain sight. If the wolves ever left the mountains surrounding the city, I'd be in big trouble. Good thing that the truce between the vampires and my people is shaky at best and Muncie? It's total vamp territory. Thanks to my new vamp roomie, I get a pass, and I try to forget all about the call of the wolf. It's tough, though. I... I just can't forget my embarrassment—and my anger—from that night. And then he shows up and my chance at forgetting flies out the damn window. Ryker Wolfson. He was supposed to be my fated mate, but he chose his pack over our bond. At least, he did—but now that he knows what I've been hiding, he wants me back. But doesn't he remember? I told him I'll never be his mate, and there isn't a single thing he can do to change my mind. To Ryker, that sounds like a challenge. And if there's one thing I know about wolf shifters, it's that they can never resist a challenge. Just like I'm finding it more difficult than I should to resist him.

Gina and her boyfriend, both vampires working undercover for the government, are sent to investigate a group of humans who act like vampires and have been on a killing spree in Tampa, Florida. *Your Coffin Or Mine?* Macmillan

Take a both fun-filled and treacherous ride into the waters surrounding the peninsular city of Charleston, South Carolina with G.L. Giles's water vampires. Slake your thirst for different vampire species and subspecies at the same time! On dry land, you'll also experience a part of Charleston, South Carolina (set primarily in the 1980s)---from White Point Garden to The Battery to the surrounding marshes, complete with plough mud and fiddler crabs---atmospherically rich with the inherent tapestry of the Carolina Lowcountry and then embellished with a healthy dose of dark fantasy! With several species of vampires in the mix, conflicts naturally arise. Add to that, some of the various species of vampires, as well as some of the humans, also have potentially fatal run-ins with some of the specters and shape-shifters found in this young adult novella as well. More than just peppering the plotline are the mostly human protagonists, Robyn and Marion, who are like contemporary versions of Robin Hood and Maid Marian in many ways---that is, with Robyn being a female and Marion a male in Giles's mythology---and the 'young love' version to boot, as they're middle school kids. Yet, unlike other children their age, they have special 'gifts' and a lot of responsibility for those so young in years. You see, they have the distinct burden, squarely placed upon them, of being the only ones who can save their older counterparts from another place and time: Setiana and Vasario.

Devoured by Darkness Hachette UK

The first Chicagoland Vampires novel from New York Times bestselling author Chloe Neill. Sure, the life of a graduate student wasn't exactly glamorous, but it was Merit's. She was doing fine until a rogue vampire attacked her. But he only got a sip before he was scared away by another bloodsucker and this one decided the best way to save her life was to make her the walking undead. Turns out her savior was the master vampire of Cadogan House. Now she's traded sweating over her thesis for learning to

fit in at a Hyde Park mansion full of vamps loyal to Ethan Lord o the Manor Sullivan. Of course, as a tall, green-eyed, four-hundred-year-old vampire, he has centuries' worth of charm, but unfortunately he expects her gratitude—and servitude. But an inconvenient sunlight allergy and Ethan's attitude are the least of Merit's concerns. Someone's still out to get her. Her initiation into Chicago's nightlife may be the first skirmish in a war...and there will be blood.

There's more than one way to keep a vampire up all night. I swore I was over clingy men—I have enough to deal with taking care of my own damn self—so I decided to give up dating until the gene pool markedly improved. But then I happened to share a toe-curling kiss with a sexy Irish vampire (What? It was an accident! My lips fell on his!), and it became obvious the problem wasn't men—the problem was human men. Unfortunately, right after my revelation about gorgeous vampires and their excellent tongue game, my "future boyfriend" disappeared. Way to make me feel unwelcome! What's a girl to do? Join V-Date, the popular vampire dating site, obviously. How else was I supposed to find my Irish delight other than to let the vampire community know I was on the hunt for him? Yeah, yeah, okay, maybe not the best idea considering there was some sort of human recruiting going on, but hey, at least he can come to my rescue now...I hope. Praise for Juliet Lyons's paranormal romance *Dating the Undead*: "Quick, sharp wit that sinks its fangs into the reader and doesn't let go!"—MOLLY HARPER, acclaimed author of *Sweet Tea* and *Sympathy* and the *Half-Moon Hollow* series

Book 2 of the *The Vampire Hunters Trilogy* pits Drake Matthews against more than he could have ever imagined in his fight against vampires. Drake has fought and killed vampires, escaped their assassins and destroyed their covens. But when he learns of an artifact that promises to reveal their history, he quickly realizes that the war he has waged is much larger than anyone suspected and that those set to guard that history are far deadlier than anything he has ever faced. Running high with violence and passion, Drake and his crew are in a for a fight for their lives, and the odds are badly against them.

Team Human Zebra Books

Spanning eight decades and chronicling the wild ride of a Greek-American family through the vicissitudes of the twentieth century, Jeffrey Eugenides' witty, exuberant novel on one level tells a traditional story about three generations of a fantastic, absurd, lovable immigrant family -- blessed and cursed with generous doses of tragedy and high comedy. But there's a provocative twist. Cal, the narrator -- also Callie -- is a hermaphrodite. And the explanation for this takes us spooling back in time, through a breathtaking review of the twentieth century, to 1922, when the Turks sacked Smyrna and Callie's grandparents fled for their lives. Back to a tiny village in Asia Minor where two lovers, and one rare genetic mutation, set our narrator's life in motion. Middlesex is a grand, utterly original fable of crossed bloodlines, the intricacies of gender, and the deep, untidy promptings of desire. It's a brilliant exploration of divided people, divided families, divided

cities and nations -- the connected halves that make up ourselves and our world.

Night Unbound Penguin

THE INSTANT NEW YORK TIMES, USA TODAY, AND WALL STREET JOURNAL BESTSELLER From New York Times bestselling author Jay Kristoff comes *Empire of the Vampire*, the first illustrated volume of an astonishing new dark fantasy saga. From holy cup comes holy light; The faithful hand sets world aright. And in the Seven Martyrs' sight, Mere man shall end this endless night. It has been twenty-seven long years since the last sunrise. For nearly three decades, vampires have waged war against humanity; building their eternal empire even as they tear down our own. Now, only a few tiny sparks of light endure in a sea of darkness. Gabriel de León is a silversaint: a member of a holy brotherhood dedicated to defending realm and church from the creatures of the night. But even the Silver Order could not stem the tide once daylight failed us, and now, only Gabriel remains. Imprisoned by the very monsters he vowed to destroy, the last silversaint is forced to tell his story. A story of legendary battles and forbidden love, of faith lost and friendships won, of the Wars of the Blood and the Forever King and the quest for humanity's last remaining hope: The Holy Grail.

The Vamps Blackwyrn

In this USA Today-bestselling paranormal romance, a gifted warrior dreams of a mysterious man who may be her downfall. For centuries, Lisette d'Alençon has been a warrior against the dark. She fights alongside her brothers and comrades. But when the dreams start coming, she can't bear to confess them to the Immortal Guardians' command. Dreams of a dark-haired man with soft eyes and brutal wounds, a man her heart aches for—and a man she knows has been declared a traitor. Zach is an exile, a loner. He won't defend himself against false accusations or grovel to those who should have faith in him. But he'll damn sure defend the woman who kept him sane against a plague of super-vamps that seems to have appeared from nowhere. The Guardians will blame him, and that will make Lisette suspect, too. With life, death and eternity on the line, who can they really trust? They Thirst Vintage

Hugo and Shirley Jackson award-winning Peter Watts stands on the cutting edge of hard SF with his acclaimed novel, *Blindsight* Two months since the stars fell... Two months of silence, while a world held its breath. Now some half-derelect space probe, sparking fitfully past Neptune's orbit, hears a whisper from the edge of the solar system: a faint signal sweeping the cosmos like a lighthouse beam. Whatever's out there isn't talking to us. It's talking to some distant star, perhaps. Or perhaps to something closer, something en route. So who do you send to force introductions with unknown and unknowable alien intellect that doesn't wish to be met? You send a linguist with multiple personalities, her brain surgically partitioned into separate, sentient processing cores. You send a biologist so radically interfaced with machinery that he sees x-rays and tastes ultrasound. You send a pacifist warrior in the faint hope she won't be needed. You send a monster to command them all, an extinct hominid predator once called vampire, recalled from the grave with the voodoo of recombinant genetics and the blood of sociopaths. And you send a synthesist—an informational topologist with half his mind gone—as an interface between here and there. Pray they can be trusted with the fate of a world. They may be more alien than the thing they've been sent to find. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.
