ARROYO BRONSON

The Pussy Detective Harper Collins

"Cleverly blending the real and imagined worlds until the reader can't differentiate the two, Knox has created a twisty, turny thriller that cuts through the heart of the modern true crime fascination, all while keeping us enraptured by it."—BuzzFeed
THE #1 INTERNATIONAL BESTSELLER! For fans of true crime documentaries and *Only Murders in the Building* comes the chilling

story of a university student's sudden disappearance, the woman who became obsessed with her case, and the crime writer who uncovered the truth about what happened... What happens to all the girls who go missing? In 2011, Zoe Nolan walked out of her dormitory in Manchester and was never seen or heard from again. Her case went cold. Her story was sad, certainly, but hardly sensational, crime writer Joseph Knox thought. He wouldn't have given her any more thought were it not for his friend, Evelyn Mitchell. Another writer struggling to come up with a new

idea, Evelyn was wondering just what happens to all the girls who go missing. What happens to the Zoe Nolans of the world? Evelyn began investigating herself, interviewing Zoe's family and friends, and emailing Joseph with chapters of the book she was writing with her findings. Uneasy with the corkscrew twists and turns, Joseph Knox embedded himself in the case, ultimately discovering a truth more tragic and shocking than he could have possibly imagined... Just remember: Everything you read is fiction. Praise for True Crime Story: "Stunningly unique...For

fans of stories with a little something extra, this book is set up like an oral history, complete with emails, newspaper clippings and photos that propel the story all the way to a shocking and satisfying conclusion." —Newsweek "Mr. Knox is a fantastic writer. His ambitious fourth novel satirises and celebrates the true-crime genre with glee. True Crime Story, by turns horrific and hilarious, is scandalously entertaining." —The Times (UK) "The gifted Joseph Knox continues his upwards trajectory with True Crime Story forging something original and innovative." —Financial Times (UK) "This is one of the most engaging cold-case novels I have read." —Literary Review (UK)

The Insidious Dr. Fu-Manchu (★★★★★★)

Financial Times/Prentice Hall

A medical thriller from Pulitzer

Prize-winning author James B. Stewart about serial killer doctor Michael Swango and the medical community that chose to turn a blind eye on his criminal activities. No one could believe that the handsome young doctor might be a serial killer. Wherever he was hired—in Ohio, Illinois, New York, South Dakota—Michael Swango at first seemed the model physician. Then

his patients began dying under suspicious circumstances. At once a gripping read and a hard-hitting look at the inner workings of the American medical system, *Blind Eye* describes a professional hierarchy where doctors repeatedly accept the word of fellow physicians over that of nurses, hospital employees, and patients—even as horrible truths begin to emerge. With the prodigious investigative reporting that has defined his Pulitzer Prize-winning career, James B. Stewart has tracked down survivors, relatives of victims, and shaken coworkers to unearth the evidence that may finally lead to Swango's conviction. Combining meticulous research with spellbinding prose, Stewart has written a shocking chronicle of a psychopathic doctor and of the medical establishment that chose to turn a blind eye on his criminal activities. *Dr. No* Vintage Crime/Black Lizard Now a major motion picture starring Kate Winslet and Idris Elba. An atmospheric, suspenseful and gripping story of two people finding love while fighting to survive. When a blizzard strands them in Salt Lake City, two strangers agree to charter a plane together, hoping to return

home; Ben Payne is a gifted surgeon returning from a conference, and Ashley Knox, a magazine writer, is en route to her wedding. But when unthinkable tragedy strikes, the pair find themselves stranded in Utah's most remote wilderness in the dead of winter, badly injured and miles from civilization. Without food or shelter, and only Ben's mountain climbing gear to protect themselves, Ashley and Ben's chances for survival look bleak, but their reliance on each other sparks an immediate connection, which soon evolves into something more. Days in the mountains become weeks, as their hope for rescue dwindles. How will they make it out of the wilderness and if they do, how will this experience change them forever? Heart-wrenching and unputdownable, *The Mountain Between Us* will reaffirm your belief in the power of love to sustain us. [True Crime Story](#) Vintage Crime/Black Lizard From the author of *Red Cat* and *Thick as Thieves*: a gripping new thriller about a medical doctor with a powerful humanitarian impulse, an unhealthy appetite for risk, and a knack for finding himself between a rock and a hard place.

Adam Knox comes from a long line of patrician Connecticut doctors—a line he broke to serve with an NGO in the war-torn Central African Republic. His attempt to protect his patients there from a brutal militia ended in disaster and disgrace, and now he runs a clinic near Los Angeles's Skid Row, making ends meet by making house calls—cash only, no questions asked—on those too famous or too criminal to seek other medical care. When a young boy is abandoned at his clinic, Knox is determined to find the boy's family and save him from the not-so-tender mercies of the child welfare bureaucracy. But Knox's search for the volatile woman who may or may not be the boy's mother leads him and his friend, a former Special Forces operator, into a labyrinth of human traffickers, Russian mobsters, and corporate security thugs; and squarely into the sights of a powerful, secretive, and utterly ruthless family that threatens to destroy Dr. Knox and everything—and everyone—he holds dear. From the Hardcover edition.

Jocks for Sale -- Part 10: Dangerous Games (Straight to Gay Slave Domination story)
Oxford University Press

No one would ever make the connection between the deaths: a young, attractive female nurse left brutally stabbed and floating in her bathtub and a prominent, older physician who drowns after tumbling from his deer stand. However, in this first novel, Mississippi physician Darden North masterfully weaves a fabric of secret self-indulgences, reverse discrimination, diverse sexual interests, and murder then drapes it across a fictional southern community. Lurking on the periphery, indirectly touching nearly every colourful character in this medical thriller, is a demonic killer whose victims share the wounds of a twisted psyche. To parallel the bumbling police investigation of the nurse's slaughter is the spreading poison of corporate financial greed that defiles the very core of decency. The unique qualities of this murder mystery lie in its gripping realism wrapped in intense personal tragedy, all crafted by a busy obstetrician-gynaecologist who delivers babies. "House Call" appeals to men and women readers

Dr. Mitchell Simon and Schuster

New boys are on their way to the island. A young soldier who picked up the wrong woman during his twenty-four hour leave. A high school quarterback who got caught making a steroid buy. Two more pieces of livestock for the Boss to break, use, and sell. But while he's playing with his fresh catches, the Boss had better watch his back. Because his new trainer is up to something. Cody's been watching and learning. And now he's ready to make his move. Cody's got a plan, and he's got an ally. But there are things about the Boss and his operation that Cody still doesn't know. Secrets that he'll need to uncover if

he's going to have any chance of taking down the man who made him a slave. There might be a way for Cody to get the time and the information that he needs to pull this off. But the price will be steep. And he'll be paying it in a way that he never expected. • Straight to gay slave MM sex story with domination and revenge •

We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

House Call HarperChristian + ORM

Vividly illustrated, *The Doctor Dissected* examines the the sensational serial killings--known as the Anatomy Murders--that roiled Scotland in the early nineteenth century and considers their checkered afterlife in novels, plays, and films.

The Doctor Dissected Graywolf Press
Amanda Knox spent four years in a foreign prison for a crime she did not commit, as seen in the Nexflix documentary *Amanda Knox*. In the fall of 2007, the 20-year-old college coed left Seattle to study abroad in Italy, but her life was shattered when her roommate was murdered in their apartment. After a controversial trial, Amanda was convicted and imprisoned. But in 2011, an appeals court overturned the decision and vacated the murder charge. Free at last, she returned home to

the U.S., where she has remained silent, until now. Filled with details first recorded in the journals Knox kept while in Italy, *Waiting to Be Heard* is a remarkable story of innocence, resilience, and courage, and of one young woman's hard-fought battle to overcome injustice and win the freedom she deserved. With intelligence, grace, and candor, Amanda Knox tells the full story of her harrowing ordeal in Italy—a labyrinthine nightmare of crime and punishment, innocence and vindication—and of the unwavering support of family and friends who tirelessly worked to help her win her freedom. *Waiting to Be Heard* includes 24 pages of color photographs.

Dr. Knox Delacorte Press

Welcome to Bryson City, a small town tucked away in a fold of North Carolina's Smoky Mountains. The scenery is breathtaking, the home cooking can't be beat, the Maroon Devils football team is the pride of the town, and you won't find better steelhead fishing anywhere. But the best part is the people you're about to meet in the pages of *Bryson City Seasons*. In this joyous sequel to his bestselling *Bryson City Tales*, Dr. Walt Larimore

whisks you along on a journey through the seasons of a Bryson City year. On the way, you'll encounter crusty mountain men, warmhearted townspeople, peppery medical personalities, and the hallmarks of a simpler, more wholesome way of life. Culled from the author's experiences as a young doctor settling into rural medical practice, these captivating stories are a celebration of this richly textured miracle called life. "The whole book is delightful. My only criticism: there wasn't enough of it!" Margaret Brand, MD, co-laborer with Dr. Paul Brand in leprosy work in India

Dr. Knox Penguin

A new thriller that takes us inside a hair-raising heist, where paranoia hangs as heavy as the tropical heat, and the only law is Murphy's. Carr—ex-CIA—is the reluctant leader of an elite crew planning a robbery of such extraordinary proportions that it will leave them all set for life. Diamonds, money-laundering, and extortion go into a timed-to-the-minute scheme that unfurls across South America, Miami, and Grand Cayman Island. Carr's cohorts are seasoned pros, but they're wound drum-tight: months before, the man who brought them together was

killed in what Carr suspects was a setup. And there are other loose ends. Some of the intel they're paying for is badly inaccurate, and one of the gang—lately, Carr's lover—may have an agenda of her own. Carr finds himself "working the paranoid calculus . . . mapping the shifting landscape of who-owes-who and who-owns-who, of loyalty, grudge, and pressure"—but his biggest problems are yet to come: few of his crew are what they seem to be, and even his own past will turn out to be built on a lie. Terrifically suspenseful and psychologically complex, *Thick as Thieves* is a rare, penetrating look into the sophisticated machinations of an unparalleled crime, and Peter Spiegelman's most accomplished and galvanizing novel yet.

The Return of Dr. Fu-Manchu

Entangled: Brazen
WINNER OF THE 2023 PEN/JEAN STEIN BOOK AWARD A sly, madcap novel about supervillains and nothing, really, from an American novelist whose star keeps rising. The protagonist of Percival Everett's puckish new novel is a brilliant professor of mathematics who goes by Wala Kitu. (Wala, he explains, means "nothing" in

Tagalog, and Kitu is Swahili for "nothing.") He is an expert on nothing. That is to say, he is an expert, and his area of study is nothing, and he does nothing about it. This makes him the perfect partner for the aspiring villain John Sill, who wants to break into Fort Knox to steal, well, not gold bars but a shoebox containing nothing. Once he controls nothing he'll proceed with a dastardly plan to turn a Massachusetts town into nothing. Or so he thinks. With the help of the brainy and brainwashed astrophysicist-turned-henchwoman Eigen Vector, our professor tries to foil the villain while remaining in his employ. In the process, Wala Kitu learns that Sill's desire to become a literal Bond villain originated in some real all-American villainy related to the murder of Martin Luther King Jr. As Sill says, "Professor, think of it this way. This country has never given anything to us and it never will. We have given everything to it. I think it's time we gave nothing back." Dr. No is a caper with teeth, a wildly mischievous novel from one of our most inventive, provocative, and productive writers. That it is about nothing isn't to say that it's not about anything. In

fact, it's about villains. Bond villains. And that's not nothing.

Friends Clash Books

Captivating stories of how a young doctor's first year of medical practice in the Smoky Mountains shaped his practice of life and faith. The little mountain hamlet of Bryson City, North Carolina, offers more than dazzling vistas. For Walt Larimore, a young "flatlander" physician setting up his first practice, the town presents its peculiar challenges as well. With the winsomeness of a James Herriott book, *Bryson City Tales* sweeps you into a world of colorful characters, the texture of Smoky Mountain life, and the warmth, humor, quirks, and struggles of a small country town. It's a world where the family doctor is also the emergency physician, the coroner, and the obstetrician, and where wilderness medicine is part of the job, search-and-rescue calls in the national forest are a way of life, and the next patient just may be somebody's livestock or pet. *Bryson City Tales* is the tender and insightful chronicle of a young man's rite of passage from medical student to family physician. Laughter and adventure await you in these pages, and lessons learned

from Bryson City's unforgettable residents.

Thick as Thieves IndyPublish.com

A surreal Blacksploitation joint for the 21st Century. An Occult, Erotic Mystery bout Reverend Daddy Hoodoo helping his Wommin find their Lost-R-Missing Pussies with the help of the extraordinary Madam X. Featuring heartless gangsters, Vodoo sex Magick, and a young Wommin in distress by the name of Abysinnia who is in desperate need of the services of Daddy Hoodoo. This tale leads from Between the Sheets to the Streets to the Boardroom Suites--and Beyond.

Bryson City Seasons Hachette UK

The Monster of Perugia - The Framing of Amanda Knox, is a work of literary non-fiction that is unlike any other book about the events surrounding the murder of Meredith Kercher. By framing his narrative in terms of powerful analogies from history and literature, Dr. Waterbury illuminates the dark recesses of a gross miscarriage of justice. This is not only an informative book, it is a "wonderful, good read" in the words of one reviewer. Douglas Preston, bestselling author of *The Monster of Florence* and numerous other books wrote: "The Monster of Perugia is a fascinating

book... I highly recommend this well-written, clear, gripping, and ultimately infuriating book." *The Monster of Perugia* demolishes the forensic evidence put forth by the prosecution, but this book is not just about forensics. Amanda and Raffaele were wrongfully convicted, but *Monster of Perugia* doesn't just prove their innocence. It reaches behind the facade of justice slowly taking its course to lay bare the baseless demonization, the incompetent framing, and the unconscionable incarceration of Amanda Knox by corrupt and incompetent powers within the justice system of the small city of Perugia, Italy. "By the end, Waterbury makes us understand what it's like to be an entirely innocent victim of a corrupt system. He tells us the truth and calls us to action." Thomas Lee Wright, author.

Drive Me Crazy Forgotten Books

Until 1832, when an Act of Parliament began to regulate the use of bodies for anatomy in Britain, public dissection was regularly and legally carried out on the bodies of murderers, and a shortage of cadavers gave rise to the infamous murders committed by Burke and Hare to supply dissection subjects to Dr. Robert

Knox, the anatomist. This book tells the scandalous story of how medical men obtained the corpses upon which they worked before the use of human remains was regulated. Helen MacDonald looks particularly at the activities of British surgeons in nineteenth-century Van Diemens Land, a penal colony in which a ready supply of bodies was available. Not only convicted murderers, but also Aborigines and the unfortunate poor who died in hospitals were routinely turned over to the surgeons. This sensitive but searing account shows how abuses happen even within the conventions adopted by civilized societies. It reveals how, from Burke and Hare to today's televised dissections by German anatomist Dr. Gunther von Hagens, some people's bodies become other people's entertainment.

Fox in Socks Zondervan

"Peter Spiegelman's *Dr. Knox* is a bruised wonder of a crime novel. Filled with page-turning intrigue and an L.A. atmosphere so richly rendered you can practically smell the 'eucalyptus and dust,' it is both thrilling and rueful, harrowing and moving.

DON'T MISS IT" —Megan Abbott, award-winning author of *The Fever* From the author of *Red Cat* and *Thick as Thieves*: a gripping new thriller about a medical doctor with a powerful humanitarian impulse, an unhealthy appetite for risk, and a knack for finding himself between a rock and a hard place. Adam Knox comes from a long line of patrician Connecticut doctors—a line he broke to serve with an NGO in the war-torn Central African Republic. His attempt to protect his patients there from a brutal militia ended in disaster and disgrace, and now he runs a clinic near Los Angeles's Skid Row, making ends meet by making house calls—cash only, no questions asked—on those too famous or too criminal to seek other medical care. When a young boy is abandoned at his clinic, Knox is determined to find the boy's family and save him from the not-so-tender mercies of the child welfare bureaucracy. But Knox's search for the volatile woman who may or may not be the boy's mother leads him and his friend, a former Special Forces operator, into a labyrinth of human traffickers, Russian mobsters, and corporate security thugs; and squarely

into the sights of a powerful, secretive, and utterly ruthless family that threatens to destroy Dr. Knox and everything—and everyone—he holds dear.

Waiting to Be Heard Philomel Books

The #1 New York Times bestselling third installment in the *All Souls* series, from the author of *The Discovery of Witches* and *The Black Bird Oracle*. Look for the hit series "*A Discovery of Witches*," now streaming on AMC+, Sundance Now, and Shudder! Bringing the magic and suspense of the *All Souls* Trilogy to a deeply satisfying conclusion, this highly anticipated finale went straight to #1 on the New York Times bestseller list. In *The Book of Life*, Diana and Matthew time-travel back from Elizabethan London to make a dramatic return to the present—facing new crises and old enemies. At Matthew's ancestral home, Sept-Tours, they reunite with the beloved cast of characters from *A Discovery of Witches*—with one significant exception. But the real threat to their future has yet to be revealed, and when it is, the search for Ashmole 782 and its missing pages takes on even more urgency.
